INLAND POST.

ADDRESSES.

Every letter, postcard, packet or parcel should be clearly addressed. First, the name of the person should be written, then his profession, then the place where he lives, and then the post-town, thus :—

A.B.,
Collector,
Poona.

Sevalik, son of Jaganath,
Teacher,
Village———,
Ramanagar post office.

If the post-town is a very small one or if there are other post-towns of the same name, the name of the district must be added in *brackets*, but if the name of the district is the same as that of the post-town, the name of the province should be added instead of the name of the district. The sender of the postal article should write his name and address on the lower left-hand side of the envelope or cover. When this is done, the Post Office will be able to return the article to the sender without opening it, and, in some cases without any delay, if the person to whom it is addressed cannot be found or refuses to receive it.

CERTIFICATES OF POSTING.

A certificate of posting may be obtained in respect of any postal article for which a receipt is not granted by the Post Office. The certificate may be written on a slip of paper or in a book and should be presented at the post office with the articles to be posted. It should contain an exact copy of the addresses on the article to which it relates and should have a postage stamp, or stamps, affixed to it in payment of the prescribed fee which will be charged as follows:—(1) In the case of unregistered parcels (ordinary or value-payable) and value-payable unregistered book packets— $\frac{1}{2}$ anna for every six articles of either or both of these classes or for any less number. (2) In the case of unregistered letters, postcards, book packets (including registered newspapers), and pattern packets— $\frac{1}{2}$ anna for every three articles of any of these classes, or for any less number. A separate certificate must be presented for each of the two classes of articles (1) and (2), headed with the words "Certificate of posting for parcels" or "Certificate of posting for letters", as the case may be. The post office will detach the postage stamp or stamps, impress the date stamp on the certificate and return it to the person who presented it.

POSTCARDS.

Cards of private manufacture may be sent as postcards, provided (1) that they are not larger than $5\frac{1}{4} \times 3\frac{1}{4}$ inches, or smaller than $4\frac{1}{4} \times 3$ inches, and (2) that they are neither thinner nor more flexible than the inland postcards issued by the Post Office.

Nothing may be written, printed, or otherwise impressed on the address-side of a postcard except (a) the heading "Postcard" or "Reply Postcard", (b) the name and address of the addressee, (c) the name and address of the sender and (d) the date (but not the hour) of posting. In the case of postcards of private manufacture, however, the address-side may also be used for communications, advertisements, engravings, etc., provided that a space not less than half the address-side, marked off vertically, is set apart on the right-hand side, *solely* for the address of the addressee, the postage stamp and the official marks of the Post Office.

Subject to the following exceptions, nothing may be affixed or attached to a postcard :—

Exception 1.—To any postcard there may be affixed—

- (a) on either side, an address-label bearing the name and address of the sender, and not exceeding in size 2 inches in length by $\frac{1}{2}$ of an inch in width; provided that when the label is affixed to the address-side of a postcard of private manufacture, the conditions laid down in the proviso contained in the last sentence of the preceding paragraph are fulfilled;
- (b) on the address-side, postage stamps in prepayment of postage and the registration fee (if any), and an address-label bearing the name and address of the addressee, and not exceeding the size mentioned above;

(c) on the other side, (i) adhesive stamps used to denote the duty payable in respect of receipts; and (ii) engravings, illustrations, drawings or photographs on very thin paper, and completely adherent to the card.

Exception 2.—To postcards of *private manufacture*, articles of the nature specified in exception 1 (c) (ii) may be affixed on the address-side, on the conditions laid down in the proviso contained in the last sentence of the preceding paragraph.

NOTE.—The sender of a *reply postcard* may affix to the address-side of the reply half an address-label bearing his name and address and not exceeding in size 2 inches in length by $\frac{1}{4}$ of an inch in width. A second postcard may not be attached to a single postcard as a substitute for a reply-half.

A postcard may not be folded, cut or otherwise altered, except that the impressed postage stamp (if any) may be perforated with initials.

A postcard which infringes any of the prescribed conditions is treated as a letter and charged accordingly.

BOOK AND PATTERN PACKETS.

A book packet may contain books, newspapers, engravings, photographs, drawings, plans, maps, printed music and proof sheets, and generally anything printed, engraved, lithographed or paperographed. It may also contain blank paper, parchment or card-board; manuscript papers, such as deeds, bills-of-lading, invoices, accounts, and manuscript for the press; and old letters which have already once passed through the post and served their original purpose. No personal communication can be sent in a book packet except manuscript for the press.

A pattern packet may contain *bond file* trade patterns or samples of merchandise which have no saleable value. It may also contain together with such patterns or samples, anything which is allowed to be sent by book post.

There is no limit as to the weight of a book packet, but the weight of a pattern packet must not exceed 80 tolas.

The size of a book or pattern packet must not be more than 2 feet in length, 1 foot in width, and 1 foot in depth.

A book or pattern packet must be posted either without a cover, or with a cover open at both ends, or in an unfastened envelope or other cover which can be easily removed for an examination of the contents.

A book or pattern packet which infringes any of the prescribed conditions is charged on delivery with letter or parcel postage, whichever may be less.

NEWSPAPERS.

Newspapers of all kinds may be sent by post at the rates for, and under the condition relating to, book packets, but the cheap rates of postage for newspapers are available only for newspapers which have been registered as such in the office of the Postmaster-General, and are posted under the special conditions prescribed for newspapers of that kind. The definition of "newspaper", and the conditions under which such newspapers may be posted at the special rates of postage, will be found in Section II of the *Indian Postal Guide*.

REGISTRATION.

Letters, postcards, book and pattern packets, and parcels may be registered.

The prepayment of the postage and registration fee is compulsory in the case of all registered articles, and must be made by means of postage stamps affixed to the articles.

Articles intended for registration must be presented at the window of the post office. The post office will give a receipt for each article registered.

Registration is compulsory in the case of (a) a postal article containing currency notes, (b) an article which is seen or known to contain postage or other stamps, or a cheque, hundi, bank note or the like, (c) an article bearing the word "registered" or

any other word, phrase, or mark to the like effect, and (d) a registered article which is re-posted after having been delivered. If this rule is infringed, a double registration fee is charged on the delivery of the article.

Registration makes the transmission of an article more secure; but the Post Office is not responsible for the loss of a registered article, or for any injury which its contents may sustain during its transmission through the post, unless the article is also insured. Compensation up to R25 may, however, be granted by the Director-General of the Post Office solely as an act of grace, for the loss of an uninsured registered letter, packet or parcel, or its contents, or for any damage caused to it in the post, subject to the conditions laid down in Section II of the *Indian Postal Guide*.

ADDRESSEES' ACKNOWLEDGMENTS.

The sender of a registered article can obtain an acknowledgment of delivery signed by the addressee by paying a fee of one anna, in addition to the postage and registration fee, at the time of posting the article. The fee for a special acknowledgment must be paid by means of postage stamps affixed to the article.

INSURANCE.

Registered letters and registered parcels may be insured up to the value of R500 in branch offices authorised to insure articles, and up to the value of R2,000 in all other authorised post offices.

All the charges (*i.e.*, postage, registration fee, and insurance fee) on an insured article must be paid in full, by means of postage stamps affixed to it, before it can be insured.

Articles intended for insurance must be packed and sealed in the manner described in Section II of the *Indian Postal Guide*. The cloth-lined registration envelopes sold at all post offices are recommended to be used for insured letters.

The minimum size for an insured parcel is 12 cubic inches.

Articles for insurance must be presented at the post office window with the amount for which the sender wishes it to be insured clearly written, in words and figures, on the cover. The name and address of the sender must also be written on the cover in the lower left-hand corner, or on a separate slip of paper, to be presented with the article, should there be no room for his name and address on the cover.

A receipt will be given by the post office for each article insured and the sender will receive, free of charge, an acknowledgment signed by the person to whom the article is delivered.

Insurance is compulsory in the case of coin, bullion, precious stones, jewellery, and articles of gold and silver. If this rule is infringed, the article is liable to be returned to the sender, or to be forwarded to the addressee charged with an additional fee of one rupee.

The conditions under which compensation is payable for an insured article, in the event of loss or damage, will be found in Section II of the *Indian Postal Guide*.

VALUE-PAYABLE POST.

Registered and unregistered parcels, registered letters, registered book packets, newspapers prepaid at newspaper rates of postage, and fully prepaid unregistered book packets may be sent value-payable, provided that the amount specified for remittance to the sender on any such article is not more than R1,000, and that it does not contain a fraction of an anna, and provided that such articles do not contain coupons, tickets, certificates or introductions designed for the sale of goods on what is known as the "snowball" system.

Any of these postal articles, with the exceptions noted below, may be sent value-payable to Ceylon, Portuguese India, and the Somaliland Protectorate, provided that the amount specified for remittance to the sender on any such article does not exceed R600.

Exceptions:—

Ceylon—Unregistered parcels.

Portuguese India and the Somaliland Protectorate—Unregistered parcels, unregistered book packets, and newspapers prepaid at the newspaper rates of postage.

Articles intended to be sent by the value-payable post must be presented at the post office window with the prescribed form (which can be obtained *free* at the post office) filled up. The sender must sign the declaration in the form that the article is sent in execution of a *bond fide* order received by him. At any post office notified from time to time in this behalf by the Director-General of the Post Office, the sender will, in addition, be required to declare that the article is one the transmission of which by post as a value-payable postal article is permitted. No postal article as aforesaid will be accepted at these offices without such further declaration.

If the value-payable article is sent unregistered, the sender must pay a fee, calculated according to the schedule of value-payable money order fees, on the amount specified for remittance to the sender by affixing postage stamps of the value of the fee to the form presented with the article, in the space provided for this purpose.

A receipt will be given by the post office to the sender of a value-payable registered article.

The amount to be recovered from the addressee will be the sum specified by the sender for remittance to himself *plus*, in the case of registered parcels, registered letters, and registered book packets, a fee calculated according to the schedule of value-payable money order fees on the amount specified for remittance to the sender. When the amount is recovered from the addressee, the sum for payment to the sender will be remitted to him by money order.

Railway or steamer receipt-notes for goods conveyed within the limits of British India may be sent open by post as value-payable articles subject to the rates relating to registered value-payable articles and to certain further conditions which will be found in Section II of the *Indian Postal Guide*.

MONEY ORDERS.

ORDINARY MONEY ORDER.

The amount of a single money order must not be more than Rs600, and must not include any sum less than an anna.

A person wishing to have a money order issued must fill in all the necessary particulars in a money order form (which can be obtained *free*, at the post office), and present it with the money and commission at the post office during the hours for money order work.

A receipt will be given by the post office for the amount paid in on account of each money order, and the remitter will receive, free of charge, an acknowledgment signed by the person to whom the money order was paid.

TELEGRAPHIC MONEY ORDER.

The amount of a single telegraphic money order must not be more than Rs600, and must not include any sum less than a rupee. If the amount is more than Rs150, the telegraphic money order must be for a sum which is a multiple of Rs10.

A telegraphic money order is obtained in the same way as an ordinary money order, but the remitter must write across the money order form the words "By telegraph urgent" or "By telegraph deferred" according as to whether he wishes the telegram advising the remittance to be signalled as an urgent, or as a deferred, message. The number of words to be signalled on account of the remitter's name and the payee's name and address, must not exceed six, the calculation being made according to the rules of the Government Telegraph Department.

A receipt will be given by the post office to the remitter of a telegraphic money order for the total amount paid by him. The remitter will also receive, through the post, free of charge, an acknowledgment signed by the person to whom the remittance was paid.

SAVINGS BANKS.

Any person may open an account in the Post Office Savings Bank in his own name, or on behalf of minors related to him or of whom he is the guardian.

Money can be deposited either at call or subject to six months' notice of withdrawal; but no sum less than four annas, and no sum which includes a fraction of an anna can be received. Not more than Rs.1,200 may be deposited in each official year (1st April to 31st March) of which not more than Rs.200 may remain at call or subject to 6 months' notice of withdrawal, the excess above Rs.200 being invested in Government securities. 21.

Refusal of articles.

The addressee of an article is not bound to pay the amount due on it to the Post Office if he forthwith returns it to the postman unopened. In this case he should write the word "Refused" across the cover.

22.

Acceptance of articles.

When a person takes delivery of an article on which any sum is due to the Post Office, he must pay the amount marked upon it. Any complaint of overcharge should be made to the postmaster of the office of delivery, to whom the article should be taken before being opened.

23.

Remedy of Post Office for recovery of charges due.

If a person, after taking delivery of an article on which any postage or other sum or customs duty is payable, refuses to pay the amount marked as due, it will be recovered from him in the same way as a fine imposed under the Post Office Act, and the Post Office has further the power of withholding from him, until such charge be paid or recovered, any article addressed to him not being on His Majesty's Service.

24.

Articles maliciously sent unpaid.

If the Postmaster-General is satisfied that any article has been maliciously sent for the purpose of annoying the person to whom it is addressed, he may remit the amount of postage charged upon it.

Articles, however, on which postage is due will not be delivered unless the postage be first paid. (*But see clause 30.*)

27.

Delivery tickets.

(1) Except at the three Presidency towns of Calcutta, Bombay, and Madras, and at Rangoon, any person residing within the ordinary delivery beat of the postmen can have all letters and other postal articles received to his address delivered to him regularly, during business hours, at the window of a Post Office, free of any charge on this account, provided that the articles are taken over loose and that the addressee makes a written application to the Post Office asking that his letters and other articles may be retained in the Post Office till called for, instead of being sent out in the ordinary course by the postmen.

(2) Any person residing within the ordinary delivery beat of the postmen may also, on application, obtain delivery, during business hours, from the window of a Post Office, in a locked bag, of all fully prepaid unregistered letters, postcards, newspapers, and packets that may be received to his address, provided that the bag is furnished with a lock and duplicate keys and provided that an annual fee of rupees twelve is paid to the Post Office in advance for the service. In such a case the bag (with a lock and duplicate keys) must be provided by the applicant at his own expense, and a delivery ticket will be issued to him by the Post Office which will entitle him to a window delivery of this kind at any Post Office. The ticket will also entitle the holder to use his bag for the conveyance to the Post Office of articles to be posted. The ticket will be personal to

the holder, that is to say, it will not be transferable from one holder to another; and it will remain in force for one year from the date of issue, but may at the expiration of that period be renewed for another year on payment of a further fee of rupees twelve in advance. No refunds will be allowed.

NOTE 1.—The special conditions under which a person may obtain delivery of articles to his address from the window of the post office in the three Presidency towns of Calcutta, Bombay, and Madras and in Bangalore may be ascertained, on application, from the postmasters.

NOTE 2.—Registered and insured articles will be delivered to messengers and money orders paid to them only on the conditions laid down in clause 29. Value-payable articles will be delivered only in accordance with the provisions of clause 137.

28.

Delivery of unregistered articles to messengers.

Any person residing outside the ordinary delivery beat of the postmen who sends his own messenger regularly to the post office to take delivery of correspondence received to his address or to the address of members of his family can have his letters and other unregistered articles delivered to the messengers, who must pay the postage due on the unpaid articles, unless the addressee deposits money in advance to pay the postage, in which case an account will be kept with him and adjusted at regular intervals.

29.

Delivery of registered articles, etc., to messengers.

(1) If the addressee specially authorises the postmaster to do so in writing (in the following form), the postmaster will also deliver to the messenger all registered and insured articles and pay him the value of all money orders (*see* clause 265) which may arrive for the addressee or his family; provided that no value-payable articles will be delivered otherwise than as prescribed in the rule for the delivery of such articles:—

“I authorise the postmaster of — to deliver registered and insured articles and parcels, and pay money orders to my messenger named —, and on the postmaster delivering such articles and paying such money orders to the messenger, and obtaining the latter's receipt, I free the Post Office from all responsibility in respect of such articles and money orders.”

(2) If the addressee does not authorise his messenger to sign on his behalf, the receipts for registered and insured articles and a notice in the case of money orders (*see* clause 266) will be handed to the messenger for delivery to the addressee. When the receipts are returned to the post office duly signed, and the notice endorsed with a receipt of payment, the article and the amount of the money orders will be made over to the messenger.

(3) It is not necessary that the authority granted to the postmaster should apply to all classes of articles: it may be restricted to uninsured registered articles, in which case insured articles will be delivered, and money orders paid, only on the return of the receipts and notice signed by the addressee.

(4) The Post Office will provide, at the addressee's expense, a bag furnished with a lock, in which all articles and cash or receipts to be conveyed by the messenger will be placed by the post office together with a memo. of the contents. One key of the bag will be kept by the postmaster and the other by the addressee. The same bag may be used for the conveyance by the messenger to the post office of articles to be posted.

30.

Accounts with planters, etc

In the case of planters and others living at a distance from the post office, regiment, officials, and mercantile firms, who are in the habit of receiving unpaid correspondence, the post office will arrange, if desired, for the delivery of articles to their messengers or orderlies or at their offices, without requiring a daily settlement of its claim for the postage due on their unpaid articles, provided that a sufficient sum to pay the postage is deposited in advance by the addressees. In such cases the post office will keep an account with each addressee adjusting the account at regular intervals and giving the addressee due notice when the amount deposited by him in advance to cover postage is nearly expended.

TREATMENT OF UNDELIVERED ARTICLES.

31. **Unclaimed articles.** Unclaimed articles include all articles which cannot be delivered because the person to whom they are addressed cannot be found, or because the addressee are so illegible or imperfect that the place of destination cannot be ascertained.
32. **Period of detention.** Unclaimed articles which cannot be delivered, because the person to whom they are addressed cannot be found, are ordinarily kept for three weeks, either in the post office to which they are addressed or at the head office in the jurisdiction of which the office of destination is situated.
33. **Disposal of unclaimed articles.** (1) Unclaimed articles are at the end of the three weeks forwarded direct to the Dead Letter Office, where further endeavours are made to find the addressee. If the addressee cannot be found, those articles which bear the name of the sender on the cover are returned to the office at which they were posted, for delivery to the sender. Those which do not bear the name of the sender on the cover are opened, in order that the name and address of the sender may be ascertained: if the necessary information is found, they are returned to the sender; if it cannot be found, they are disposed of in the Dead Letter Office after being detained for the period prescribed.
- (2) Unclaimed articles which cannot be delivered on account of the addressee being illegible or incomplete are transferred to the Dead Letter Office for disposal.
34. **Refused articles.** Refused articles are articles which the persons to whom they are addressed have refused to receive, or omitted to take delivery of, after due notice has been given them by the Post Office.
35. **Disposal of refused articles.** Registered articles, including insured and value-payable articles, which are refused are returned at once direct to the office at which they were posted for delivery to the sender; if the sender cannot be found they are sent to the Dead Letter Office. Unregistered articles which are refused are forwarded to the Dead Letter Office, where they are treated in the same manner as unclaimed articles which are returned to the sender.
36. **Sender to pay postage, etc.** The sender is bound to pay any postage or other sum due on an unclaimed or refused article returned to him by the Post Office. In case of refusal to pay the amount due, the Post Office has the remedy described in clause 23.

POSTE RESTANTE.

37. **Poste Restante articles.** All articles superscribed "To be kept till called for", "To await arrival", or in any similar way, and also articles addressed "Post Office" are held to fall under the head "Poste Restante".
38. **Treatment.** An article of the Poste Restante is delivered to the addressee at the post office of destination if called for within the prescribed period. If not called for by the addressee within this period, the article is treated as unclaimed and dealt with under clause 33. In the undermentioned offices and some other sea-ports the prescribed period is four months from date of arrival; but in other offices it is one month from same date:—

Bombay,
Calcutta,Chittagong,
Karachi,Madras,
Bangoon.

Exception.—As soon as it is ascertained that the payee of a telegraphic money order addressed "Post Office" cannot be found, a reference will be made to the office of issue, and the telegraphic money order, still undeliverable, will then be re-issued without delay by telegraph, free of any further charge for payment to the remitter.

**30.
Responsibility
of Post Office.**

In cases in which articles are superscribed "To await arrival", or "To be kept till called for", and the address gives no further indications of the intention of the sender, the responsibility of the Post Office is limited to retaining such articles in deposit for the prescribed period.

NOTES FOR PUBLIC INFORMATION.

**40.
Restrictions
and Limitations.**

Whenever restrictions or limitations exist as regards any particular class of work in any post office, such restrictions or limitations are mentioned in foot-notes in the list of post offices at the end of this book.

**41.
Legal responsibility
of Post Office.**

The Indian Post Office is exempted by law from all responsibility in the case of loss, misdelivery or delay of, or damage to, any postal article in course of transmission by post. In the case of insured letters and parcels, however, the Indian Post Office is responsible for their safe transmission under the conditions which will be found in the rules regarding insurance.

**42.
Posting of coin, etc.**

Coin, bullion, precious stones, jewellery, and articles of gold and silver may only be sent by the inland post, insured. They may not be sent at all by the Foreign letter post, but may be sent by the Foreign parcel post. Currency notes may only be sent in registered letters, the insurance of which is optional. By sending articles of value in unregistered letters or unregistered parcels, the senders not only run the risk of losing their property, but also expose to temptation every person through whose hands the articles pass.

**43.
Packing.**

(1) Every letter, packet, or parcel has to be stamped with the date stamps of at least two post offices, and is liable to a great deal of pressure and friction in the mail bags and during transit. All articles, therefore, which are likely to suffer from stamping or pressure should be packed in strong covers. The Post Office cannot take any special precautions to secure the safety of fragile articles. When wax-cloth is used for the protection of a parcel, packet, or letter, it should be used as an *inside* cover, or there should at least be sufficient strong paper securely fastened outside the wax-cloth to receive the impression of the Post Office date stamps, and any postage stamps which have to be affixed to the article.

(2) Special rules regarding the packing of particular classes of articles are given in the clauses of the *Guide* relating to insured articles and book and pattern packets under the Inland post, and in the clauses relating to printed papers, samples, and insured parcels, under the Foreign post. These rules are absolute rules, for the breach of which a penalty is prescribed in each case.

NOTE.—Paper used as wrappers for packets of printed matter intended for the foreign post should be specially strong and tough. As an additional precaution against the tearing of paper wrappers, it is recommended that thick magazines or pamphlets which are folded for the post be tied with string or tape before the wrapper is applied.

**44.
Sealing.**

The public are advised not to use sealing-wax for seals outside unregistered letters and packets, except when such seals are necessary for the protection of the articles to which they are applied. When sealing-wax is used for seals outside letters and packets, a piece of tissue or other thin paper should be laid on the wax before the seal is applied, as otherwise both the articles themselves and those with which they come in contact in transit are liable to injury from the sealing-wax adhering to other articles. The precaution recommended is specially necessary in the case of articles for the United Kingdom and foreign countries, which have for several days to pass through very hot climates.

**45.
Addition of sender's
address.**

Every article should bear on the lower left-hand corner the name and address of the sender, in order that the Post Office may be able, in case of non-delivery, to return it unopened and without delay. This is specially desirable in the case of registered.

articles (whether letters or parcels) and unregistered parcels. A large number of undelivered articles are destroyed every year at the various Dead Letter Offices, because they contain no clue, outside or inside, to the whereabouts of the senders, and it is suggested that in the case of photographs sent by packet post, the name and address of the sender should always be written on the back of the photograph.

**46.
Advantage of prepay-
ment of postage.**

(1) It is the accepted policy of the Indian Post Office to forward by the earliest mails, and to deliver, as expeditiously as possible, all letters on which the postage has been fully prepaid. Articles on which the postage has not been prepaid, or has not been fully prepaid, represent money that has to be realised by the Post Office, and are therefore forwarded and delivered under special arrangements, which necessarily involve delay.

(2) With respect to prepayment of correspondence addressed to foreign countries, the attention of the public is invited to the importance of prepaying postage in full, especially on newspapers and packets, as insufficient prepayment, besides involving delay, renders these articles liable to refusal by the addressees.

**47.
Complaints against
Post Office.**

(1) Letters containing complaints against the Post Office may be transmitted by the Inland post free of postage, provided that they are addressed to a postmaster or other officer of the Post Office, and provided that it is certified on the cover, with the full signature of the complainant, that they are complaints against the Post Office.

(2) Complaints should, in the first instance, be addressed to the postmaster of the office concerned unless the matter complained of is of sufficient importance to call for an independent investigation. If the complainant is not satisfied with the action taken by the postmaster or, for other reasons, desires an independent investigation, he should address the superintendent* of post offices or the Postmaster-General or Deputy Postmaster-General concerned (*see* page xix at the beginning of the *Postal Guide*). Complaints on matters of special importance should always be addressed direct to the Postmaster-General or Deputy Postmaster-General.

* The address of the superintendent of post offices can always be ascertained from the nearest post office. A complaint if addressed in the following manner will be duly delivered:—

<p>Complaint against the Post Office.</p> <p>The Superintendent of Post Offices.</p> <p style="text-align: right;">LOCAL.</p> <p>Signature of complainant.</p>

(3) Complaints made by the senders of registered, insured, or value-payable articles or by the remitters of money orders should be accompanied by copies of the receipts granted by the Post Office, and complaints from the senders of unregistered articles of the loss of the articles should furnish such information as may be available to establish the actual posting of the articles, such as (i) the date and hour of posting, (ii) the locality of the letter-box in which posted, (iii) the full address on the article, and (iv) the person by whom posted. In a large proportion of complaints it is found that articles entrusted to messengers or servants are never posted, or are not posted at the time believed, or that the posting is uncertain.

(4) In all cases of loss of the contents of an article, the cover or wrapper should accompany the complaint and a full description of the missing contents should be given: if the missing contents are currency notes, the serial letters and numbers and general numbers of the notes should be given.

(5) Complaints of delay in the delivery of articles should be accompanied by the original covers or wrappers. In a complaint regarding the Savings Bank, the number of the account (not the number of the pass-book) should always be given.

(6) Complaints of overcharge on articles, the delivery of which has been accepted, should be addressed to the postmaster of the office of delivery to whom the article should be taken or sent before it is opened.

(7) Complaints regarding the wrong payment or non-payment of a money order cannot be attended to unless preferred within twelve months of the date of issue of the money order. Other complaints cannot be attended to unless preferred within six months of the date of the occurrence to which they relate.

48.
Complaints against
Telegraph Department.

(1) Letters containing complaints against the Telegraph Department may be transmitted by Inland Post free of charge, provided that they are addressed to the *Superintendent, Check Office, Government Telegraph Department, Calcutta*, or to a telegraph master, or other officer of the Telegraph Department, and provided that it is certified on the cover, with the full signature of the complainant, that they are complaints against the Telegraph Department.

(2) Complaints relating to telegrams received or despatched should be addressed to the *Superintendent, Check Office, Government Telegraph Department, Calcutta*. Complaints against any official of the Telegraph Department, or on telegraph matters in general, should, in the first instance, be addressed to the telegraph master of the office concerned, unless the matter complained of is of sufficient importance to call for an independent investigation. If the complainant is not satisfied with the action taken by the telegraph master, or for other reasons desires an independent investigation, he should address the Sub-Divisional (Officer of Telegraphs or the Divisional Superintendent of Telegraphs (*see* page iii at the beginning of the *Telegraph Guide*). Complaints on matters of special importance should be addressed to the Director-General of Telegraphs (address Calcutta from November to March, and Simla from April to October). The address of the Sub-Divisional (Officer of Telegraphs can always be ascertained from the nearest telegraph office.

(3) Complaints made to the *Superintendent, Check Office, Government Telegraph Department, Calcutta*, regarding telegrams should be accompanied by documentary evidence, namely :—

- (a) in case of non-delivery or of delay, by a written statement from the office of destination, or from the addressee ;
- (b) in case of alteration or omission, by the copy of the telegram delivered to the addressee ;
- (c) in case of an unused reply paid pass, by the pass delivered to the addressee ;
- (d) in case of Paid Service Advices, by the receipt for the repetition message and the correction memorandum granted in connection therewith by the telegraph office of delivery ; and
- (e) in case of telegrams stamped in excess by the sender, or stamped and cancelled before transmission has begun, by the receipt granted for the telegram.

(4) Complaints regarding Inland telegrams cannot be attended to unless preferred within two months of the date of the telegram, and regarding Foreign telegrams within five months of the date of the telegram.

INTRODUCTORY.

49.
Definition of "Inland Post".

Subject to such exceptions as may be notified by the Government of India, the term "Inland Post" means the post maintained by the Government of India, either by land or by sea—

- (1) between any places in British India ;
- (2) between any places in British India and places beyond the limits of British India at which there are Indian post offices ; and
- (3) between any places beyond the limits of British India at which there are Indian post offices.

Exceptions.—Union rates of postage and conditions (*see* Section III) apply to private (unofficial) correspondence (i.e., letters, postcards, newspapers, and book and pattern packets) posted in British India for the places noted on the margin or posted at the Indian post offices at those places for any other of those places or for any place in British India.

Bagdad.	Jask.
Bandarabas.	Linga.
Basrah.	Mohammeh-rah.
Bushire.	

50.
Definition of "Postal articles".

The term "Postal articles" is used to describe, for the purposes of the inland post, the following five classes, for each of which a distinctive rate of postage is prescribed :—

Letters.	Registered newspapers.
Postcards.	Parcels.
	Book and pattern packets.

LETTERS.

51.
Postage. The rates of postage on letters are as follows :—

- For a letter not exceeding one tola in weight . . . Half an anna.
 For a letter exceeding one tola but not exceeding ten tolas in weight . . . One anna.
 For every additional ten tolas or part of that weight . . . One anna.

52. **Unpaid and insufficiently paid letters.** A letter posted unpaid is charged on delivery with double postage, and a letter posted insufficiently prepaid is charged on delivery with double the amount of the deficiency.

; POSTCARDS.

53.
Description.

(1) Single and reply postcards for transmission by the inland post are issued by the Post Office for the use of the public. A single postcard has a stamp of the value of a $\frac{1}{2}$ -anna impressed on it ; a double, or reply, postcard has a stamp of the value of a 1-anna impressed on each portion. The first portion of a double postcard is intended to contain the sender's communication ; the second, or reply portion, is intended to contain the addressee's answer, and, when detached and posted by the latter, will be entitled to free transmission to destination.

(2) Single and reply cards of private manufacture, with or without adhesive postage stamps affixed thereto in payment of postage, may be transmitted by post as postcards : provided that, as regards size, they are not more than $5\frac{1}{2}$ by $3\frac{1}{2}$ inches or less than $4\frac{1}{2}$ by 3 inches, and that, as regards substance, they are neither thinner nor more flexible than the inland postcards issued by the Post Office.

54. **Unpaid private cards.** When the postage on a card, or reply card, of private manufacture which is entitled to pass through the post as a postcard or reply postcard is not prepaid, or is insufficiently prepaid, the following rates of postage will be charged on delivery :—

On an unpaid postcard of private manufacture

Double the prepaid rate for a postcard.

On an insufficiently prepaid reply postcard of private manufacture

Double the prepaid rate for the half on which the postage is not prepaid.

55. (1) Nothing may be written, printed or otherwise impressed on the address-side of a postcard except—
- (a) the heading "Postcard" or "Reply Postcard";
 - (b) the name and address of the addressee;
 - (c) the name and address of the sender;
 - (d) the date of posting;

Provided that this restriction shall not be enforced in the case of a card of private manufacture when the following conditions are fulfilled, namely:—

- (i) that a space is set apart on the right-hand portion of the address-side of the card for the address of the addressee, the postage stamp or stamps, and the official marks of the Post Office, and
- (ii) that this space is not less than half the address-side of the card, and is marked off by means of a straight line drawn vertically across the card.

Explanation 1.—In exception (d) above, the date of posting includes the day but not the hour of posting.

Explanation 2.—Under provisions (i) and (ii) above, the remaining portion of the address-side of a card of private manufacture may be utilised by the sender for written, printed or impressed matter, including personal communications, engravings, advertisements, etc. This concession does not extend to the official postcards issued by the Post Office, the available space on the address-side of these cards being insufficient for the purpose.

NOTE.—A service postcard used for official correspondence must always be franked on the address-side, see Clause 348.

Subject to the following exceptions, nothing may be affixed or attached to a postcard:—

Exception 1.—To any postcard there may be affixed—

- (a) on either side, an address-label bearing the name and address of the sender, and not exceeding in size 2 inches in length by $\frac{1}{4}$ of an inch in width; provided that when the label is affixed to the address-side of a postcard of private manufacture, the conditions laid down in the proviso to sub-clause (1) of this clause are fulfilled;
- (b) on the address-side, postage stamps in prepayment of postage and the registration fee (if any), and an address-label bearing the name and address of the addressee, and not exceeding in size 2 inches in length by $\frac{1}{4}$ of an inch in width;
- (c) on the other side, (i) adhesive stamps used to denote the duty payable in respect of receipts; and (ii) engravings, illustrations, drawings or photographs on very thin paper, and completely adherent to the card;

Exception 2.—To postcards of private manufacture, articles of the nature specified in Exception 1(c) (ii) may be affixed on the address-side, on the conditions laid down in the proviso to sub-clause (1) of this clause.

NOTE.—The sender of a reply postcard may affix to the address-side of the reply-half an address-label bearing his name and address and not exceeding in size 2 inches in length by $\frac{1}{4}$ of an inch in width. A second postcard may not be attached to a single postcard as a substitute for a reply-half.

(3) A postcard may not be folded, cut or otherwise altered, except that the impressed postage stamp (if any) may be perforated with initials.

(4) The sender of a reply postcard is recommended to indicate his name and address on the address-side of the reply-half. The reply postcard should be folded so that the portion bearing the addressee's name shall be outside.

56. **Penalty for breach of conditions.** Should any of the conditions laid down in the foregoing clauses be infringed, the postcard will be treated as a letter and the amount of postage prepaid on a single postcard or on the first half only of a reply postcard will be taken into account in assessing the postage to be charged on delivery. If an inland postcard be addressed to a country served by the foreign post, it will be disposed of under clause 158.

BOOK PACKETS.

57.
Postage.

58.
Unpaid and insuffi-
ciently paid book
packets.

The rate of postage on book packets is half an anna per ten tolas. Fractions of 10 tolas are reckoned as 10 tolas.

A book packet posted unpaid is charged on delivery with double postage; an insufficiently prepaid book packet is charged on delivery with double the amount of the deficiency.

59.
Contents.

(1) A book packet may contain any of the following articles:—

- (a) Newspapers and publications of all kinds; books, whether blank or printed; engravings; photographs, drawings, plans, maps, printed music, and proof sheets with or without the manuscript relating thereto; blank paper, parchment, or card-board, and, generally, anything on paper, parchment or card-board, which is printed, engraved, lithographed, or papyrographed, or produced by any other mechanical process easy to recognise, except the copying press and the type-writer;

Provided that no card bearing the heading "Postcard" shall be allowed to be transmitted open by post as a book packet:

- (b) business papers, written or drawn wholly or partly by hand, not being of the nature of a letter or having the character of a personal communication, such as deeds, bills-of-lading, invoices, accounts, proposals and policies of assurance, powers-of-attorney, licenses, statistical returns submitted by or to public officers in their official capacities and manuscript of all kinds, including manuscript music not being of the nature of personal correspondence;
- (c) written letters of old date which have previously passed through the post and served their original purpose;
- (d) reproductions of a manuscript or type-written original obtained by a mechanical process of polygraphy (chromography, mimeography, etc.), provided they are handed in at the post office counter and number at least 20 copies precisely identical;
- (e) circulars, i.e., printed notices and printed letters, provided they contain nothing in writing except (i) corrections of press errors, (ii) the date of despatch and the name and address and description of the sender and the name of the addressee, and (iii) the place, date and hour, when the circular is a notice of meeting, or appointment, and in the case of a notice of meeting, the objects of the meeting.

(2) With any of the above-mentioned articles may be sent anything that is necessary for their safe transmission through the post, such as rollers, etc., and with any of the articles mentioned in sub-clause (a) may be sent any legitimate binding, mounting, or covering, loose or attached, and anything that ordinarily appertains to such articles, as pens and pencils in the case of a pocket-book, photographs in the case of a photograph-book, and card-plates in the case of visiting cards.

(3) Manuscript for the press shall not be reckoned as having the character of personal correspondence within the meaning of sub-clause (b), and may be sent as a book packet.

60.
Communication of
nature of letter not
allowed.

No communication of the nature of a letter, or having the character of a personal communication, may be enclosed with, or written upon, the contents of a book packet: provided that nothing in this clause shall be held to prohibit inscriptions or entries stating who the sender is or to whom the articles are to be given, or to prohibit purely complimentary greetings from being entered, in writing or otherwise, on Christmas, New Year and Birthday cards and similar articles.

61.
"Paper money" not
allowed.

A book packet may not contain "paper-money," which for the purposes of this clause includes unobliterated postage or other stamps, currency notes, hundies, cheques, bank-notes, bankpost bills, bills-of-exchange, and all orders or authorities for the payment of money.

Explanation.—This clause does not apply to a book packet containing a stamped and addressed envelope, postcard, or wrapper, forwarded by the sender of the packet in order that such envelope, card, or wrapper may be returned through the post to the sender or sent to some other person designated by him.

62.
Size.
The dimensions of a book packet, which may be of any shape must not exceed two feet in length by one foot in width and one foot in depth. When, however, the packet is in the form of a roll, the length must not exceed thirty inches; provided that, if the length exceeds twenty-four inches (two feet), the diameter must not exceed four inches.

63.
Packing.
A book packet must be posted without a cover, or with a cover entirely open at both ends, or in an unfastened envelope, or in a cover which can be easily removed so as to admit of a ready examination of the contents. The ends of the packet, however may be tied with string.

Illustration.—A closed envelope notched at the sides or ends does not admit of a ready examination of its contents, and does not, therefore, fulfil the conditions prescribed by this clause.

64.
Penalty for breach of conditions.
If a book packet is found to contain anything not permitted by the rules, or to be in excess of the prescribed size, or to be packed in a manner not in accordance with the rules, it will be charged on delivery with letter or parcel postage, whichever may be less.*
Any postage stamps that may be affixed to it will, however, be recognised in assessing the charge.

65.
Liability to detention.
In cases where the transmission or delivery of letters would be delayed, were the whole mail indiscriminately dealt with, book packets (other than newspapers) may be kept back in the office of posting for a period, not exceeding one day, and in the office of delivery till the next delivery.

PATTERN PACKETS.

66.
Postage.
The rate of postage on pattern packets is half an anna per ten tolas. Fractions of 10 tolas are reckoned as 10 tolas.

67.
Unpaid and insufficiently paid pattern packets.
A pattern packet posted unpaid is charged on delivery with double postage: an insufficiently prepaid pattern packet is charged on delivery with double the amount of the deficiency.

68.
Contents.
(1) A pattern packet may contain *bande* trade patterns or samples of merchandise not having any saleable value, together with, or without, any matter which may be sent as a book packet. There must be no writing upon or in a pattern packet, except the name and address of the sender, the name and address of the person for whom it is intended, a trade mark, numbers, prices, and indications as to the weight, size, or quantity to be disposed of.

(2) Objects of natural history, dried or preserved animals and plants, geological specimens and other similar objects will also be admitted to transmission by post at the rates of postage for pattern packets, provided that they are not sent for a commercial purpose, and that they are packed in the manner prescribed for pattern packets generally.

69.
Size and weight.
The dimensions of a pattern packet must not exceed two feet in length by one foot in width and one foot in depth; and the weight must not exceed eighty tolas.

70.
Packing.
(1) A pattern packet must be posted without a cover, or with a cover open at both ends, or in an unfastened envelope or other cover which can be easily removed so as to admit of a ready examination of the contents.

(2) Samples of seeds, drugs, and other articles which cannot be sent in unfastened or removable envelopes may be sent enclosed in boxes or bags, provided that they are

* Provided the lower rate is admissible (see clause 75).

fastened in such a way that they can be easily opened; they may also be sent in air-tight cases when necessary, provided that the nature of the contents is certified on the cover under the full signature and address of the sender. For the purpose of this certificate, an impression of the business stamp of a firm may be accepted in the place of the signature of the sender.

(3) Articles of glass must be securely packed (in boxes of metal, wood, leather or card-board) in such a way as to prevent all risk of injury to the mails or to the officers of the Post Office.

(4) Liquids, oils, and fatty substances easily liquefied must be enclosed in glass bottles hermetically sealed. Each bottle must be placed in a wooden box furnished with saw-dust, cotton, or spongy material in sufficient quantity to absorb the liquid in case the bottle be broken. Finally, the box itself must be enclosed in a case of metal, or of wood with a screw top, or of strong and thick leather.

Explanation.—When use is made of perforated wooden blocks of the thickness of at least $\frac{1}{4}$ th of an inch in the weakest part, with a sufficient quantity of absorbent material inside and provided with a cover, the blocks need not be enclosed in a second case.

(5) Fatty substances which are not easily liquefied, such as ointments, soft soaps, resins, etc., must be enclosed in an inner cover (box, bag of linen or parchment, etc.) which must itself be placed in a second box of wood, metal, or strong and thick leather.

(6) Dry powders, whether dyes, or not, must be placed in card-board boxes, which themselves must be enclosed in a bag of linen or parchment.

(7) Live bees must be enclosed in boxes so constructed as to prevent all danger and to allow the contents to be ascertained.

71.

Penalty for breach of conditions.

If a pattern packet is found to contain anything not permitted by the rules or to be in excess of the prescribed size or weight, or to be packed in a manner not in accordance with the rules, it will be charged on delivery with letter or parcel postage, whichever may be less. Any postage stamps that may be affixed to it will, however, be recognised in assessing the charge.

(2) If a packet containing samples of any of the articles mentioned in sub-clauses (3) to (7) of clause 70 is not packed in the manner prescribed therein, it will not be forwarded.

72.

Liability to detention.

In cases where the transmission or delivery of letters would be delayed, were the whole mail indiscriminately dealt with, pattern packets may be kept back in the office of posting for a period not exceeding one day and in the office of delivery till the next delivery.

REGISTERED NEWSPAPERS.

73.

Definition.

The following is the definition given in the Post Office Act of newspapers which may be registered and posted, for transmission by the inland post, as "Registered Newspapers":—

Every publication, consisting wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements, shall be deemed a newspaper, subject to the following conditions, namely:—

(1) that it is published in numbers at intervals of not more than thirty-one days; and

(2) that it has a *fool fide* list of subscribers.

An extra or supplement to a newspaper, bearing the same date as the newspaper and transmitted therewith, shall be deemed to be part of the newspaper: provided that no such extra or supplement shall be so deemed, unless it consists wholly or in great part of matter like that of the newspaper and has the title and date of publication of the newspaper printed at the top of each page.

74. Postage.

The following rates of postage will be charged on registered newspapers when posted for transmission by the Inland post or to Ceylon in accordance with the conditions set forth below :—

For a newspaper not exceeding six tolas in weight	one-quarter of an anna.
For a newspaper exceeding six tolas but not exceeding twenty tolas in weight	half an anna.
For every additional twenty tolas or part of that weight	half an anna.

Conditions.

- (a) The newspaper shall be registered in the office of the Postmaster-General or officer exercising the powers of the Postmaster-General, of the postal circle in which it is published. Such registration shall cease to have effect at the close of the calendar year following that in which it was effected and must be renewed if a continuance of the privilege conferred by the system beyond that time is desired.
- (b) The postage shall be prepaid by postage stamps.
- (c) The newspaper shall bear in print immediately above the address the word "Registered" followed by the registration-number which shall be assigned to it by the Postmaster-General or other officer referred to in condition (a).
- (d) The newspaper shall be posted at the place of publication by the proprietor, manager, or publisher.
- (e) The newspaper shall be posted without a cover or in a short cover open at the ends.
- (f) There shall be no word printed on the newspaper after its publication or upon the cover (if any) thereof, nor shall any writing or mark be made upon it or upon the cover (if any) thereof, except the name and address of the person to whom it is sent, and, if desired, the name and address of the newspaper, or of the sender.
- (g) There shall be no paper or thing enclosed in or with any such newspaper other than an extra or supplement as specified in the definition given in clause 73.

Explanation 1.—A packet containing two or more registered newspapers is in no circumstances chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight; provided always that the conditions relating to book packets are not infringed in any respect.

Explanation 2.—To ensure that condition (d) shall be complied with, registered newspapers must be handed in at the window or door of the Post Office selected for the purpose by the proprietor, manager, or publisher. Only one Post Office may be selected for the purpose in the case of each registered newspaper and copies of the paper will not be accepted at any other Post Office for transmission as registered newspapers except with the special permission of the Postmaster-General. Newspapers posted in letter-boxes are not admissible to the reduced rates of postage for registered newspapers.

75. Procedure.

* These forms may also be obtained at any head post office.

The proprietor, manager, or publisher of a newspaper wishing to adopt the system of registration for such newspaper should address the Postmaster-General of the postal circle in which the newspaper is published. He will then be furnished with a printed form of application* showing the information required by the Post Office, which he should fill in and return, forwarding at the same time a copy of the newspaper.

The Postmaster-General, on receiving the application with the copy of the newspaper, will satisfy himself that the newspaper is entitled to be registered in accordance with these rules, and for this purpose will make such enquiry as he may think proper. When the application is accepted, he will assign to the newspaper a registration-number with the initial letter of the postal circle prefixed, and communicate this number to the proprietor, manager, or publisher. The fact that the newspaper has been registered, and the registration-number assigned to it, will be communicated at the same time to the Post Office at the place where the newspaper is to be posted.

76.

Renewal.

* If a newspaper be registered in December 1899, the registration will cease to have effect on the 31st December 1899.

(1) Written notice of intention to renew the registration of the newspaper, should be given to the Postmaster-General three weeks before the expiry of the calendar year following that in which the existing registration was effected.* With this notice should be sent a fresh form of application bearing the same date as the notice.

(2) The Postmaster-General will deal with the application for renewal in the same way as the original application, and he may, if he thinks proper, require a fresh copy of the newspaper to be forwarded to him. It will not, however, be necessary to assign a fresh registration number to the newspaper.

NOTE.—In addition to the postage, a fee of two annas for registration is charged in the case of registered parcels (see clause 107). Parcels weighing over 440 tolas must be registered (see clause 118).

78.

Contents.

Anything may be sent in a parcel excepting articles the transmission of which is prohibited (see clauses 83, 94, 95, and the note under clause 130). A parcel may contain one

(but must not contain more than one) written communication of the nature of a letter, or having the character of a personal communication : provided that the communication is addressed only to the addressee of the parcel itself.

NOTE 1.—The prohibition in clause 94 against the transmission of articles on which duty is owing to Government, does not apply to parcels from Indian offices not in British India, merely because the contents are liable to import duty, when such parcels must be accompanied by Customs declaration (see clause 85).

NOTE 2.—The prohibition in the note under clause 130 against the transmission by the Inland parcel post of current gold coins of a value exceeding 20 sovereigns does not apply to the inland transit of foreign parcels.

79.

Weight and size.

A parcel must not exceed 440 tolas in weight, unless it is registered, in which case the weight must not exceed 25 seers (2,000 tolas). A parcel must not be of a kind which, owing to size, shape, manner of packing, or any other cause, cannot be carried by post without serious inconvenience or risk.

80.

Packing.

(1) A parcel must be packed and enclosed in a reasonably strong case, wrapper, or cover, fastened in a manner calculated to preserve the contents from loss or damage in the post, to prevent any tampering therewith, and to protect other postal articles from being damaged in any way thereby.

(2) Liquids and substances which liquefy easily must be despatched in a double receptacle. Between the first receptacle (bottle, flask, pot, box, etc.) and the second (which must be a box of metal or of strong wood) some space must be left to be filled with saw-dust, bran, or some other absorbing material.

(3) Live bees must be enclosed in suitable cases and so packed as to prevent all risk of injury to other postal articles in course of transmission by post or to officers of the Post Office.

31. Human and other viscera. Human and other viscera may be transmitted by the Inland post to Chemical Examiners for analysis, subject to the following conditions:—

- (a) The suspected *viscus* or other material to be sent for examination must be enclosed in a glass bottle or jar, fitted with a stopper or sound cork.
- (b) Great care must be taken that the stopper or cork of the bottle fits tightly. This precaution is especially necessary when alcohol is used as a preservative; in such cases a ring of bees' wax or candle-wax must be placed round the lip of the bottle so as to cover the shoulder of the stopper. The stopper must be carefully fastened down with bladder or leather and sealed.
- (c) The glass bottle or jar must then be placed in a strong wooden or tin box, which must be large enough to allow of a layer of raw cotton, at least three-fourths of an inch thick, being placed between the bottle or jar and the box.
- (d) The box itself must be encased in cloth, which must be securely closed and sealed. The seals must be at intervals not exceeding three inches along each seam. All the seals must be of the same kind of wax and must bear distinct impressions of the same device. The device must not be that of a current coin or merely a series of straight, curved or crossed lines.

32. Plague cultures. Cultures or other articles known or believed to contain the living germs of plague may be transmitted by the Inland post, subject to the following conditions:—

- (a) Such cultures or other articles aforesaid must not be accepted for transmission, unless they are sent by a Commissioned Medical Officer, a Military Assistant Surgeon, or a Medical Practitioner in possession of a qualification not lower than that of L. M. S. of the University of Calcutta, the Punjab, Madras or Bombay, or by a person specially permitted by the Governor-General in Council or a Local Government to send such cultures or other articles; nor unless they are consigned to a Government Laboratory, or to a person specially permitted by the Governor-General in Council, or a Local Government, to receive such cultures or other articles.
- (b) The cultures or other articles aforesaid must be securely packed in a hermetically closed tin of adequate strength, which must be placed in a strong outer box of wood or tin with a layer of at least three-quarters of an inch of raw cotton-wool between the inner and outer case.
- (c) The outer case must be enclosed in stout cloth, which must be securely fastened and sealed, and labelled with such distinguishing inscription as will suffice to make immediately manifest the nature of the contents.
- (d) The sender must present the parcel at the post office accompanied by a declaration as to the nature of its contents, and a certificate signed by himself to the effect that he has advised the addressee of its despatch and that such addressee, if the parcel should not be addressed to a Government Laboratory, has been specially permitted by the Governor-General in Council, or a Local Government, to receive such cultures or other articles. The certificate, moreover, must show on its face that the sender is a person authorised within the meaning of condition (a) to send such cultures or other articles.

33. Manner of Prepaying postage.

The postage on a parcel, and also the registration fee if the parcel is to be registered, must be prepaid fully by means of postage stamps which must be affixed either to the cover of the parcel or to an official label, which can be obtained free at the post office. In either case the sender or his messenger must affix the stamps himself, postal officials being strictly forbidden to affix them. Should an official label be used, it must be

pasted to the parcel; and if the sender does not do this himself, he is recommended to see it done in his presence before he leaves the post office.

Note.—If wax-cloth is used as an outer covering for a parcel and sufficient paper has not been securely fastened outside the wax-cloth (*see* clause 43), it is advisable that the postage stamps should always be affixed to an official label.

84.

Manner of posting.

charged as a registered parcel.

(2) If a parcel containing any of the articles mentioned in sub-clauses (2) and (3) of clause 80 is not packed in the manner prescribed therein, it will not be forwarded.

85.

Special conditions in certain cases.

ing £5 in value (except coin clearly intended for purposes of ornament).

(2) Parcels for Bagdad and Basrah in Turkish Arabia must be accompanied by Customs declarations under clause 219. In addition to the articles which are not allowed to be sent by the Inland post by the general rules in clauses 93 to 95, parcels for Bagdad and Basrah may not contain any of the following articles: arms and ammunition, poisonous drugs (liquid or dry), worn clothes, articles likely to import disease, figures, other than simple portraits, of royal personages or other notables, whether on cloth, paper, or other materials.

(3) Parcels for India from Indian offices in the Persian Gulf, and Turkish Arabia must be accompanied by Customs declarations under clause 219, but with the values declared in Indian currency.

86.

Delivery of registered parcels.

No registered parcel will be delivered to the addressee, unless and until he shall sign a receipt for the parcel in the prescribed form, which will be presented to him for signature by the postman who delivers the parcel.

87.

Liability to detention.

In cases where the transmission of letters would be delayed were the whole mail indiscriminately dealt with, parcels may be kept back till the next despatch.

ADDRESSES.

The general rule to be followed in addressing articles for transmission through the Inland post is to write the name of the post-town as clearly as possible at the bottom of the address—

88.

Collector,
Poona.

Sewalik, son of Jaganath,

To

A. B.,
Ramnagar
(Benares).

To

A. B.,
Akola
(Ahmednagar).

(2) When one of several post-towns bearing the same name happens also to have the same name as the district, the name of the province should be added to the post-town, *e.g.*—

To

A. B.,
Jaipur,
Rajputana.

To

A. B.,
Hyderabad,
Sind.

The names of post-towns and districts should be spelt as they are spelt in the list of post offices at the end of this book.

**81.
Letters for home-
ward-bound P. and
O. passengers.**

(1) Letters intended for delivery to passengers by the P. and O. homeward mail steamers leaving Bombay every Saturday at 2 P.M. may be addressed as follows:—

To A. B.,
care of the mail officer,
Bombay—Aden sea post office.

(2) Letters so addressed are delivered on board; and the public are advised to adopt this mode of address in all cases in which letters for passengers are posted on the last day of posting mails for Europe at places from which the foreign mails are carried to Bombay by special train, otherwise the letters will not be sent by the special train and will arrive in Bombay after the departure of the mail steamer.

PROHIBITED ARTICLES.

**83.
Injurious articles.**

No explosive, dangerous, filthy, noxious or deleterious substance nor any sharp instrument not properly protected, or any living creature or other thing which is either noxious or likely to injure postal articles in course of transmission by post or any officer of the Post Office, may be sent by the Inland post (*but see clauses 70, 80, 81, and 82*).

Explanation.—Pins may not be used to fasten together the two halves of a reply postcard or to fasten the cover of packets or other postal articles as they are liable to injure other mail matter.

**84.
Contraband or duti-
able articles.**

Nothing contraband and nothing on which duty is owing to Government may be sent through the Inland post. Nor may opium be transmitted through the post otherwise than on Government account to any place in Burma; nor may bhang, ganja, siddhee or other preparations of hemp be transmitted through the post to Burma, Port Blair, or Nancowry. The skins and feathers of all birds other than domestic birds, except (a) feathers of ostriches, and (b) skins and feathers, exported *bona fide* as specimens illustrative of natural history, may not be sent by post from places in British India to any Native State or foreign possession in India. The transmission by post of fire-arms, and

of articles, other than explosives, included in the term "ammunition" as defined below, into or within any part of Burma, except on account of Government, is prohibited.

Ammunition includes also all articles specially designed for torpedo service and submarine mining, rockets, gun-cotton, dynamite, lithofracture and other explosive or fulminating material, gun-lints, gun-wads, percussion caps, fuses and friction-tubes, all parts of ammunition and all machinery for manufacturing ammunition, but does not include lead, sulphur, or saltpetre.

RE-DIRECTION.

**99.
Re-direction.**

(2) If a postal article or a notice of its arrival has once been tendered to the addressee by the post office, it will not be re-directed to his address elsewhere.

(1) A postal article which cannot be delivered by the post office to which it is addressed owing to the addressee being elsewhere, may be re-directed free of charge, to another post office for delivery to him.

**100.
Interception and
place of re-direction.**

A postal article cannot be intercepted and re-directed while in transit. It can only be re-directed at the post office to which it is addressed.

**101.
Conditions of free
re-direction.**

(1) A postal article re-directed to any place served by the inland post by an officer of the Post Office or by an agent of the addressee after its delivery will be transmitted by post free of charge in respect of such further transmission:

Provided that,—

- (i) in the case of an unregistered article re-directed by an agent of the addressee,—the article has not been opened and has been either returned to the postman or re-posted at the place of delivery; and
 - (ii) in the case of a registered article re-directed by an agent of the addressee,—the article has not been opened and has been returned to the postman at the place of delivery with the receipt unsigned.
- (2) Where a postal article is re-directed to any place under sub-clause (1), the postmaster at such place may, if authorised by a general or special order in this behalf issued

by the Postmaster-General, require the addressee of the re-directed article to give, at the time of delivery, a receipt for such article.

**102.
Penalty for breach
of conditions.**

A postal article re-posted after having been opened, or re-posted at any place other than the place at which it was delivered, will be treated as a postal article posted for the first time, and charged with postage accordingly. A registered article of which delivery has been taken can be re-posted only under the conditions prescribed for the posting of registered articles for the first time, except that no fresh charge will be made on account of postage if the article has not been opened.

**103.
Instructions regard-
ing change of resi-
dence.**

(1) Persons changing their residence should furnish the post office both at the place which they are leaving and at the place to which they are going with written instructions regarding the disposal of postal articles (including money orders) received to their address. The instructions must be simple and direct, and must state whether they are intended to apply to all postal articles, and whether the postal articles referred to are postal articles addressed to the person giving the instructions only, or also to members of his family or household. Complicated or conditional instructions will not be attended to.

(2) In no case will postal articles, originally posted for transmission by the Inland post, be re-directed to the United Kingdom or to places not served by the Inland post, without express instructions in writing to this effect from the person to whom they are addressed. Persons leaving India are, therefore, advised to obtain from the nearest post office a special form of instructions that has been provided for the case, or to appoint an agent in India to receive any letters or other articles that may arrive for them after their departure.

**104.
Period for which
instructions valid.**

Separate written instructions are required for every change of address; and instructions will not ordinarily be attended to for a longer period than three months, unless renewed within that time, except in the case of persons leaving India, when a longer period may be specified, if desired.

REGISTRATION.

**105.
Object.**

Registration makes the transmission of an article more secure, as it passes through the hands of special postal officers, under special precautions. But the Post Office is not responsible for the loss of a registered article, or for any injury which its contents may sustain during its transmission through the post. The risk of injury is diminished by the use of registration envelopes (sold at all post offices).

**106.
Articles which can
be registered.**

Letters, postcards, book and pattern packets, and parcels may be registered at any post office for transmission by post to any other post office.

**107.
Fee.**

In addition to the postage a fee of two annas will be charged for the registration of any postal article.

**108.
Payment of postage
and fee.**

The prepayment of the postage and registration fee is compulsory in the case of all registered articles, and must be made by means of postage stamps affixed to the articles.

**109.
Manner of registering.**

Articles intended for registration must be presented at the window of the post office.

NOTE.—The sender of a postal article is recommended to write his name and address on the cover in the lower left-hand corner, so that the postal article, in case of non-delivery, may be returned to him *unopened and without delay*.

**110.
Sender's receipt.**

A receipt will be given to the person who presents an article for registration at the post office window during the hours prescribed for posting registered articles.

**111.
Delivery of regis-
tered articles.**

No registered article will be delivered to the addressee, unless and until he or his agent has signed a receipt for it, in the prescribed form, which will be presented to him for signature by the postman who delivers the registered article.

112.

Special acknowledgments.

Redemption must be paid by means of postage stamps affixed to the article.

Exception.—The fee for a special acknowledgment is two annas in the case of a registered letter, postcard or packet addressed to or from Bagdad, Basrah, Bandarabas, Bussra, Jask, Linga, or Mohammerah.

Form.—The sender may himself fill up the form of acknowledgment to be signed by the addressee, and is recommended to do so. Copies of the prescribed form of acknowledgment may be obtained free of charge at the post office.

113.

(a) That the prescribed registration fee shall have been prepaid in addition to the postage.

(b) That the application for compensation shall have been made within three months of the date of posting of the article in the case of loss of the article, and within one month of the date of delivery of the article in the case of loss of contents or damage.

(c) That the amount of compensation shall not exceed the actual amount of the loss or damage.

(d) That the decision of the Director-General on all questions of compensation shall be final.

(2) No compensation will be given in the following cases:—

(a) *For loss or damage*,—in cases in which this has been caused by the fault or negligence of the sender, or in which the contents of the registered article were articles which are not allowed to be sent by the Inland post.

(b) *For damage*,—in cases in which the contents of the registered article are liquids or perishable articles, or articles of an exceptionally fragile nature.

115.

Registration of parcels obligatory in certain cases.

Registration is obligatory in the case of—

(1) any parcel exceeding 440 tolas in weight;

(2) any insured parcel; and

(3) any parcel addressed to a place for which a Customs declaration is required.*

116.

Cases in which registration is compulsory.

(1) Registration is compulsory in the case of the following postal articles:—

(a) An article containing a currency note, or any portion of a currency note.

(b) An article containing postage or other stamps or labels, or a cheque, hundi, bank note, bankpost bill, bill-of-exchange, or the like, if the contents are either superscribed upon the cover, or are known or manifest to the officers of the Post Office owing to the transparency, insecurity, or insufficiency of the cover, or to any other cause.

(c) An article bearing the word "registered" or any other word, phrase or mark to the like effect.

(d) A registered article which is re-posted after having been delivered.

Exception.—Nothing in this rule shall be held to render registration of a packet compulsory only by reason that it contains a stamped envelope, postcard, or wrapper as provided by the explanation to Clause 61.

(2) Twice the fee for registration will be levied on the delivery of any postal article required under this clause to be registered on which the fee for registration has not been prepaid.

* Under this rule registration is obligatory in the case of (1) parcels from India for Aden and the Indian Offices at Bagdad and Basrah, and (2) parcels for India from Aden and the Indian offices at Bagdad, Basrah, Bahrain, Bandarabas, Gaudar, Jask, Linga, Mohammerah, and Muscat.

INSURANCE.

117. Articles which can be insured. Registered letters, value-payable registered letters, registered parcels, and value-payable registered parcels may be insured up to the value of R500 at such branch post offices, and up to the value of R2,000 at such other post offices, as are authorised to accept articles for insurance: provided that in no case shall such value exceed the real value of the contents of the article insured. These postal articles may be insured, even though the contents, such as legal documents, do not possess any intrinsic value.

NOTE.—Branch post offices are marked with the letter B after the name of the office in the list at the end of this Guide.

118. Complete and partial insurance. Insurance is of two kinds, complete and partial. *Complete* insurance covers all risks in course of transmission by post. *Partial* insurance covers all risks in course of transmission by post in British territory, and all risks, except those arising out of highway robbery, in course of transmission by post in such Native State territory as is specified in this behalf.

119. Offices which can insure. Articles may be insured at all post offices named in the list at the end of this book, with the exception of those marked † and ‡ and for all post offices named in the list with the exception of those marked †; but insurance can only be partial in the case of post offices distinguished in the list by the letter (a).

120. Fees. In addition to the postage and the fee for registration, the following further fees are charged for insurance:—

	Anna.
When the value insured does not exceed R50	1
For every additional R50 or fraction thereof	1

The further fees in the case of partially insured articles are charged at only half the above rates.

121. Prepayment compulsory. The prepayment of all charges on insured articles, namely, postage, registration, and insurance fees, is compulsory. Payment in all cases must be made by means of postage stamps affixed to the articles.

122. Packing and size. (1) The cover of a letter intended for insurance must be of strong paper or other substantial material, securely closed and sealed at intervals not exceeding two inches along each fold or seam. As an additional precaution (if the contents admit of it) a thread should be passed through the cover and its contents and tied, the knot being placed under the central seal.

(2) A parcel intended for insurance must be securely packed and enclosed in an outer covering of cloth, canvas, or other substantial material sealed at intervals not exceeding three inches along each line of sewing or join.

(3) All the seals affixed to an insured article must be of the same kind of wax and must bear distinct impressions of the same private device. The device must not be that of a current coin or merely a series of straight, curved, or crossed lines.

(4) The minimum size for an insured parcel is 12 cubic inches.

NOTE.—It is recommended that registration envelopes (sold at all post offices) be used for insured letters.

123. Manner of insuring. An article intended for insurance must be presented at the window of the post office with the amount for which the sender wishes it to be insured clearly written, in words and figures, on the cover. The name and address of the sender must also be written on the cover in the lower left-hand corner, or on a separate slip of paper, to be presented with the article, should there be no room for his name and address on the cover.

124. Failure to comply with conditions. Articles not properly packed, or not fully prepaid, or which do not comply with the conditions prescribed in clauses 122 and 123, will not be insured.

185.
Receipt given to sender. A receipt will be given to the person who presents an article for insurance at the post office window during the hours prescribed for posting insured articles.

186.
Delivery of insured articles. An article insured for R250 or any sum less than R250 will be delivered in the ordinary manner. An article insured for more than R250 will be delivered only at the post office window, intimation of arrival being sent by the post office to the addressee. The addressee of an insured article (or his agent) must sign in ink both the receipt and acknowledgment relating thereto unless the outward appearance of the cover gives rise to suspicion of tampering. In such case he should arrange to open the article at the post office, in the presence of the postmaster, and to have its contents entered in an inventory which will be prepared in duplicate, and must be signed by the addressee. One copy of the signed inventory will be forwarded by the post office to the sender, with the unsigned acknowledgment attached to it.

187.
Special acknowledgment. The sender of an insured article is entitled to obtain, free of charge, an acknowledgment of its delivery signed by the addressee.

NOTE.—The sender may himself fill up the form of acknowledgment to be signed by the addressee, and is recommended to do so. Copies of the prescribed form of acknowledgment may be obtained free of charge at the post office.

188.
Responsibility of Post Office. There will be payable to the sender of an insured postal article compensation not exceeding the amount for which the article has been insured, for the loss of the postal article or its contents, or for any damage caused to it in course of transmission by post; provided that the compensation in no case exceeds the value of the article lost or the amount of the damage caused, and provided that, in the case of loss, the sender furnishes full particulars of the contents of the postal article and their value: provided, also, that no compensation will be payable—

- (a) where there has been misdelivery arising out of incorrectness or incompleteness of the address written by the sender;
- (b) where there has been fraud on the part of the sender or addressee;
- (c) where the insured article has been delivered* to the addressee, and he has signed and returned the receipt therefor;
- (d) where the sender has not given intimation of the loss within three months from the date of posting;
- (e) where the loss or damage was due to improper or insecure packing;
- (f) where there is no visible damage to the cover or seals, it being understood that the sender must so pack the letter or parcel that its contents cannot be touched without visible damage, as aforesaid, being caused; or
- (g) in the case of partially insured articles, where the loss or damage was caused by highway robbery during the transit in respect of which the insurance is partial only.

189.
Compensation. Compensation will be payable one month after the date on which intimation of loss is given by the sender to the post office, except in cases in which the Postmaster-General may consider that the circumstances demand the withholding of payment pending inquiry. When compensation has been paid for the loss of a postal article or its contents, the Post Office will be entitled to retain, and dispose of, such postal article or its contents, should they be subsequently recovered and the compensation paid not be refunded on demand being made.

190.
Cases in which insurance is compulsory. Coin, bullion, precious stones, jewellery, and articles of gold or silver may be sent by post only in insured registered letters or insured parcels. If a letter or parcel presented at the post office window is found to contain any such object of value, it will not be accepted for transmission by post, unless the sender insures it; and, if an

* See meaning of the term "delivery" in clause 18. Any person who wishes to restrict the delivery of insured articles arriving to his address may do so by communicating with the post office.

uninsured article manifestly containing any such object of value is found in course of transmission by post, it will be either intercepted and returned to the sender, or forwarded to destination and delivered to the addressee subject to the payment of a fee of one rupee. The payment of this fee will not impose any liability on Government.

Explanation.—In this rule, the expression “articles of gold or silver” includes articles made wholly or partly of gold or silver, but not electro or other plated goods or gold or silver lace or embroidery.

NOTE.—No parcel for transmission by the inland parcel post shall contain current gold coins of a value exceeding 20 sovereigns. If an inland parcel, in course of transmission by post, is actually found to contain current gold coins of a value exceeding the prescribed limit, it will be sent to the Dead Letter Office for return to the sender.

VALUE-PAYABLE ARTICLES.

The value-payable system is designed to meet the requirements of persons who wish to pay for articles sent to them at the time of receipt of the articles or of the bills or railway receipts relating to them, and also to meet the requirements of traders recover, through the agency of the Post Office, the value of

and others who wish to articles supplied by them.

132.

Value-payable articles.

Registered and unregistered parcels, registered letters, registered book packets, newspapers prepaid at newspaper rates of postage, and fully prepaid unregistered book packets may be transmitted by the Inland post as value-payable postal articles, provided that the amount specified for remittance to the sender in the case of any such postal article does not exceed 1,000 rupees, and does not contain a fraction of an anna except in the case of postal articles sent by, or addressed to, any department of the Government or a District, Local, or Municipal Board, and provided that such parcels, letters and packets do not contain coupons, tickets, certificates or introductions designed for the sale of goods on what is known as the “Snowball system”.

Explanation.—The words “any department of the Government” include any official department of the Government of a Native State, the Posts of which have been amalgamated with the Imperial Post.

parcels, letters and packets do not contain coupons, tickets, certificates or introductions designed for the sale of goods on what is known as the “Snowball system”.

Exceptions:—

Ceylon—Unregistered parcels.

Portuguese India and the Somaliland Protectorate—Unregistered parcels, unregistered book packets, and newspapers prepaid at the newspaper rates of postage.

NOTE.—Value-payable parcels for Ceylon, Portuguese India, and the Somaliland Protectorate are also subject to the general rules of the foreign parcel post and the special conditions which apply to parcels for those countries (*vide* Sec. IV).

133.

Declaration.

No such postal article as aforesaid will be accepted at any post office for transmission by post as a value-payable postal article unless the sender declares that it is sent in execution of a *bond fide* order received by him. At any post office notified from time to time in this behalf by the Director-General of the Post Office, the sender will, in addition, be required to declare that the article is one the transmission of which by post as a value-payable postal article is permitted. No postal article as aforesaid will be accepted at these offices without such further declaration.

Explanation.—An article may be sent by the value-payable post even though it possesses no intrinsic value. Thus, legal documents, bonds, policies of insurance, promissory notes, railway goods and parcel receipts, bills-of-lading, or ordinary bills for collection may be sent as value-payable postal articles. In the case of a railway receipt or bill-of-lading sent as a value-payable postal article, it will be sufficient for the purposes of this rule if the article to which the railway receipt or bill-of-lading relates, has been sent in execution of a *bond fide* order. In the case of the other documents specified the document must be sent in execution of a *bond fide* order to send the document itself.

134.

Post offices from and to which v. p. articles may be sent.

are distinguished in the List of post offices at the end of this book by the sign “||” opposite their names.

Value-payable postal articles can be posted at any post office that is a money order office (with a few exceptions) for transmission to any other post office that is a money order office. All post offices are money order offices, except those that are distinguished in the List of post offices at the end of this book by the sign “||” opposite

135.

Manner of posting.

Every postal article intended to be transmitted by post as a value-payable postal article must be presented at the post office with the prescribed printed form in which the sender must specify the sum to be remitted to himself, fill in the required entries and sign the declaration required by clause 133. If the article is an unregistered parcel, unregistered book packet, or newspaper prepaid at newspaper rates of postage, a fee calculated according to the schedule below on the amount specified for remittance to the sender must be prepaid by the sender by affixing postage stamps of the value of the fee to the form presented with the article in the space provided for this purpose. The sender of a postal article intended to be transmitted by post as value-payable must write his name and address clearly (or, in the case of a firm, impress its stamp) on the article itself.

NOTE.—No receipt will be given to the sender of a value-payable unregistered parcel or book packet, or value-payable newspaper prepaid at newspaper rates of postage, though a certificate of posting can be obtained (see clauses 15 and 16).

136.

Forms.

Two different forms are prescribed to be filled up by the senders of value-payable articles—one for value-payable unregistered parcels and book packets and value-payable newspapers prepaid at newspaper rates of postage, and the other for all other value-payable articles. Both kinds of forms can be obtained *gratis* at the post office, and they can also be obtained stitched in books of 50 forms each, at a cost of two annas each, by firms and others who post many value-payable articles.

137.

Manner of delivery.

(1) If the amount to be recovered on a value-payable registered article exceeds R25, an intimation of its arrival will be sent by the office of destination to the addressee. Such articles will be delivered at the post office on payment of the amount entered in the form of receipt on the reverse of the intimation, and on presentation at the post office of the intimation with the receipt on the reverse duly signed.

(2) If the amount to be recovered on a value-payable registered article does not exceed R25, the article will be delivered by the postman at the addressee's residence on payment of the amount recoverable, and on the addressee signing the receipt on the reverse of the intimation presented with the article.

(3) If the article is an unregistered parcel or book packet, or a value-payable newspaper prepaid at newspaper rates of postage, it will be delivered by the postman at the addressee's residence on payment of the amount recoverable; no receipt will be taken from the addressee.

138.

Payment to sender.

(1) The amount to be recovered from the addressee will be the sum specified by the sender for remittance to himself *plus*, in the case of registered parcels, registered letters, and registered book packets, a fee calculated as in clause 135. When this amount is recovered from the addressee, the sum for payment to the sender will be remitted to him by means of a money order.

(2) If the addressee of a value-payable article refuses it or, if, after a notice of its arrival has been delivered to him, he omits to take delivery of the article within the time specified in the notice, it will be returned to the sender, who will be required to pay any charges that may be due on it, and to acknowledge receipt of the article by signing the form presented by the postman. In no circumstances will the fee prepaid in stamps, in the case of a value-payable unregistered parcel, unregistered book packet, or newspaper, be refunded.

NOTE 1.—A postmaster is authorised to comply with a written request from the sender of a value payable article to deliver such article to the addressee free, or to alter the sum originally specified for remittance to himself, provided that such requests are communicated through the office of posting.

NOTE 2.—See clause 39.

- 139. Responsibility of Government.** The Government will not incur any liability in respect of the sum specified for remittance to the sender in respect of a value-payable postal article, unless and until that sum has been received from the addressee.
- 140. Claims not entered after six months.** After the expiration of six months from the date of despatch of a value-payable article, no claims in respect thereof will be entertained by the Post Office.
- 141. Insurance of v.p. articles.** The sender of a value-payable registered parcel or registered letter can also insure it under the rules relating to Insurance (see clause 117, *et seq.*). The value declared for insurance need not correspond with the amount specified by the sender for remittance to himself. Thus, in the case of a watch returned after repairs per value-payable post to its owner, the amount to be remitted to the sender of the watch would be only the cost of repairs, while the sum insured would represent the value of the watch itself.

RAILWAY RECEIPT-NOTES SENT VALUE-PAYABLE.

- 142. Conditions.** A railway receipt-note for goods may be transmitted by post open as a value-payable postal article:
- Provided that—**
- (1) the goods to which the railway receipt-note relates do not exceed Rs.1,000 in value; and
 - (2) the railway receipt-note shows on its face that the goods to which it relates have been consigned to the sender himself, is endorsed to the person to whom the goods are to be delivered, and is signed by the sender.

NOTE.—It is recommended that the endorsement should contain the following advice:—

"As the consignment is addressed to ourselves, you will not receive an arrival notice from the Railway. Please, therefore, enquire for the consignment at the station."

- 143. Manner of posting.** The open railway receipt-note should be presented at the post office with the printed form prescribed for registered value-payable postal articles, in which the sender must specify the sum to be remitted to himself, fill in the required entries and the article is sent in execution of a *bond fide* order received by him.

- 144. Fee to be paid.** A fee of two annas must be paid on each railway receipt-note presented for transmission by post open. The fee must be paid in postage stamps, which must be affixed by the sender to the receipt-note.

- 145. Delivery of railway receipt-note.** The post office will transmit the open railway receipt-note to the post office of destination, and will deliver it to the person to whom it has been endorsed by the sender, in the manner prescribed for the delivery of registered value-payable postal articles, on his paying the amount recoverable.

- 146. Remittance of amount payable to sender.** When the amount is recovered, the sum for payment to the sender will be remitted to him in accordance with the ordinary rules relating to registered value-payable postal articles.

Example.—Messrs. Brown & Co., Lucknow, wish to despatch certain articles to J. Smith, Calcutta, under these rules; Messrs. Brown & Co. should address the consignment thus:—

"MESSRS. BROWN & CO.,
Calcutta."

and sign the railway receipt-note, which should then be endorsed to "J. Smith," and presented open at the post office (accompanied by the prescribed form in which the amount to be remitted to themselves should be stated) for transmission to J. Smith. The post office will not deliver up the railway receipt-note without payment by J. Smith of the amount recoverable on it, and the Railway Administration will not grant him delivery of the goods without production of the railway receipt-note as evidence of his right to the consignment addressed to Messrs. Brown & Co.

- 147. Modification of conditions in certain cases.** A railway receipt-note for goods may be transmitted by post open under the foregoing rules, without compliance with the conditions laid down in the second proviso to clause 142, if—

- (1) it relates to goods sent from any station on the marginally-named Railway for delivery at a station on a Railway belonging to the same group; and

1st group—
 Eastern Bengal State Railway.
 Bengal Central Railway.
 Darjeeling-Himalayan Railway.

2nd group—
 Patiala Railway.
 Amritsar-Pathankot Railway.

- (2) it shows on its face that the goods so sent have been declared at the booking office as being sent under the value-payable system.

The Railways referred to above will not deliver up goods or parcels forwarded value-payable, except on production of the corresponding receipt-note.

Exception.—The only stations on the Eastern Bengal State Railway and Bengal Central Railway, which receive parcels for transmission under this clause, are :—Armenian Ghat, Naihati, Goalundo, Chittpur, Banaghat, Dacca, Calcutta, and Khoolna.

148.
Responsibility of Post Office.
 The Post Office will not be responsible for any delay or demurrage that may arise or for the delivery of the goods or parcels to which the receipt-note relates; the responsibility of the Post Office is confined solely to the collection of the value of the consignment, and it will rest with the consignee, after receiving delivery of the railway receipt-note, to obtain the article from the Railway Administration.

149.
Saving of general rules.
 Nothing in these rules shall be construed to prevent the transmission by post of receipt-notes enclosed in value-payable registered letters, or value-payable registered or unregistered packets, under clause 132; but in such cases the goods or parcels may be delivered up by the Railway without production of the corresponding receipt-notes and consequently without recovery from the consignee of the amount specified.

150.
Application of rules to goods sent by steamer.
 These rules apply also to receipt-notes for goods conveyed by steamer within the limits of British India.

second, or reply, portion is intended to contain the addressee's answer, and, when detached and posted by the latter, will be entitled to free transmission to India.

158. Inland postcards used for foreign post. Inland postcards (with the quarter anna impressed stamp) posted to any Union country, or to any Non-Union country to which postcards can be sent, will be forwarded to destination as postcards, whether additional adhesive postage stamps have or have not been affixed to them. Should the postage prepaid be less than one anna in the case of a single postcard or two annas in the case of a reply postcard, double the deficiency, at the rate for postcards, will be charged on delivery.

159. Cards of private manufacture. (1) Cards of private manufacture, with or without adhesive stamps affixed to them in payment of the postage, may be sent as postcards to any Union country: provided that, as regards size, they are not more than $5\frac{1}{2}$ by $3\frac{1}{4}$ inches or less than 4 by $2\frac{1}{4}$ inches, and that, as regards substance, they are made of paste-board or of paper neither thinner nor more flexible than the international postcards issued by the Indian Post Office.

(2) Single cards of private manufacture may bear on the face (or address-side) the heading "*Carte postale*," but this heading is not compulsory.

(3) Double cards of private manufacture must bear, on the face, the following headings:—

(a) On the first half: "*Carte postale avec réponse payée*".

(b) On the second (or reply) half: "*Carte postale-réponse*".

"*British India*"

(4) The headings referred to may be printed, written, or otherwise impressed on the cards, provided that in all cases they are clear and prominent.

(5) When a card of private manufacture which is entitled to pass through the post as a postcard is unpaid or insufficiently paid, double the deficiency, at the rate for postcards, will be charged on delivery.

160. Rules as to address. (1) Apart from the heading, nothing may be written, printed, or otherwise impressed on the address-side of a postcard, with the exception of—

(a) the name and address of the addressee;

(b) such postal terms as "*Registered*" or "*Acknowledgment Due*";

(c) the name and address of the sender.

Provided that in the case of a postcard addressed to any Union country this restriction shall not be enforced when the following conditions are fulfilled, namely:—

(i) that a space is set apart — on the right-hand portion of the address-side of the card — for the address of the addressee, the postage stamp or stamps, the postal terms referred to above, and the official marks of the Post Office, and

(ii) that this space is not less than half the address-side of the card, and is marked off by means of a straight line drawn vertically across the card.

Explanation.—Under provisions (i) and (ii) above, the remaining portion of the address-side of the card may be utilized by the sender for writing, printed, or impressed matter, including personal communications, engravings, advertisements, etc. This concession is allowed only in the case of the official international postcards issued by the Post Office and of postcards of private manufacture, and does not extend to the official inland postcards issued by the Post Office when used for the foreign post, the available space on the address-side of the latter cards being sufficient only for a clear address, the additional postage stamp or stamps to be affixed and the official marks of the Post Office.

(2) Subject to the following exceptions, nothing may be affixed or attached to a postcard:—

Exception 1.—To any postcard there may be affixed—

(a) on either side, an address-label bearing the name and address of the sender, and not exceeding in size 2 inches in length by $\frac{1}{2}$ of an inch in width; provided that when the label is affixed to the address-side of the card, the conditions laid down in the proviso to sub-clause 1 of this clause are fulfilled;

(b) on the address-side, postage stamps in payment of postage and the registration fee (if any), and an address-label bearing the name and address of the addressee, and not exceeding in size 2 inches in length by $\frac{1}{2}$ of an inch in width;

(c) on the other side, engravings or photographs on very thin paper, and completely adherent to the card.

Exception 2.—To postcards (other than the official inland postcards issued by the Post Office when used for the foreign post) articles of the nature specified in *Exception 1 (c)* may be affixed on the address-side, on the conditions laid down in the proviso to sub-clause (1) of this clause.

(3) Each of the two halves of a reply postcard must fulfil the conditions laid down for single postcards. One half should be doubled over the other, and the card must not be closed up in any manner whatsoever. The sender of a reply postcard may indicate his name and address on the address-side of the reply-half, either in writing or by affixing to it an address-label not exceeding in size 2 inches in length and $\frac{1}{2}$ of an inch in width. The two halves of a reply postcard must be attached to each other when received in the country of destination, otherwise the reply-half will be treated as an unpaid postcard when it is posted. The reply-half will also be treated as an unpaid postcard if it is addressed to any country other than the country of origin, or if it is reposted in any country other than the one in which it was received by post.

161. If any of the above rules should be infringed, the card will be forwarded to destination as a letter.
Penalty for breach of rules.

PRINTED PAPERS.

162. “Printed papers” defined.
“Printed papers” include newspapers and periodical works, books whether stitched or bound, pamphlets, sheets of music, visiting cards, address cards, proofs of printing with or without the manuscripts relating thereto, papers impressed with points or characters in relief for the use of the blind, engravings, photographs and albums containing photographs, pictures, drawings, plans, maps, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved, lithographed, or autographed, and in general all impressions or copies obtained upon paper, parchment, or card-board, by means of printing, engraving, lithography, autography or any other mechanical process easy to recognise, except the copying-press and the type-writer.

Reproductions of a manuscript or type-written original obtained by a mechanical process of polygraphy (chromography, etc.,) are allowed to pass as printed papers, provided they are handed in at the post office counter and number at least twenty copies precisely identical.

Postage stamps, whether obliterated or not, and any printed matter representing a monetary value, are excluded from classification as “printed papers.”

163. The postage on a packet of printed papers for the United Kingdom and for all other countries and places served by the Foreign Post, with the exception of Ceylon, and Portuguese India, is half an anna for every two ounces or part of that weight. The postage on packets of printed papers for Ceylon and Portuguese India is the same as the postage on inland book packets.

164. In size a packet of printed papers must not measure more than 18 inches in any one direction; and in weight it must not exceed five pounds in the case of the United Kingdom, the British Colonies in Australasia, the British Colonies of Hong Kong, the Straits Settlements, Natal, and Cape Colony, and the Bechuanaland Protectorate and Rhodesia, or four pounds six ounces in the case of other countries served by the Foreign Post with the exception of Ceylon. Packets of printed papers in the form of a roll not exceeding 4 inches in diameter and 30 inches in length may, however, also be posted for transmission by the foreign post.

In the case of Ceylon, there is no limit of weight for a packet of printed papers; and in size such a packet must not exceed the maximum dimensions prescribed for an inland book packet (*see clause 82*).

165. Packets of printed papers must be posted in unclosed envelopes, or in covers entirely open at both ends, so as to admit of the contents being easily withdrawn for examination; the covers, however, may be tied at the ends with string, but the string must be easy to unfasten and must not be sealed.

Packing.

186.
Permissible additions or alterations.

Printed papers, which bear any marks whatever of such a kind as to form a pre-arranged language, or the text of which has been modified after printing, save in the manner explicitly authorised by the exceptions below, cannot be sent at the rate for printed papers. It is permissible—

- (a) To indicate on the outside of the article the name, commercial style, profession, and address of the sender;
- (b) To add in manuscript on printed visiting cards, as well as on Christmas and New Year cards, the address of the sender, his title, as well as good wishes, congratulations, thanks, expressions of condolence or other formulas of courtesy, expressed in five words at most or by means of conventional initials (such as P. C., etc.);
- (c) To indicate or to alter in a printed paper, in manuscript or by a mechanical process the date of despatch, the signature or the commercial style and the profession as well as the address of the sender and of the addressee;
- (d) To enclose the "copy" with corrected proofs, and to make in those proofs alterations and additions which relate to accuracy, form and printing. In case of want of space, these additions may be made on separate sheets;
- (e) To correct errors of printing in printed articles other than proofs;
- (f) To strike out certain parts of a printed text;
- (g) To make prominent by means of marks and to underline words or passages of the text to which it is desired to draw attention;
- (h) To insert or correct, in manuscript or by a mechanical process, figures in prices-current, tenders for advertisements, stock and share lists, trade circulars and prospectuses, as well as the traveller's name and the date and place of his intended visit in travellers' announcements;
- (i) To indicate in manuscript in advices of the arrivals and departures of ships, the dates of arrival and departure as well as the names of the ships;
- (j) To indicate in manuscript, in advices of the despatch of goods, the dates of despatch;
- (k) To indicate on cards of invitation and notices of meetings the name of the person invited, the date, the object and the place of the gathering;
- (l) To add a dedication on books, sheets of music, newspapers, photographs and engravings, as well as to enclose with any such article the invoice relating to it;
- (m) To indicate in manuscript in forms of order or subscription for books, newspapers, engravings, and pieces of music, the works required or offered, and to strike out or underline the whole or part of the printed communications;
- (n) To paint fashion plates, maps, etc.;
- (o) To add, in manuscript or by a mechanical process, to cuttings from newspapers and periodical publications the title, date, number and address of the publication from which the article is extracted.

187.

Address and other cards sent as printed papers.

Address cards or other printed matter of the form and substance of an unfolded card may be posted without covers or wrappers.

Cards bearing the heading "Postcard" or its equivalent in any foreign language are allowed to pass as printed papers provided that they fulfil the general conditions prescribed for articles of that class. For example, a picture postcard bearing in writing in addition to the name and address of the addressee only the date and the name and address of the sender is admissible at the postage rate applicable to printed papers even though the card should bear the heading "Postcard" or its equivalent in a foreign language.

188.

Payment of postage.

Postage on printed papers must be prepaid at least partly (in cases where full prepayment is not compulsory). Printed papers for any Union country, if not fully prepaid, will be charged on delivery with double the amount of the deficiency. The public, however, are advised to prepay postage in full as insufficiently paid articles are subject to delay in delivery, and are, moreover, liable to be refused by the addressees.

**166.
Penalty for breach
of conditions.**

Packets of printed papers which are not prepaid at least partly or which contain letters or manuscript notes having the character of actual or personal correspondence, or which are not made up in such a manner as to admit of an easy examination of the contents, or which exceed the limits of weight and size fixed by clause 164, or which in any other respect do not fulfil the conditions laid down in the preceding clauses, will not be forwarded.

BUSINESS PAPERS.

**170.
"Business papers"
defined.**

Business papers (legal and commercial documents) include all papers and all documents, whether writings or drawings, produced wholly or partly by hand, which have not the character of *an actual and personal correspondence*, such as open letters and postcards of old date which have already fulfilled their first purpose, papers of legal procedure, deeds of all kinds drawn up by public functionaries, way-bills or bills-of-lading, invoices, the various documents of insurance companies, copies of, or extracts from, private deeds written on stamped or unstamped paper, scores or sheets of manuscript music, manuscripts of works or of newspapers forwarded separately, pupils' exercises both original and with corrections, but without comment on the work, etc. They are also held to include such written articles intended for publication in newspapers as are not of the nature of a personal letter, as well as written descriptions or hand sketches of places which are sent for publication.

**171.
Postage.**

The postage on a packet of business papers for the United Kingdom and for all other countries and places served by the Foreign Post, with the exception of Ceylon and Portuguese India, is half an anna for every two ounces or part of that weight, subject to a minimum charge of two-and-a-half annas for each packet, however small the weight. The postage on packets of business papers for Ceylon and Portuguese India is the same as the postage on inland book packets.

**172.
Size and weight.**

In size a packet of business papers must not measure more than 18 inches in any one direction; and in weight it must not exceed five pounds in the case of the United Kingdom, the British Colonies in Australasia, the British Colonies of Hong Kong the Straits Settlements, Natal and Cape Colony, and the Bechuanaland Protectorate and Rhodesia, or four pounds six ounces in the case of other countries served by the Foreign Post, with the exception of Ceylon. Packets of business papers in the form of a roll not exceeding four inches in diameter and 30 inches in length may, however, also be posted for transmission by the Foreign Post.

In the case of Ceylon, there is no limit of weight for a packet of business papers; and in size such a packet must not exceed the maximum dimensions prescribed for an inland book packet (*see* clause 62).

**173.
Packing.**

Packets of business papers must be posted in unclosed envelopes or in covers entirely open at both ends, so as to admit of the contents being easily withdrawn for examination; the covers, however, may be tied at the ends with string, but the string must be easy to unfasten and must not be sealed.

**174.
Payment of postage.**

Postage on business papers must be prepaid at least partly (in cases where full prepayment is not compulsory). Business papers for any Union country, if not fully prepaid, will be charged on delivery with double the amount of the deficiency.

**175.
Penalty for breach
of conditions.**

Packets of business papers which are not prepaid at least partly, or which contain letters or manuscript notes having the character of actual or personal correspondence, or which are not made up in such a manner as to admit of an easy examination of the contents, or which exceed the limits of weight and size fixed by clause 172, or which in any other respect do not fulfil the conditions laid down in the preceding clauses, will not be forwarded.

SAMPLE PACKETS.

176.
Contents and packing.

(1) Samples must be *bona fide* samples of merchandise, and must not have any saleable value. They must not bear any writing, except the name or the commercial style of the sender, the address of the person for whom they are intended, a manufacturer's or trade mark, numbers, prices, and indications relative to weight or measurement or to the quantity to be disposed of, or such as are necessary to determine the origin and the nature of the goods. They may be placed in bags, boxes, or envelopes; but these coverings must be readily removable so as to admit of an easy examination of their contents.

Explanation.—Sample packets of cigars or other tobacco, manufactured or unmanufactured, addressed to countries other than the United Kingdom are regarded by the *Indian Post Office* as having no saleable value when they do not contain more than three cigars or three ounces of tobacco. It should, however, be understood that a different rule may be in force in the country of destination; and senders of sample packets of tobacco must take the risk of having their packets returned, or charged with customs or other dues, when addressed to a country where the rule of the *Indian Post Office* is not accepted. As regards the transmission of tobacco and tea by the sample post to the United Kingdom and certain other countries, see the *Foreign Letter Post Schedule* at the end of this section.

(2) Packets containing samples of glass, liquids, oils, fatty substances, dry powders (whether dyes or not) as well as packets of live bees, are admitted to transmission as samples of merchandise, provided that they are packed in the following manner:—

(a) Articles of glass must be securely packed (in boxes of metal, wood, leather, or card-board) in such a way as to prevent all risk of injury to the mails or to the officers of the Post Office.

(b) Liquids, oils, and fatty substances easily liquefied must be enclosed in glass bottles hermetically sealed. Each bottle must be placed in a wooden box furnished with sawdust, cotton, or some spongy material in sufficient quantity to absorb the liquid in case the bottle be broken. Finally, the box itself must be enclosed in a case of metal, or of wood with a screw top, or of strong and thick leather.

NOTE.—When use is made of perforated wooden blocks of the thickness of at least $\frac{1}{8}$ th of an inch in the weakest part, with a sufficient quantity of absorbent material inside and provided with a cover, the block need not be enclosed in a second case.

(c) Fatty substances which are not easily liquified, such as ointments, soft soaps, resin, etc., must be enclosed in an inner cover (box, bag of linen or parchment, etc.) which must itself be placed in a second box of wood, metal, or strong and thick leather.

(d) Dry powders, whether dyes or not, must be placed in card-board boxes, which themselves must be enclosed in a bag of linen or parchment.

(e) Live bees must be enclosed in boxes so constructed as to prevent all danger and to allow the contents to be ascertained.

(3) Objects of natural history, dried or preserved animals and plants, geological specimens and other similar objects are also admitted to transmission at the rates of postage for samples of merchandise, provided that they are not sent for a commercial purpose, and that they are packed in the manner prescribed for samples of merchandise generally.

The postage on a packet of samples for the United Kingdom and for all other countries and places served by the Foreign Post, with the exception of Ceylon and Portuguese India, is half an anna for every two ounces or part of that weight, subject to a minimum charge of one anna for each packet however small the weight. The postage on packets of samples for Ceylon and Portuguese India is the same as the postage on inland pattern packets.

177.
Postage.178.
Size and weight.

In size a sample packet must not exceed 12 inches in length by eight inches in width and four inches in depth, or if it is in the form of a roll, 12 inches in length and 6 inches in diameter; and in weight it must not exceed twelve ounces.

In the case of the United Kingdom, the British Colonies of Hong Kong, the Straits Settlements, Natal, and Cape Colony, and the Bechuanaland Protectorate and Rhodesia, a sample packet must not exceed two feet in length by one foot in width and one foot in depth, and in weight it must not exceed five pounds.

The conditions as to size and weight in the case of a sample packet addressed to Ceylon are the same as the conditions which apply to an inland pattern packet (see clause 69).

NOTE.—As regards the limits of weight for sample packets of tea and unmanufactured tobacco addressed to the United Kingdom, see the Foreign Letter Post Schedule at the end of this section.

179.

Payment of postage.

Postage on samples must be prepaid at least partly (in cases where full prepayment is not compulsory). Samples for any Union country, if not fully prepaid, will be charged on delivery with double the amount of the deficiency.

180.

Penalty for breach of conditions.

Packets of samples which are not prepaid at least partly, or which contain letters or manuscript notes having the character of actual or personal correspondence, or which are not made up in the manner prescribed or which exceed the limits of weight and size fixed by clause 178, or which contain anything having a saleable value, or which in any other respect do not fulfil the conditions laid down in the preceding clauses, will not be forwarded.

MIXED PACKETS.

181.

Conditions.

Printed papers, business papers, and samples of merchandise may be enclosed in the same packet, subject to the following conditions:—

- (a) That each article taken separately shall not exceed the limits of weight and size applicable to it.
- (b) That the total weight shall not exceed five pounds if intended for the United Kingdom, the British Colony of Hong Kong, or the Straits Settlements, or for a British Colony in Australasia or South Africa, and four pounds six ounces if intended for any other country served by the Foreign Post.
- (c) That the minimum rate of postage for each packet shall be two-and-a-half annas if it contains business papers and one anna if it consists only of printed papers and samples.

182.

Penalty for breach of conditions.

Mixed packets which are not prepaid at least partly, or which contain letters or manuscript notes having the character of actual or personal correspondence, or which are not made up in the prescribed manner, or which contain any article exceeding the limits of weight and size applicable to it, or which contain samples of merchandise having a saleable value, or which in any other respect do not fulfil the conditions laid down in the preceding clauses, will not be forwarded.

ADDRESSES.

183.
Post-town
country.

and

The general rule to be followed in addressing correspondence to be transmitted by the Foreign Post is that the name of the post-town, and also of the country, must be given, the name of the country being written at bottom of the address.

To

A. B.,
Cambridge,
ENGLAND.

To

A. B.,
Vevey,
SWITZERLAND.

184.

Spelling.

The names of countries must in all cases be spelt according to the English method, as given in the Foreign Letter Post Schedule at the end of this section. The same rule should be followed as regards post-towns.

185.

Correspondence for boardship passengers.

Correspondence posted in India for delivery at Aden, Port Said, etc., to persons on their way to or from India should preferentially be addressed to the care of the local agent of the vessel, full particulars being given of the name, etc., of the vessel, describing it as outward bound or homeward bound; if the addressee is travelling by one of the mail steam-

ers (P. and O. Company), it may be sufficient to give the port of departure (Brindisi or Bombay) of the steamer, with the time-table date of such departure and the port of destination: for example, "A. B., passenger by outward mail steamer, Brindisi (24th March) to Bombay", care of, etc. It is recommended that the name and address of the sender be written on the lower left-hand corner of the article, preceded by the word "From," so as to save the opening of the article in the Dead Letter Office in case of non-delivery.

Correspondence for passengers by sea addressed to the care of agents at seaport towns should always be *prepaid*, as correspondence not fully prepaid is almost invariably refused by the agents to whose care it is consigned.

It does not follow that, because no letters are taken on board a steamer for a passenger by the agent of the vessel, there are therefore no letters at the post office for that passenger; inquiry should be made at the post office in case any letters be lying there.

If correspondence be posted in India, *via* Bombay, to the address of a passenger proceeding from Calcutta or Madras by a steamer of the P. and O. Company, timed to reach Aden or Port Said at or about the same time as the mail steamer which carries the correspondence from Bombay, it may be addressed as follows:—

(Name of addressee),
*Passenger by Calcutta Steamer (here enter name of vessel, if known,
 or Calcutta date of departure).*
Care of the Bombay-Aden Sea Post Office.

Such correspondence will be made over to the Sea Post Office on leaving Bombay, and will be left at Aden for delivery if the Bombay mail steamer precedes the Calcutta steamer, or be sent on for delivery through the Peninsular and Oriental Company's Agency at Port Said if the Calcutta steamer has preceded. The delivery at Port Said will be effected on board the Calcutta steamer as soon as possible after the arrival of the Bombay steamer. Full prepayment is compulsory.

CORRESPONDENCE SENT BY PRIVATE VESSELS.

186.

Address.

there be no regular mail

Correspondence intended for despatch by private vessel should be marked as such by the sender, the name of the vessel being given if transmission by a particular vessel is desired. Correspondence not so marked may be forwarded by private vessel if communication with the country of destination.

187.

Postage.

Correspondence intended for despatch by private vessel is subject to the same rate of postage and conditions as by any other route.

188.

Disposal when not specially marked.

returned to the sender through the Dead Letter Office.

Correspondence intended for despatch by private vessel, but not marked in the manner described in clause 186, will be treated as if not intended for despatch by any particular route, and, if no other route be available, such correspondence will be

PROHIBITED ARTICLES.

189.

Dangerous, offensive and other articles.

viscera, cultures or bacteriological specimens, or anything likely to injure postal articles in course of transmission by post or any officer of the Post Office, may be sent by the Foreign Letter Post.

No explosive, dangerous, filthy, noxious or deleterious substance, nor any sharp instrument not properly protected, nor (save as provided for in clause 176) any liquid, oil, fatty substance, dry powder, or animal or insect, living or dead, human or other

Exception.—There is no objection to the transmission to the United Kingdom of pathological specimens (e.g., specimens of cancer growths and tissue forwarded by the medical officers in India to the Superintendent, Cancer Research, London), provided they are rendered innocuous by their mode of preparation and packing, and are otherwise in conformity with the regulations contained in clause 82 (2) and (3).

190. **Money, jewels, and dutiable articles.** Current coin, gold or silver bullion, precious stones, jewellery, and other precious articles, the skins and feathers of all birds other than domestic birds, except (a) feathers of ostriches and (b) skins and feathers exported *bona fide* as specimens illustrative of natural history, and articles liable to customs duty, may not be sent by the Foreign Letter Post.
191. **Indecent or obscene matter.** No indecent or obscene printing, painting, photograph, lithograph, engraving, book or card, or any other indecent or obscene article, may be sent by the Foreign Letter Post; nor may any letter, postcard, newspaper, or packet, be sent having on it any words, marks, or designs of an indecent, obscene, seditious, scurrilous, threatening, or grossly offensive nature.

RE-DIRECTION.

192. **Correspondence to be sent by Foreign Post.** Correspondence re-directed in India for transmission by the Foreign Post will be forwarded without any charge for re-direction on the part of the Indian Post Office. In Union countries re-directed correspondence is treated on delivery in accordance with the rules in clause 194. In the case of Non-Union countries, the postage levied in the country of destination will be governed by the postal regulations of that country.
193. **Correspondence received by Foreign Post.** Correspondence received by the Foreign Post, and re-directed after arrival in India to another place in India, will not be charged with any additional postage on account of such re-direction.
194. **Re-directed correspondence received by Foreign Post.** Correspondence re-directed from a Union country to India will be dealt with in accordance with the following rules:—
- (a) If originally posted in a Union country abroad for another Union country, and re-directed to India, it will be treated on delivery as if addressed direct from the country of origin to the new destination in India and charged accordingly with any postage that may be due.
 - (b) Correspondence originally posted in a Union country abroad for another place in the same country and re-directed to India will be treated on delivery as follows:—
 - (i) *If originally fully prepaid to its first address*, it will be charged with the difference (if any) between the postage already paid and the postage which would have been required for prepayment from the place of origin direct to the final destination.
 - (ii) *If originally unpaid or insufficiently paid to its first address*, it will be charged as if it had come direct from the place of origin as unpaid or insufficiently paid correspondence.
 - (c) Correspondence originally posted in India and returned will be treated on delivery as follows:—
 - (i) *If originally prepaid to its first address*, it will be delivered free of charge.
 - (ii) *If originally unpaid or insufficiently paid to its first address*, it will be charged as if it had come direct from the place of first destination to its new destination in India as unpaid or insufficiently paid correspondence.
- Letters, however, addressed to Commissioned Officers, Warrant Officers, Non-Commissioned Officers, Subordinate Officers, private Soldiers and Seamen in the Army, Navy, Royal Marines, or Indian Marine, who are actually on duty in His Majesty's Service, are exempt from any charge on account of re-direction; and the above rules in this clause do not, therefore, apply to such letters.
195. **Interception and place of re-direction.** Correspondence cannot be intercepted and re-directed while in transit (e.g., at Bombay or Aden), except under the rules contained in clauses 17, 350, and 356. It can only be re-directed at the post offices at the places of destination.

UNPAID AND INSUFFICIENTLY PAID CORRESPONDENCE.

196.

Postage charges.

Unpaid correspondence received in India by the Foreign Post will be charged on delivery at double the rates fixed for the prepayment of similar correspondence despatched from India to the place of origin. *Insufficiently paid* correspondence received in India by the foreign post will be charged on delivery with double the deficient postage according to the rates in force in the country of origin, but such charge will in no case exceed the charge in India for a wholly unpaid article of the same class, weight, and origin. Thus the charge for an insufficiently paid *letter* received from abroad will never be greater than 5 annas per ounce. In calculating charges fractions of half an anna will be raised to half an anna.

ARTICLES LIABLE TO CUSTOMS DUTY.

197.

Customs charges.

The transmission by the Foreign Letter Post of articles liable to customs duty is prohibited. Letters and packets received in India by the Foreign Post and suspected to contain any such article will be opened at the post office of delivery in the presence of the addressee or their agents, and the contents, if found to be dutiable, will be retained until the amount of the duty is assessed and collected. To avoid the delay and trouble involved, the public are advised, when ordering from other countries anything that is liable to customs duty on importation into India (*see* Note below this clause), specially to direct that the article be sent by *parcel* post, and similarly to ask their friends to use the *parcel* post, and not the letter post, for the transmission to India of articles liable to customs duty.

NOTE.—With the exception of ordinary articles of correspondence, *viz.*, letters, postcards, printed papers (including trade catalogues and circulars), business papers, papers of value (such as bank-notes and securities), and *bond fide* samples of merchandise, almost all articles which are likely to be forwarded by the letter post are liable to customs duty on importation into India. Works of art (including photographs) are also dutiable, unless sent in moderate quantities (limited in the case of photographs to six in number) not intended for sale.

REGISTRATION.

198.

Countries to which registration available.

Prepaid correspondence of all kinds for Union countries can be registered; and prepaid correspondence of any kind which can be sent to a Non-Union country can also be registered if registration is available to that country. Countries to which registered correspondence *cannot* be transmitted are specially distinguished by remarks in the Foreign Letter Post Schedule.

199.

Registration by private vessels.

Correspondence forwarded by private vessel can be registered, but the Indian Post Office accepts no responsibility for such correspondence after it has been placed on board the vessel.

200.

Conditions.

Correspondence addressed to initials, or an obviously fictitious name, cannot be registered, unless addressed also to the care of some person or firm. Addresses on registered articles may not be written in pencil. Only correspondence on which the full postage has been prepaid can be registered.

201.

Special acknowledgments.

(1) The sender of a registered article addressed to any Union country can obtain an acknowledgment of its delivery by paying a fee, in addition to the postage and registration fee, of one anna in the case of a registered article addressed to Ceylon or Portuguese India, and of two annas in the case of a registered article addressed to any other Union country.

NOTE.—The fee for an acknowledgment of delivery, if asked for at the time of posting of the article, must be paid by means of postage stamps affixed to the article.

(2) When the sender of a registered article addressed to a Union country has not paid the fee for an acknowledgment of its delivery, and desires to have an enquiry made by the lost Office regarding the disposal of the article, he will be entitled to this service on payment of the same fee as that chargeable for an acknowledgment of delivery.

202.

Registration fee.

The registration fee is two annas in all cases, and must be prepaid in stamps. In the case of postcards, the stamps representing the fee must be affixed to the postcard by the side of the stamp or stamps representing the postage.

203.

Liability of Post Office for loss.

In the case of the loss (except by *vis major*) of a registered article originating in any of the countries of the Postal Union (including British India) mentioned under clause 153, with the exception of those marked * and addressed to any other of the countries which are not so marked, an indemnity of 50 francs (Rs. 80-0-0) will be paid to the sender, or, at the request of the sender, to the addressee, by the Postal Administration to which the despatching office is subordinate. The indemnity will, however, be paid only for the loss of the registered article itself should this be satisfactorily proved, and not for, or in respect of, the loss of any of the contents of the article, and provided the claim for indemnity is made within one year from the date of posting of the article.

INSURANCE.

204.

Countries to which insurance available

Insurance is available for foreign registered letters containing papers of value, such as bank-notes, bonds, coupons, securities, etc., addressed to any of the countries and places under which a limit of insured value is entered in the Foreign Letter Post Schedule, subject to the limitations mentioned therein: provided that in no case shall the value insured exceed the real value of the contents of the letter. Postcards, and packets of printed papers, business papers or samples cannot be insured.

NOTE 1.—Foreign registered letters may be insured at all post offices named in the list at the end of this book, with the exception of those marked † and ‡.

NOTE 2.—The maximum limits of value mentioned in the Foreign Letter Post Schedule are subject to the proviso that in no case can a foreign registered letter be insured at a branch office for more than £25 when the value to be insured is expressed in sterling, or Rs. 500 when the value is expressed in rupees.

205.

Rates.

(1) In addition to the postage and the registration fee, the following further fees are charged for insurance:—

		When the value insured does not exceed Rs. 100	When the value insured does not exceed Rs. 100, or fraction thereof	When the value insured does not exceed Rs. 100	When the value insured does not exceed Rs. 100, or fraction thereof
(a) To Ceylon and Portuguese India		2	2	3	3
(b) To Mauritius		4	4	3	3
(c) To the United Kingdom or any of the British possessions (other than Ceylon and Mauritius) or foreign countries (other than Portuguese India) to which insurance is available.		3	3	3	3

206.

Conditions.

The prepayment of all charges on insured foreign registered letters, namely, the postage and the registration and insurance fees, is compulsory. Payment in all cases must be made by means of postage stamps affixed to the letters. As few postage stamps as possible must be used. The stamps must not be folded over the edge of the cover of the letter, and when more stamps than one are used, they must be affixed apart from one another so that they may not serve to conceal injuries to the cover. No label of any kind may be affixed by the sender to the cover of an insured foreign registered letter.

207.

Prohibited articles.

Insured letters may not contain coin, anything made of gold or silver, precious stones, jewellery, any article liable to customs duty in the country of destination, or any article of which into, or the transmission of which in, the country of destination is prohibited. If they are found to contain any of these articles, they will not be forwarded.

NOTE.—For information as to articles the importation of which through the post into certain countries is prohibited, see the "special prohibitions" shown under the names of the countries concerned in the Foreign Letter Post Schedule (page 53 to 57). The Indian Post Office accepts no responsibility for the correctness or completeness of this information, although every effort is made to secure accuracy.

208.

Packing and addressing.

(1) The cover of a foreign letter intended for insurance must be of strong paper or other substantial material, securely closed and sealed with fine wax in such a way that the letter cannot be opened without either breaking the seals or leaving obvious traces of violation. The seals must be placed along each fold or seam of the cover at intervals not exceeding two inches, and if the letter is tied round with string or tape a seal must be placed on the ends where they are tied. An insured foreign letter must not be enclosed in a cover having black or coloured borders.

(2) All the seals affixed to an insured foreign letter must be of the same kind of wax, and must bear distinct impressions of the same private device. The device must not be that of a current coin or merely a series of straight, curved, or crossed lines.

(3) A foreign letter intended for insurance must be presented at the window of the post office with the amount for which the sender wishes it to be insured clearly written in words and figures, without erasure or correction, on the cover. The name and address of the addressee of a foreign letter intended for the insurance must be written in ink on the actual cover of the letter.

(4) A receipt will be given to the person who presents a foreign letter for insurance at the window of the post office during the hours prescribed for posting insured foreign letters. He may also, as in the case of a registered letter (*see* clause 201), obtain an acknowledgment of the delivery of the insured letter by paying, at the time of posting the letter, a fee, in addition to the postage and the fees for registration and insurance, of one anna in the case of an insured letter addressed to Ceylon or Portuguese India and of two annas in the case of an insured letter addressed to any other country to which insurance is available for letters.

209.

Responsibility of Post Office for letters posted and insured in India.

Native officers, hospital assistants, and soldiers of the Native Army, when on foreign service, and all public followers accompanying troops on foreign service are entitled to the privilege of free postage for the private correspondence despatched by them. The postage on such correspondence is prepaid by means of ordinary postage stamps, and the cost of the stamps is recovered by corps and departments in monthly contingent bills.

Letters addressed to persons of the classes mentioned in the foregoing paragraph, when on foreign service, and letters sent by, or addressed to, Petty officers (as defined in G. G. O., Marine Department, No. 57 of 1838) and men of the Native Crews of the vessels of the Indian Marine, when on foreign service, will be carried under the same conditions as for British soldiers and seamen on foreign service.

NOTE.—Parcels for officers and men of His Majesty's ships cannot, as a rule, be accepted for transmission unless the name of the place, to which in each case the parcel is to be forwarded, forms part of the address. Parcels addressed to His Majesty's ships are liable to charges for re-direction, etc., see clause 227.

218.

Prepayment of postage compulsory.

Prepayment is compulsory at the rates shown in the Foreign Parcel Post Schedule at the end of this Section. The postage must be paid by means of postage stamps affixed by the sender or his messenger either to the parcel itself or to an official label, obtainable free at the post office, pasted on the parcel. In the case of service parcels, service stamps may be used for this purpose.

NOTE.—Parcels may be sent to the United Kingdom and to countries served through the United Kingdom either by the sea route *via* Gibraltar or by the overland route across the Continent of Europe, the postage being higher by the latter than by the former route. The sender must specify clearly by which route the parcel is to be forwarded, by writing on the cover of the parcel or on the official label pasted to it either the words "*via* Gibraltar" or the word "*Overland*".

219.

Declaration of Contents and value.

Every parcel must be accompanied by a customs declaration (in the prescribed form, which is obtainable free at every post office), bearing the address of the parcel to which it relates and a declaration of its contents and value, as well as the signature and address of the sender. The contents should be stated in full detail, a separate description of each article, and its value, being given. The value must always be stated in British sterling money, except in the cases of the exchanges with Ceylon, Portuguese India, British East Africa Protectorate, Mauritius, Seychelles, Somaliland Protectorate, and Zanzibar, in which cases the value must be stated in Indian money. When the contents of a parcel are liable to duty in the country of destination, an incorrect declaration of value renders the parcel liable to confiscation. Declarations written on any but the prescribed form cannot be accepted.

NOTE 1.—When filling up declarations, the use of the sign, "etc.," should be carefully avoided, as it is everywhere regarded with suspicion by the customs authorities.

NOTE 2.—In the case of parcels for Egypt it is especially necessary that the contents should be described in the fullest detail in the customs declaration and that the exact value of each article should be stated separately. If full details cannot be given in the customs declaration for want of space, these should be furnished on a separate note which should be firmly attached to the customs declaration; and in that case, the words "Particulars on separate note attached" should be written on the customs declaration.

NOTE 3.—It is essential in the case of parcels for Russia that the customs declarations should fully specify the contents of the parcels. Each kind of article or class of goods must be separately entered, and each separate entry must state (1) the quantity of the articles or goods according to their commercial denomination, (2) the quantity, shown according to the ordinary trade usage—by number, measurement, or net weight (in grammes), and (3) the value in English and in Russian money. The words "no value" must be written against the entry of articles or goods having no value. The total value of the contents, i.e., the sum of the separate amounts shown, must be stated in English and Russian money. The gross weight in grammes of the parcel, including the packing, must be given. The description of the different articles must be precise; general expressions such as "cutlery," "medicines," are not sufficient. The material must be specified, and, in the case of gold and silver, the degree of fineness must be stated. Failure to comply with these regulations will lead to the rejection of the parcel by the Russian customs authorities, and its return forthwith to the sender.

NOTE 4.—In the case of parcels containing birds' skins or feathers, the name of the bird must be entered in the customs declaration; and if exemption from the prohibition imposed by clause 223 (2) is claimed on the ground that the skins or feathers are being exported *bona fide* as specimens illustrative of natural history, a statement to this effect must be made in the customs declaration, otherwise the parcels will not be accepted for transmission by post.

220.
Sender's receipt.

A receipt will be given by the Post Office to the sender of a parcel.

221.
Addressee's acknowledgment.

(1) The sender of a parcel addressed to any of the countries mentioned under clause 217 which are marked with an asterisk (*) can obtain an acknowledgment of its delivery by paying a fee, in addition to the postage, of one anna in the case of a parcel addressed to Ceylon, or Portuguese India, and of two annas in the case of a parcel addressed to any other of those countries.

NOTE.—The fee for an acknowledgment of delivery, if asked for at the time of posting of the parcel, must be paid by means of postage stamps affixed to the parcel.

(2) When the sender of a parcel addressed to any of the countries referred to above has not paid the fee for an acknowledgment of its delivery and desires to have an enquiry made by the Post Office regarding the disposal of the parcel, he will be entitled to this service on payment of the same fee as that chargeable for an acknowledgment of delivery.

NOTE.—In the case of parcels for the United Kingdom, the provisions of sub-clauses (1) and (2) of this clause are applicable only to insured parcels not exceeding 11 lbs. in weight.

222.
Packing and addressing.

(1) Every parcel for transmission by the foreign parcel post must be packed with due regard to the nature of the contents and the length of the journey in a case, wrapper, or cover, fastened and sealed with some special mark or impress of the sender, in a manner calculated to preserve the contents from loss or damage in the post and to prevent any one from tampering therewith without either breaking the seal or seals or leaving obvious traces of violation. The packing of a parcel must also be such as to prevent its contents from causing injury to other parcels; and it must bear the exact address of the addressee: addresses in pencil are not allowed.

(2) Liquids and substances which liquefy easily must be despatched in a double receptacle. Between the first receptacle (bottle, flask, pot, box, etc.) and the second (which must be a box of metal or of strong wood) some space must be left to be filled with saw-dust, bran, or some other absorbing material.

(3) As to the packing and sealing of insured foreign parcels see clause 234.

NOTE.—Parcels for Russia must be packed in some stronger material than paper or card-board. If not packed in boxes of wood or metal, they must be well covered with canvas, linen or oilcloth: more linen-faced paper is not sufficient. The folds and flaps of the covering must be sewn up, and the parcels must be further secured with string tied round them crosswise and sealed at the knots and ends. If wax be used for sealing, the wax must be of good quality. The seals must be so placed as not to admit of the contents of the parcel being reached without injury to the seals. When wooden boxes are used for packing they must not be of thin, easily breakable wood, but must be made of strong boards, and the sides as well as the top and bottom should be secured by strong nails or screws. The address must be written on the cover and not on a label. Parcels for Russia will not be accepted if the foregoing conditions are not fulfilled.

223.
Prohibited contents.

(1) A foreign parcel may not contain any enclosure intended for delivery to a person other than the addressee of the parcel itself. If the parcel is addressed to any part of Australia, or to the United Kingdom, Canada, British Central Africa, Cape Colony, Natal or other parts of South Africa, the Falkland Islands, Fiji, Jamaica, Bahamas, Barbados, Malta, Mauritius, New Zealand, the New Hebrides, Banks Islands, Santa Cruz Islands, Seychelles, Straits Settlements, Hong Kong, or Trinidad, or to any foreign (as distinguished from a British) country or possession, it may not contain a letter or communication of the nature of a letter even if addressed in the same way as the parcel; but it is permissible to enclose in any parcel an open invoice confined to the particulars which constitute an invoice and also a simple copy of the address of the parcel with the addition of the address of the sender.

(2) A foreign parcel may not contain coin or bullion exceeding £5 in value (except coin clearly intended for purposes of ornament), liquids (unless securely packed in proper cases as described in the preceding clause), the skins and feathers of all birds other than domestic birds, except (a) feathers of ostriches and (b) skins and feathers exported *bond fide* as specimens illustrative of natural history, human or other viscera, cultures or bacteriological specimens, or any article which is not allowed to be sent by the inland parcel post by the prohibitions in clauses 93 to 95.

Exception.—There is no objection to the transmission to the United Kingdom of pathological specimens (e.g., specimens of cancer growths and tissue forwarded by medical officers in India to the Superintendent, Cancer Research, London), provided they are rendered innocuous by their mode of preparation and packing, and are otherwise in conformity with the regulations contained in clause 92 (2) and (3).

(8) Furthermore, a foreign parcel may not contain any article or substance specially prohibited from importation into the particular country or colony to which it is addressed: for particulars regarding articles thus specially prohibited, reference should be made to the Foreign Parcel Post Schedule at the end of this Section.

224.

Penalty for breach of conditions.

Parcels infringing any of the rules or conditions regarding prepayment, weight, size, or value, or containing forbidden articles or uninsured valuables for which insurance is compulsory (*see* clauses 232 and 238), will not be forwarded.

225.

Enquiries regarding parcels.

When complaints are made regarding delay in the arrival of parcels at their destination, or damage to their contents, the Post Office is always glad to make enquiries. Applications should be made at the post office at which the parcels were posted, and should be accompanied by the receipt granted at the time of posting. Parcels exceeding 11 lbs. in weight addressed to the United Kingdom are forwarded through the medium of the Peninsular and Oriental Steam Navigation Company, and senders are recommended to advise the addressees to apply direct (in cases of complaint) to the P. and O. S. N. Co. 122, Leadenhall Street, London, E. C.

NOTE.—In the case of parcels sent from India to the United Kingdom, or from the United Kingdom to India by the sea route *via* Gibraltar, the period of transit is something over a week longer than in the case of letters. Moreover, the parcel mail from the United Kingdom to India is closed at the General Post Office, London, two days earlier than the letter mail for this country so that a parcel, although posted at the same time as the letter advising its despatch, may miss the parcel mail of the week in which the letter is forwarded to India. All inward foreign parcels are further liable to some detention at the Indian port of entry for the purposes of customs examination and assessment to duty.

226.

Responsibility of Post Office.

(1) Except in the case of *vis major*, when an *uninsured* foreign parcel addressed to or received from any of the countries named in the list below is lost or damaged, or when its contents have been abstracted, an indemnity corresponding with the actual amount of the loss or damage, unless this has been caused by the fault or negligence of the sender or arises from the nature of the article, will be paid to the sender, or, in default or at the request of the sender, to the addressee, by the Postal Administration to which the despatching office is subordinate: provided that this indemnity shall in no case exceed 25 francs (Rs10-0-0) provided also that the application for the indemnity is made within one year from the date of posting of the parcel. The sender of a *lost* parcel is also entitled to a return of the postage paid.

(2) No indemnity is payable for the loss or damage of *uninsured* parcels exchanged with any country other than those named above.

† The indemnity, in the case of the United Kingdom, is payable only in respect of parcels sent to or received from that country through the British Post Office (*see* clauses 241 (1) and 243 (1)).

‡ In the case of parcels addressed to Bosnia-Herzegovina, the application for indemnity must be made within six months from the date of posting of the parcel. Moreover, in respect of parcels addressed to that country, the weight of which does not exceed 7 lbs., the maximum amount of the indemnity paid is 15 francs 75 centimes (Rs9-7-0).

(8) When the claim relates to damage, the wrapper and packing materials of the parcel must be presented by the addressee for the inspection of the Postmaster-General. These may be retained by the Postmaster-General unless the addressee expresses a wish for their return to him.

(4) As regards compensation for insured parcels, *see* clauses 230 to 240.

227. Redirected parcels. When a parcel is redirected or returned from one country to another, fresh postage is payable on it. If this postage is not prepaid, it is collected on delivery from the addressee, (or from the sender if the parcel was returned at the request of the latter), together with any customs duty and other charges that may be due on it. In the case of a parcel returned from another country at the request of the sender, the latter is bound to pay any postage and other charges due on it.

228. Customs duties on parcels. Import customs duty charged on a parcel must be paid before delivery. The Post Office will assist the addressee in enquiries as to any overcharge of duty; but it has no part in the assessment, and any claim for a refund should be made by the addressee to the customs authorities. The Post Office will, if desired, forward any such claim free of charge. As, however, delivery of the parcel out of the custody of the Post Office involves forfeiture of the right to have the duty remitted or reduced, the addressee is advised to leave it in deposit at the local post office until the decision of the customs authorities on his claim has been received.

229. Special rules. The foregoing rules govern the exchange of parcels with Foreign Countries generally. For information regarding rates of postage, conditions, and special rules concerning parcels exchanged with particular countries, reference should be made to the Foreign Parcel Post schedule, and to the following clauses.

INSURANCE.

230. "Complete and inland insurance" defined. Insurance of foreign parcels is of two kinds, *vis.*, complete insurance or insurance to destination, and inland insurance or insurance during transit in India. *Complete* insurance covers all risks during transit by land and all risks during transit by sea. *Inland* insurance covers all risks during transit in India, but does not cover any risks by sea or land after a parcel has quitted the shores of India.

NOTE 1—A post office marked 1 or 1 in the list of post office at the end of this book cannot accept for despatch by the foreign parcel post any parcel (whether tendered for insurance or not) for which either inland or complete insurance is compulsory (*see* clauses 232 and 238).

NOTE 2—No special restriction is imposed on a post office marked (a) in the list of post offices as regard the insurance of foreign parcels. This distinguishing mark has reference only to the insurance of inland articles.

231. Complete insurance. Complete insurance is available, from the place of posting to destination, for parcels addressed to the United Kingdom which do not exceed 11 lbs. in weight and for parcels addressed to any of the countries and places named below, up to the limit of value shown against each provided that in no case shall the value insured exceed the real value of the contents of the parcel:—

(2) The prepayment of all charges on insured foreign parcels, namely, the postage and the insurance fee, is compulsory. Payment in all cases must be made by means of postage stamps affixed to the parcels. As few postage stamps as possible must be used. The stamps must not be folded over the edge of the parcel, and when more stamps than one are used, they must be affixed apart from one another so that they may not serve to conceal injuries to the parcel.

written, in words and figures, without erasure or correction, on the cover. This amount must be expressed in the currency in which the customs declaration has been prepared. The name and address of the addressee of a foreign parcel intended for insurance must be written in ink on the actual cover of the parcel.

NOTE.—See Note 2 to clause 219.

(2) If the parcel is addressed to a foreign (as distinguished from a *British*) country or possession it must also be presented with a despatch note (in the prescribed form which is obtainable free at every post office) in which the sender should enter his own name and address, the name and address of the addressee, and the value to be insured (both in words and figures), leaving the rest of the form to be filled in by the post office. The despatch note must also bear an impression of the seal used to close the parcel, and this impression should ordinarily be made in the blank space at the right-hand of the form, alongside the address of the addressee.

NOTE.—A despatch-note need not be filled up and presented with insured parcels for the United Kingdom or any British possession.

(3) A receipt will be given to the person who presents a foreign parcel for insurance at the window of the post office, during the hours prescribed for posting insured foreign parcels. He may also, if the parcel is addressed to any of the countries mentioned under clause 217 which are marked with an asterisk (*), obtain an acknowledgment of delivery of the insured parcel, by paying, at the time of posting the parcel, a fee, in addition to the postage and insurance fee, of one anna in the case of an insured parcel addressed to Ceylon or Portuguese India, and of two annas in the case of an insured parcel addressed to any other of these countries.

236.

Responsibility of Post Office for parcels posted in India and completely insured.

(1) In the case of complete insurance to destination, there will be payable to the sender, or in default or at the request of the sender to the addressee of a foreign parcel which has been insured by the Post Office of India and posted in India, compensation not exceeding the amount for which the parcel has been insured, for the loss of the parcel or its contents or for any damage caused to it in course of transmission by post; and the sender will, in the case of loss, also be entitled to a refund of the postage, but in no case of the insurance fee paid: provided that the compensation in no case exceeds the value of the article lost or the amount of the damage caused: provided, also, that no compensation will be payable—

- (a) where the loss or damage has been caused by the fault or negligence of the sender, or arises from the nature of the article;
- (b) where the insurance has been fraudulently made for a sum above the real value of the contents, or there has been any other fraud on the part of the sender or addressee;
- (c) where the insured article has been delivered to the addressee and he has signed and returned the receipt therefor;
- (d) where the sender or addressee has not given intimation of the loss or damage within twelve months from the date of posting;
- (e) where the loss or damage was due to improper or insecure packing;
- (f) where there is no visible damage to the cover or seals; or
- (g) in cases beyond control (e.g., tempest, shipwreck, earthquake, war, etc.).

(2) The Secretary of State for India in Council accepts no liability either to the sender or the addressee for any loss or damage in respect of any insured foreign parcel which was not posted in India and insured by the Post Office of India.

237.

Redirection.

When an insured foreign parcel is redirected or returned from one country to another, a fresh insurance fee becomes payable for each such transmission. Where an insured foreign parcel is received in India subject to a fresh insurance fee by reason of its having been redirected or returned, such fee will be recoverable on delivery from the addressee or the sender, as the case may be, as if it were postage due.

238.

Inland insurance.

(1) Where a foreign parcel contains coin, bullion, precious stones, jewellery, or articles of gold or silver, it will not be accepted for transmission by post unless the sender wishes to insure it. If a foreign parcel containing any such object of value is addressed to a country or place to which insurance is not available, the parcel must be insured for its inland transit within the limits of British India, and in such case the fee charged for insurance will be calculated as follows:—

(a) When the value is expressed in rupee currency—	Anna.
Where the value insured does not exceed R50	1
For every additional R50, or fraction thereof up to R2,000 or up to the limit of value (if any) entered against the country of destination in the foreign parcel post schedule, whichever may be less	1
(b) When the value is expressed in sterling—	
Where the value insured does not exceed £3	1
For every additional £3, or fraction thereof up to £120 or up to the limit of value (if any) entered against the country of destination in the foreign parcel post schedule, whichever may be less	1

(2) If an uninsured foreign parcel, declared to contain or manifestly containing any of the objects of value specified above, is received from a country with which insured parcels can be exchanged, the parcel shall either be intercepted and returned to the sender or forwarded to destination and delivered to the addressee, subject to the payment of a fee of one rupee. The payment of this fee shall not impose any liability on the Secretary of State for India in Council.

**239.
Responsibility of
Post Office in cases of
inland insurance.**

In the case of inland insurance, there will be payable to the sender of a foreign parcel which has been posted in India and insured by the Post Office in India under clause 238 (1) for its inland transit within the limits of British India, compensation not exceeding the amount for which the parcel has been insured, for the loss of the parcel or its contents, or for any damage caused to it in course of transmission by post within the limits of British India: provided that the compensation in no case exceeds the value of the article lost or the amount of the damage caused: provided also that no compensation will be payable in any of the cases described under heads (a), (b), (c), (d), (e), (f) and (g) of clause 236 (1).

**240.
Claims for compensation in respect of
insured parcels received from other
countries.**

In the case of insured foreign parcels received from other countries for delivery in India, claims for compensation must be made within twelve months of the date of posting,* and when the claim relates to damage, the parcel should be presented by the addressee for inspection as nearly as possible in the state in which it was delivered. When a parcel bears signs of injury, the addressee should call attention to the fact of such injury at the time of delivery, and, if possible, open the parcel in the presence of an officer of the Post Office. In every case in which a claim for compensation relates to damage, the wrapper and packing materials of the parcel will be required for the inspection of the Postmaster-General and may be retained by the Postmaster-General unless the addressee expresses at wish for their return to him. The decision on claims for compensation rests in all cases with the Postal Administration to which the despatching office is subordinate.

PARCELS FOR THE UNITED KINGDOM.

**241.
Treatment.**

Parcels addressed to the United Kingdom are divided into two classes, *viz.*, (i) those not exceeding 11 lbs. in weight, and (ii) those exceeding 11 lbs. but not exceeding 50 lbs. in weight:
(i)—Parcels not exceeding 11 lbs. in weight are forwarded as mails to the British Post Office. They may, at the option of the sender, be posted for despatch either by the sea route *via* Gibraltar or by the overland route across the continent of Europe, the following being the rates of postage applicable, respectively, to the two routes:

For a parcel—	<i>Via</i> Gibraltar.		Overland.

Not over 3 lbs.	0	13	1	8
Over 3 lbs., but not over 7 lbs.	1	8	2	4

The sender must specify clearly on the cover of the parcel or on the official label pasted to it the route by which it is to be forwarded. See the note under clause 218. These parcels are delivered by the Post Office, and the postage paid carries them to destination. As regards the insurance of these parcels, see clauses 230 to 240.

NOTE.—Uninsured parcels for transmission overland across the continent of Europe are forwarded either *via* Brindisi or *via* Marseilles, according to the route which is considered to be the more suitable one or each despatch. Insured parcels for transmission by the overland route are always forwarded *via* Brindisi. (See Note 1 to clause 231).

(ii)—Parcels which exceed 11 lbs. but which do not exceed 50 lbs. (the maximum allowed) in weight are forwarded from India through the medium of the

The parcels are delivered free of charge *within a radius of one mile from the Company's Head Office in London*; if addressed to any place *beyond* that radius, carrier's charges are levied from the addressees on delivery. Parcels thus forwarded through the P. & O. S. N. Co. cannot be insured during transit *beyond* India, but must, if they contain coin, etc., be insured *during transit in India* under the rule laid down in clause 238.

NOTE.—36 tolas are reckoned as the equivalent of 1 lb.

242.
Prepayment of import customs duty, etc.
(1) At all head and sub-post offices, all charges, including customs duty, may, if desired by the senders, be prepaid in full, at the time of posting on parcels for the United Kingdom, whether insured or uninsured, which do not exceed 11 lbs. in weight, subject to the following special conditions:

- (a) A parcel in respect of which the sender wishes to prepay all charges should be presented at the post office plainly superscribed with the words "To be delivered free of all charge."
 - (b) The customs declaration presented with the parcel should state clearly the weight of the contents.
 - (c) The sender will be required to deposit in advance the equivalent in Indian currency, at the rate of rupees fifteen for one pound sterling, of the charges leviable on the parcel in the United Kingdom, according to the British Customs Tariff. He will also be required to pay a fixed fee of four annas for the service to be rendered by the P. O. and to sign a form of agreement declaring his willingness to pay any sum over and above the amount of his deposit that may be found to be due when the charges actually levied on the parcel in the United Kingdom have been ascertained.
 - (d) The Post Office, on the other hand, will refund to the sender any portion of his deposit found to be in excess of the charges actually levied on the parcel in the United Kingdom, and, in the event of the parcel being returned to India as undeliverable, will refund the whole amount of the deposit. In no case will the postal fee of four annas be refunded.
- (2) Parcels with all charges prepaid are subject to the same rates of postage and to the same general rules and conditions as other parcels sent from India to the United Kingdom through the agency of the British Post Office.

PARCELS FROM THE UNITED KINGDOM.

243.
Rates of postage.
(1) The British Post Office receives parcels for India if they do not exceed 11 lbs. in weight and arrangements exist under which the senders of such parcels may, if they so desire, prepay at the time of posting all charges, including customs duty, leviable on them in India. Parcels above that weight are received by the Peninsular and Oriental Steam Navigation Company at its offices in London. The rules governing the despatch of parcels from the United Kingdom are published in the *British Post Office Guide*, and exhibited at every British post office; but enquiries in the United Kingdom should, in the case of parcels not exceeding 11 lbs. in weight, be addressed to the Secretary, G. P. O., London, and enquiries regarding parcels above that weight should be addressed to the Peninsular and Oriental Steam Navigation Company, 122, Leadenhall Street, London, E. C.

(1) Parcels despatched by the British Post Office can be insured to destination in India. The rules regarding the insurance of parcels despatched from the United Kingdom will be found

247.

Responsibility of Post Office.**PARCELS FOR THE UNITED STATES OF AMERICA.**

248.

Description of services.

The parcel post with the United States of America is carried on through the medium of the British Post Office by means of two distinct services, viz., (i) an official service with the United States Post Office by which only uninsured parcels not exceeding 4 lbs. 6 oz. in weight and £10 in value may be sent, and (ii) a semi-official service maintained in conjunction with the American Express Company by which insured as well as uninsured parcels up to 11 lbs. in weight and £20 in value may be sent. In the case of a parcel which does not exceed the lower limits of weight and value, that is, 4 lbs. 6 oz. and £10, respectively, the sender must specify clearly by which of the two services the parcel is to be forwarded, by writing on the cover of the parcel or on the official label pasted to it the words "By official service" or "By semi-official service," as the case may require. Full particulars as to the rates of postage and other conditions applicable to the two services will be found in the Foreign Parcel Post Schedule at the end of this section.

249.

Customs duty and other charges.

All parcels for the United States, whether transmitted by the official or by the semi-official service, are liable to be charged on delivery to the addressees with import customs duty according to the ordinary customs tariff of the United States. In the case of parcels which for any reason cannot be delivered to the addressees and are returned to the senders at the request of the latter, the customs duty assessed is cancelled. The return, however, of parcels sent to the United States by the semi-official service is subject to the payment by the senders of any warehousing or other charges that may be made by the American Express Company. Dutiable parcels are subject to warehousing charges for each month that they remain undelivered.

250.

Prepayment of customs duty, etc.

(1) In the case of parcels intended for transmission by the semi-official service the sender may, at his option, prepay the customs duty at the time of posting.

(2) The prepayment of the customs duty may be made at all head and sub-offices, subject to the following conditions:—

- (a) The parcel should be presented at the post office plainly superscribed with the words "To be delivered free of customs duty."
- (b) The sender will be required to deposit in advance the equivalent in Indian currency (at the rate of fifteen rupees for one pound sterling) of 10 per cent. of the value of the parcel as stated in the customs declaration. He will also be required to pay a fixed fee of four annas for the service to be rendered by the Post Office and to sign a form of agreement declaring his willingness to pay any sum over and above the amount of his deposit that may be found to be due when the charges actually levied on the parcel in the United States have been ascertained.
- (c) The Post Office, on the other hand, will refund to the sender any portion of his deposit that may be found to be in excess of the charges actually levied on the parcel in the United States, and in the event of the parcel being for any reason returned to the sender, will refund to him the amount of the deposit, less any warehousing or other charges which may be made by the American Express Company. In no case will the postal fee of four annas be refunded.

Note 1.—The Indian Post Office cannot furnish any information as to the customs tariff or procedure in force in the United States of America

Note 2.—Parcels on which the prepayment of customs duty is undertaken are not accepted at branch offices.

251.
Other conditions.

Parcels with customs duty prepaid are subject to the same rates of postage and to the same general rules and conditions as other parcels sent from India to the United States by the semi-official service.

CLAIMS TO DRAWBACK OF, OR EXEMPTION FROM, CUSTOMS DUTY.

252.
Drawback of, and exemption from, customs duty.

The following rules describe the procedure to be followed in connection with claims to drawback of customs duty in respect of articles exported from India by the foreign parcel post and to exemption from duty in respect of articles re-imported by the foreign parcel post:—

I.—Grant of Post Office receipt for customs duty paid.

(1) Claims to drawback of customs duty paid on the contents of a foreign postal parcel in the event of the articles being subsequently exported out of India, or to exemption from duty on their being subsequently re-imported into India, are not entertained by the Customs Department unless they are supported by a receipt for the amount of duty paid. Articles for which duty is charged should be described in the receipt in detail sufficient to establish their identity.

(2) The only post offices which are authorised to grant receipts for customs duty paid in respect of foreign postal parcels are the head post offices at Bombay, Calcutta, Madras, Bangoon and Karachi. When, therefore, a person residing at a place other than one of the five ports named desires to obtain a receipt for the duty assessed on a foreign parcel expected by him or actually received to his address, he should either arrange beforehand for the parcel to be addressed to him to the care of an agent at one or other of the five ports in question, or, on the parcel being tendered to him by the postman, should redirect it to the care of such agent, and return it to the postman *unopened*. He should also, *without delay*, instruct his agent as to the action to be taken in respect of the parcel [see next rule].

(3) When the addressee of an import foreign parcel on which any customs duty is due wishes to obtain a receipt for the duty paid, he (or his agent) should attend at the head post office (at Bombay, Calcutta, Madras, Bangoon or Karachi, as the case may be) and open the parcel in the presence of the customs appraiser who is on duty at the post office

during certain fixed hours which can be ascertained on enquiry from the postmaster. The customs appraiser will make out and sign a detailed receipt for the addressee, re-assessing the duty, if necessary, in any case in which the actual contents of the parcel are found to differ from the entries in the customs declaration. After the receipt has been prepared and signed by the customs appraiser, it will be impressed with the date-stamp of the post office and be signed by the postmaster or deputy postmaster in acknowledgment of the amount of duty. The receipt will then be made over, with the parcel, to the addressee (or his agent) on the latter paying the amount of the customs duty and any other charges that may be due on the parcel.

II.—Claims to drawback in respect of articles exported by the foreign parcel post.

(1) When it is desired to claim drawback in respect of any articles exported from India by means of the foreign parcel post on which customs duty was paid on their importation, the sender (or his agent)* should obtain from the local head post office (at Bombay, Calcutta, Madras, Rangoon or Karachi, as the case may be) and fill up, in duplicate, the prescribed form of drawback application. He should then present at the local head post office, during the hours when the customs appraiser is present on duty, the articles in respect of which he claims drawback, together with the two copies of the drawback application, the receipt for duty paid granted by the post office at the time the articles were imported (or if the articles were imported as cargo, any document obtained from the Customs Department proving payment of duty on importation), and the customs declaration required to accompany a parcel for despatch by the foreign parcel post [see clauses 219 and 235(1)] to an agent at one or other of the five ports named.

(2) If the customs appraiser is satisfied as to the identity of the articles, he will cause the sender (or his agent) to make them up into a parcel and to address the parcel in his (the appraiser's) presence.

(3) The sender (or his agent) should then, in the presence of the customs appraiser, present the parcel at the post office window along with the customs declaration, the drawback application in duplicate, and the receipt (or other document) for duty paid. The parcel clerk will grant the usual receipt for the parcel and, after noting the No assigned to the latter on the two copies of the drawback application and the receipt (or other document) for duty paid, will stamp these documents with the office date-stamp and return them to the sender (or his agent). The parcel will be dealt with and despatched in the usual course.

(4) When the parcel has been posted, the customs appraiser will complete and sign the two copies of the drawback application, and the sender (or his agent) should present them, along with the receipt (or other document) for duty paid and the post office receipt for the parcel at the local customs office for the orders of the Collector of Customs. In case the application for drawback is admitted, the amount will be paid to the applicant (the sender or his agent) direct by the Customs Department, and the payment noted on the receipt produced for duty paid. The post office receipt for the parcel will be retained by the Collector of Customs.

(5) If for any reason an outward foreign parcel in respect of which drawback has been claimed by the sender cannot be forwarded by the Indian office of exchange concerned to destination and has to be returned to the office of posting, the fact of its return will be communicated by the latter office without delay to the sender and to the local Collector of Customs, and the parcel will not be re-delivered to the sender except on production by him of the original post office receipt granted to him at the time of posting the parcel.

(6) Claims to drawback of duty are not entertained by the Customs Department in cases where—

(a) the value of the articles to be exported is less than the amount of drawback claimed;

- (b) the claim for drawback amounts to less than Rs-0-0 and the Collector of Customs thinks fit to reject it.

The exportation of articles on which drawback is claimed must be effected within two years from the date of importation, or within such extended term not exceeding three years, as the Chief Customs authority, on sufficient cause being shown, may determine.

III.—Claims to exemption from duty in respect of articles re-imported by the foreign parcel post.

(1) When the addressee of an inward foreign parcel which is charged with customs duty claims exemption from the duty assessed, or any portion of it, on the ground that he has already paid duty on a previous importation of the contents, or any portion of the contents, of the parcel, he should present his claim in writing at the post office, together with the receipt for duty paid granted by the Post Office (or, if the articles were previously imported as cargo, any document obtained from the Customs Department proving payment of duty on first importation) and proof of the re-importation having taken place within three years of the date of export. The written claim and accompanying documents will be forwarded to the Collector of Customs at the port at which the duty was assessed and, as delivery of a parcel out of the custody of the Post Office involves forfeiture of the addressee's right to have the amount of customs duty assessed on it remitted or reduced, the parcel should be left in deposit at the post office until the decision of the customs authorities on the claim has been received.

(2) The decision of the Collector of Customs on the claim, when received, will be communicated to the addressee; and, if the amount of duty assessed or any portion of it is cancelled, the parcel will be delivered to him, as the case may be, either free of duty or on his paying such portion of the duty as has not been cancelled.

(3) Articles on which drawback has been paid on export from India are liable to duty on re-importation.

(4) Claims to exemption from duty on re-importation are not entertained by the Customs Department unless the re-importation takes place within three years from the date of export. With a view to satisfactory evidence on this point being furnished, persons who export articles with the intention of re-importing them and claiming exemption from duty on re-importation, should have the particulars of the articles registered by the Customs Department at the time of export.

254. Definitions. A "Money order" is an order granted by the Post Office for the payment of a sum of money through the agency of the Post Office. A "Remitter" is the person who sends money by means of a money order. A "Payee" is the person named in a money order as the person to whom the money is to be paid.

255. Money order offices. All post offices are money order offices except those that are distinguished in the List of post offices at the end of this book by the sign || against their names.

256. Limit of value. The amount for which a single money order may be issued must not exceed Rs. 600, and must not include a fraction of an anna, except in the case of money orders issued by, or in favour of, any Department of the Government, or by, or in favour of, a District, Local or Municipal Board.

Explanation.—The words "any Department of the Government" include any official Department of the Government of a Native State the Po-ts of which have been amalgamated with the Imperial Post.

257. Orders for certain Native States. Money orders may be issued on the following Native States with which special arrangements have been made for the exchange of money orders, but the amount for which a single money order may be issued on these States, must not exceed Rs. 600:—

These special rates of money order commission are not charged in the case of money orders issued in payment of sums recovered from addressees of value-payable articles.

259.

Money orders—how obtained.

The remitter of a money order must fill in, in ink, on a money order form (which will be supplied to him *gratis* by the Post Office) the necessary entries, adding his signature at foot. He must also write his own name and address on the "acknowledgment" portion of the form. The entries must be legible, and may be written in English or in the current vernacular of the district, either by the remitter himself or by any one on his behalf. The remitter may write on the "coupon" any communication he desires to make to the payee.

The money order form duly filled in, together with the amount of the money order and commission, must be presented at the post office window during the prescribed hours.

260.

Payee's name and address.

The name and address of the payee must be entered with such completeness as shall secure identification and prevent risk of wrong payment. In the case of money orders payable in presidency and other large towns, the name of the street and the number of the house in which the payee resides should invariably be given. The occupation, rank, trade, or profession of the payee, and any other particulars calculated to help in identifying him, should be added. The name of only one person may be entered as payee except in the case of firms or corporations, whose usual designation must be given. A money order payable to a Government official, bank manager, or an editor of a newspaper etc., in his *public* capacity, should contain the designation, not the name, of the person for whom the order is intended.

261.

Non responsibility of Post Office.

The Post Office will not be responsible for the wrong payment of a money order caused by incorrect or incomplete information given by the remitter as to the name and address of the payee, or for the payment of a money order being refused or delayed by or on account of any accidental neglect, omission or mistake by or on the part of an officer of the Post Office, or for any wrong payment of a money order after the expiration of one year from the date of the issue of the order.

262.

Remitter's receipt.

A receipt will be given to the remitter for the amount paid by him on account of the money order and commission. Any error or omission in the receipt should be pointed out at once by the remitter, otherwise the Post Office will not be responsible.

NOTE.—Books containing 50 money order forms, with counterfoils, can be obtained at a cost of two annas each at all principal post offices. The counterfoils are intended for the sender to record particulars of each remittance for his own information.

263.

Payment of orders.

(1) The payment of a money order will ordinarily be made at the address of the payee on his signing the money order and acknowledgment and returning them to the postman. The coupon should be retained by the payee.

(2) If the money order is payable to a person who is not permanently resident within the jurisdiction of the office of payment or personally known to the postmaster or any of his subordinates, the money order will be paid only on satisfactory proof of the identity of the claimant with the person named in the money order.

264.

Signature of payee.

The money order and acknowledgment must be signed by the payee named by the remitter, or by some person authorised in writing by the payee in his behalf. The signature must be written in ink in the space provided for the purpose.

265.

Payment outside ordinary delivery limits.

Any person residing outside the ordinary limits of delivery of the post office who sends his own messenger at regular intervals to the post office to take delivery of correspondence received at his address (*see* clauses 28 and 29), may authorise the postmaster, in writing, to pay money orders to the messenger, and the postmaster will accept the signature on the money orders of the messenger named in the written authority so given, and pay him the amount. In cases where this authority is

not given to the postmaster, notice of the arrival of the money order will be sent to the payee under the next clause.

**266.
Payment in Native
States, etc.**

If the payee of a money order resides within the limits of a Native State with which no arrangement exists for the exchange of money orders, or in any locality where payment cannot be effected in the usual way, a notice of the arrival of the money order will be sent to him together with the acknowledgment and coupon, requesting him to attend personally, or send an agent authorised in writing to sign the order on his behalf, to receive payment of the amount. For this notice the payee must give a receipt. If the payee returns the notice, duly endorsed with a receipt of payment, and the acknowledgment duly signed, to the post office, the amount of the money order will be handed to the person presenting these documents.

**267.
Payee's acknow-
ledgment.**

The remitter of a money order is entitled to obtain, free of charge, an acknowledgment of the payment of the amount of the order signed by the payee. Should the remitter fail to receive an acknowledgment in due course, he should represent the matter to the Post Office, and he will obtain a certificate of payment, free of charge, signed by the postmaster of the office of payment.

**268.
Illiterate payees.**

If the payee of a money order is illiterate, it will be necessary for him to make his mark on the money order in the presence of a witness whose signature must be obtained on the order.

**269.
Re-direction.**

If a person, removing from one post-town to another, leaves written instructions with the postmaster of the former place to re-direct any money orders that may become payable to him after his departure, the instructions so given will be carried out, free of charge, and the money orders will be payable at any post office to which they are so re-directed.

NOTE.—This rule applies also to the re-direction of inland money orders to any Native State with which an arrangement exists for the exchange of money orders or to any of the countries or places mentioned under clauses 263 and 266.

**270.
Alteration of ad-
dress or place of pay-
ment.**

to the post office at which the order was issued.

The remitter of a money order which has not been paid, may require that the address of the payee shall be altered or that the name of the post office, at which the order was originally made payable, shall be changed. The required change will be made without additional charge on the remitter's applying in writing

**271.
Alteration of payee's
name.**

remitter's applying in writing to the post office at which the order was issued, and producing the receipt granted to him for the order.

The remitter of a money order which has not been paid, may require that the amount be paid to some person other than the payee named in the order. The required change will be made, on payment of a second commission equal to the first, on the

**272.
Stoppage of pay-

was issued and producing the receipt and giving full particulars of the payee's address as entered in the money order. Payment can be stopped by telegram if the remitter pays for it. In no case, however, will the post office be responsible for inability or failure to stop payment of a money order in compliance with the remitter's request.

The remitter of a money order which has not been paid, may stop payment and require that the money be re-paid to himself. This will be done without additional charge on the remitter's applying in writing to the post office at which the money order

**273.
Re-payment when
payee cannot be
found.**

If the payee of a money order cannot be found, or if the payee refuses to take payment, the amount of the order will be returned at once to the remitter free of charge. The commission will in no case be refunded.

**274.
Void money orders.**

If payment of a money order to the payee cannot be effected and the amount cannot be re-paid to the remitter owing to the latter not being found, the order will become void and its value will be credited to Government. But, if the payee or remitter

subsequently applies for payment, the amount of the order will be paid to him on a fresh money order issued by the Comptroller, Post Office, provided that application is made before the expiration of one year from the date of issue of the original order.

NOTE.—When payment of a void order is to be made in a foreign settlement in India, or in a country or at a place outside of India with which money orders can be exchanged (*see* clauses 293 and 296), a fresh commission is deducted from the amount of the order at the rates applicable to inland money orders or money orders expressed in sterling, according as the settlement, country, or place where payment is to be made is one named in clause 293 or one named in clause 296.

275.
Option of Post Office.

The grant of money orders may be refused or the rate of commission may be raised by any post office, acting under special orders, owing to an exceptional state of treasury balances, or any other special cause.

TELEGRAPHIC INLAND MONEY ORDERS.

276.
Authorised offices.

If there be no Government Telegraph Office at the station of payment, the telegraphic money order will be sent by post from the nearest post office at which there is a Government Telegraph Office.

Telegraphic money order—how obtained.

The remitter of a telegraphic money order must fill in, in ink, on an ordinary inland money order form, the entries for the remitter, leaving only the coupon blank, and write across the form the words "By telegraph urgent" or "By telegraph deferred" according as to whether he wishes the telegram advising the remittance to be

signalled as an urgent, or as a deferred, message. The number of words to be signalled on account of the remitter's name and the payee's name and address, must not exceed six, the calculation being made according to the rules of the Government Telegraph Department. Abbreviated addresses, or Code words to represent the name of the remitter or the name and address of the payee, must not be used. The money order form duly filled in, together with the amount to be remitted and the fee, must be presented at the post office window during the hours notified for telegraphic money order business (*see* clause 1).

NOTE.—*See* also clause 286.

281.

Remitter's receipt.

A receipt will be given to the remitter, showing the total amount paid by him, the payee's name and the hour at which the telegraphic money order was presented.

282.

Acknowledgments.

The remitter of a telegraphic money order is entitled to obtain free of charge, by post, an acknowledgment of the payment of the amount of the order signed by the payee.

283.

Date and hour of payment not guaranteed.

Telegrams advising remittances are sent "urgent" or "deferred" as noted by the remitter on the money order form, and postmasters are prohibited from giving any assurance to the remitter as to the time within which the remittance will reach its destination or be paid to the payee. If the order is issued at a station

where there is a Government Telegraph Office, and the Telegraph Office is closed at the time the order is presented at the post office for despatch, and there is any likelihood of the message being delayed in transmission, the remitter will be informed accordingly.

NOTE.—An "urgent" telegraphic money order is signalled sooner than one that is sent "deferred" but in the post office of payment both "urgent" and "deferred" telegraphic money orders are paid as soon as practicable after receipt of the telegraphic advice without any distinction being made between the two classes of orders.

284.

Payment.

The payment of a telegraphic money order will ordinarily be made as soon as practicable after receipt of the telegraphic advice by the office of payment, at the residence of the payee, on his signing a receipt for the amount and the acknowledgment and returning these documents to the postman.

285.

Signature of payee.

The receipt and acknowledgment must be signed by the payee named by the remitter, or by some person authorised in writing by the payee in this behalf. The signature must be written in ink in the space provided for the purpose. If the payee is illiterate, it will be necessary for him to make his mark on the receipt and acknowledgment in the presence of a witness whose signature must be obtained on these documents.

286.

Express paid advice.

(1) The sender of an inland telegraphic money order payable at a village where there is no post office, and which is served by a village postman, may require that if the village postman cannot proceed at once to the payee at his residence, an intimation of the arrival of the order shall be sent by the office of payment to the payee by a special messenger. The remitter must pay in advance for the hire of the special messenger and write across the money order form, in addition to the words "By Telegraph" and in continuation of them, "X. P. . . . annas". Any amount may be paid in advance for the purpose.

(2) If the amount advanced is found by the office of payment to be insufficient for the hire of a special messenger, a special messenger will not be employed and the telegraphic money order will be paid in the ordinary way.

(3) If the amount or any part of the amount paid for a special messenger is not used by the office of payment, the amount left undrawn will be repaid to the remitter if he applies to the Comptroller, Post Office, Calcutta, within one year from the date of issue of the telegraphic money order.

(4) In every case in which an intimation of the arrival of a telegraphic money order is sent to the payee by a special messenger at the remitter's request, the money order will not be sent out for payment by the village postman and it will be necessary for the payee to call or send an agent or messenger to receive payment at the post office.

287.

Re-direction.

If the payee of a telegraphic money order has removed from the place at which the order was originally payable, and has left written instructions with the post office for the re-direction of articles to his address, the telegraphic money order will be

re-directed to him by post on receipt of the postal confirmation of the telegraphic money order, and the order will be payable at the revised address without any extra charge.

288.

Alteration of address or place of payment.

The remitter of a telegraphic money order which has not been paid, may require that the address of the payee shall be altered, or that the name of the office at which the order was originally made payable, shall be changed. The required alteration will be made in the ordinary course of post, without additional charge, on the remitter's applying in writing to the post office at which the money order was issued.

289.

Alteration of payee's name.

The remitter of a telegraphic money order which has not been paid, may require that the amount be paid to some person other than the payee named in the order. The required change will be made in the ordinary course of post, on payment of the commission chargeable on an ordinary money order for the same amount, on the remitter's applying in writing to the post office at which the order was issued, and presenting the receipt granted for the original order.

290.

Stoppage of payment.

The remitter of a telegraphic money order which has not been paid, may stop payment and require that the money be re-paid to himself. This will be done on the remitter's applying in writing to the post office at which the money order was issued, producing the receipt and giving full particulars of the payee's address as entered in the money order. Payment may be stopped by telegram, the remitter paying the necessary charges at the ordinary rates for it. In no case, however, will the Post Office be responsible for inability or failure to stop payment of a money order in compliance with the remitter's request.

291.

Procedure if payee cannot be found.

If the payee of a telegraphic money order cannot be found, or should the payee refuse to take payment, a reference will be made to the office of issue by telegraph, in order to obtain instructions from the remitter regarding the disposal of the telegraphic money order. These instructions will be communicated to the office of payment, by telegraph if the remitter pays the cost of the telegram, otherwise by post. The telegraphic money order, if still undeliverable, will then be re-issued by telegraph, free of any further charge, for payment to the remitter. The fees will in no cases be refunded.

292.

Void telegraphic orders.

If payment of a telegraphic money order to the payee cannot be effected and the amount cannot be re-paid to the remitter owing to the latter not being found, the order will be void and its value credited to the Government. But, if the payee or remitter subsequently applies for payment, the amount of the void order will be paid to him on a fresh money order issued by the Comptroller, Post Office, provided that application is made before the expiration of one year from the date of issue of the original order.

NOTE.—See the Note under clause 274.

NOTE 1.—See remark against countries marked * and † in the list given in **clause 296**.

NOTE 2.—In the case of money orders issued from certain post offices, special rates of money order commission may be charged. When special rates are in force the offices concerned are indicated, and the rate of commission in each case is stated in the list of post offices at the end of this book.

299. A table of conversion, calculated at the rate of fifteen rupees for one pound sterling, is given at **page 170** from which the **Amount payable in Indian currency.** of a foreign sterling money order can be at once ascertained. The amount to be paid in Indian money will be the equivalent, as shown by the Table, of the sterling value of the order, *plus* the commission calculated at the rates given in the **preceding clause**.

NOTE.—A further table of conversion is given at **page 171** from which the equivalent in foreign currencies of the values of foreign sterling money orders can be ascertained.

300. The remitter must apply for a Foreign money order form (which will be supplied to him *gratis* by the Post Office), and fill in the necessary entries, adding his signature at foot. The amount of the money order (whatever be the country of destination) must be stated by the remitter in British (sterling) money, and the equivalent of this amount in Indian currency will be entered in the form by the Post Office. If the country of destination has a different currency, the sterling amount will be converted by it into the local currency for the purpose of payment. The remitter must write his own name and address on the "intimation" portion of the form. All the entries made by the remitter should be legibly written in ink. The money order form must be presented, with the money and commission, at the post office window during the prescribed hours.

NOTE.—A money order payable in the United Kingdom may be crossed for payment only through a bank. When a remitter desires to make use of this privilege, he should write across the money order form the name of a particular bank or merely the words "Co." between parallel lines.

301. The name of the payee should include the surname and at least the initial letter of one Christian name. If the payee be a firm or company, the usual designation of the firm or company will suffice. The address of the payee should be full and precise, as on it depends the determination of the particular money order office in the Foreign country at which the money order will be made payable. The surname, and at least one initial of the Christian name, of the remitter should be given; if the remitter be a native of India, his tribe or caste and his father's name should be stated in addition to his own name. The name and address of the payee should be given with such completeness as shall secure identification and prevent risk of wrong delivery.

302. It will be necessary for the remitter of a Foreign money order to write to the payee informing him of his (the remitter's) name as entered in the order. The payee will receive the money order direct from the head money order office of the country of payment.

303. If the post office at which application is made for a Foreign money order expressed in sterling be a branch post office, it will be necessary for it to forward the money order form, filled up by the remitter, to its account office for examination, and in order

Issue at branch offices.

to ensure the correct calculation of the amount payable for the order. On return from the account office, the money order form will be delivered to the applicant, who may then present it accompanied by the required amount.

304.**Remitter's receipt.**

The remitter will be furnished by the post office with a receipt for the amount paid by him on account of the money order and commission. The remitter should examine the receipt to ascertain that the particulars have been correctly entered. Any error or omission should be pointed out at once by the remitter to the post office; if he omits to do so, the responsibility of any mistake will rest with him.

305.**Intimation from Bombay.**

The remitter will receive from the Bombay post office* an intimation that the money order has been communicated to the Foreign country of payment, and should retain this intimation in his possession, in case occasion should arise for making enquiry regarding the money order.

NOTE.—This intimation will not be furnished in the case of orders issued by the Aden post office.

306.**Alterations or refunds.**

If the remitter of a Foreign money order, expressed in sterling, desires any of the services noted on the margin, or has any complaint to make with regard to the money order remitted by him, he should address the Deputy Postmaster, Bombay,† enclosing the receipt granted to him by the office of issue, or the acknowledgment received by him under clause 305. The Bombay post office† will communicate with the Foreign country concerned and intimate the result. In the case of the cancellation of an order after reference to the Foreign country of payment, the amount to be refunded will be the value of the order, but not the commission. No second commission will be charged for the services mentioned in this clause.

307.**Undeliverable money orders.**

If a money order is returned by the Foreign country of payment as undeliverable, the value of the money order, but not the commission, will be refunded to the remitter.

308.**Payment of orders from Foreign countries.**

Money orders issued in the Foreign countries named in clause 296, and payable in India, will be prepared by the Bombay post office,† the amount of the Foreign orders being converted into Indian currency at the rates shown in the Table of conversion at page 171. Subject to the exception in the note below this clause, the rules governing the delivery and payment, etc., of inland money orders are applicable also to these Foreign orders payable in India, but an order that has become void cannot be paid after the expiration of twelve months from the date of its receipt in India, as the amount is credited at the end of that period to the Foreign country of issue.

NOTE 1.—The redirection to any of the countries or places named in clauses 293 and 296, with the exception of the Native States named in clause 293, of money orders originally received from any of those countries or places for payment in India is subject to a fresh charge on account of commission at half the rates of commission applicable to inland money orders or money orders expressed in sterling, according as the country or place to which the order is redirected is one named in clause 293 or one named in clause 296. Should the amount of this fresh charge, however, calculated at the rates mentioned, include a fraction of an anna, the amount will be rounded to the next complete anna.

NOTE 2.—The provisions of Note 1 above apply also to the exceptional case of redirection to a foreign settlement in India, or to a country or place outside of India, of a foreign money order originally issued in India but which is received by the country of payment to India for repayment to the remitter, or for the repayment of which the remitter himself has applied.

the address of the payee.

The application for a telegraphic money order for payment in Ceylon must be made out by the remitter on an ordinary inland money order form with the words "By telegraph" written across the particulars, as in the case of an inland telegraphic money order. The word "Ceylon" must always be added after the post-town in

314.
Remitter to specify telegraph office.

If the post-town at which payment is to be made is not at a telegraph station, the post office of issue will not undertake to determine the telegraph office through which the post office of payment is served; but in every case the remitter will be required to specify in the application the name of the telegraph office to which the order is to be signalled, as is required by the Telegraph Department in the case of an ordinary telegram. The name of this office must always be entered on the money order form after the address of the payee as follows:— "Telegraph Office _____."

315.
Payment in India.

A telegraphic money order received from Ceylon for payment in India will be paid to the payee according to the rules for the payment of inland telegraphic money orders, but payment will be made only at the post office on which the order was originally drawn. If payment cannot be made at that post office owing to the payee having changed his address or from any other cause, the order will be re-issued, free of any further charge, by telegraph on Ceylon for repayment to the remitter.

Exception.—The above prohibition against redirection does not apply to telegraphic money orders payable in the Madras circle which will be redirected by post within the limits of that circle (1) when the payee has left written instructions for the redirection of articles received to his address or when, in the absence of such instructions, it is known beyond doubt that the payee has changed his address to a place served by another post office, and (2) when a telegraphic money order is drawn on a wrong office owing to ignorance on the part of the remitter of the latest postal arrangements made for serving the locality in which the payee resides.

FOREIGN ORDERS TELEGRAPHED TO OFFICES OF EXCHANGE

316.
Particulars telegraphed.

The telegraphic money order system does not apply to any Foreign money order exchange except that with Ceylon, but the remitter of a Foreign money order drawn on any other country named in clause 294 or 296 can have the particulars telegraphed to the Indian office of exchange concerned (*see* clause 309), and that office will, on receipt of the telegraphic advice, issue a money order on the Foreign country of payment under the foreign money order rules. It should be understood that the money order will be telegraphed to the Indian office of exchange only, and not to the Foreign country of payment. Applications made at branch offices will be subject to the conditions laid down in clause 303.

317.
Inland rules applicable.

The rates of commission, the limit of value, and the other conditions laid down in the rules relating to inland telegraphic money orders apply subject to the preceding clause, to money orders payable in the countries and places named in clause 293 with the exception of Ceylon.

318.
Conditions applicable to foreign sterling orders.

The following conditions apply to money orders payable in the United Kingdom or any other of the countries and places named in clause 296:—

(a) The maximum amount for which a single foreign sterling money order can be telegraphed under these rules to the Indian office of exchange concerned is £40, and no such order may include a broken sum less than £1. The fees (including the cost of the telegram) payable in the case of such orders will be at the following rates:—

(c) Foreign money orders intended for payment in any country to which mails are sent from Bombay by the Peninsular and Oriental Steam Navigation Company's weekly mail steamers will not be accepted for the purpose of being telegraphed to Bombay, if presented at any post office on Saturday, i.e., the day of departure of those mail steamers.

- 322.**
Broken amounts.
Broken amounts up to five pence (but not including fractions of a penny) may be made up by affixing to the face of any British postal order unused *Indian* postage stamps, not exceeding *three* in number of equivalent value—one anna being equal to a penny. The only Indian postage stamps which may be used for the purpose are those of the values of 1, 2, 3, and 4 annas. British penny postage stamps may also be used for the purpose of making up broken amounts, but in this case the broken amount may not exceed three pence as not more than three stamps may be affixed to a British postal order. (*See Note to clause 3.*) Defaced stamps are not accepted for this purpose and perforated stamps are recognised only on orders presented by banks.
- 323.**
Amount payable in Indian currency.
A table of conversion, calculated at the rate of fifteen rupees for one pound sterling, is given at page 170, from which the cost in Indian money of a British postal order can be at once ascertained. The amount to be paid for a British postal order will be the equivalent of its value in Indian money, as shown by the Table, *plus* the British poundage at the rates given above.
- 324.**
Entries by purchaser.
The purchaser of a British postal order must, before parting with it, fill in the name of the person to whom the order is to be paid, and may fill in the name of the money order office at which the amount is to be paid. If the name of a money order office is not entered by the purchaser, the order will be payable at any money order office named by the payee.
- 325.**
Crossed orders.
A British postal order may be crossed for payment through a bank. If a British postal order be crossed generally thus "_____ or _____ & Co." payment will be made only through a banker, and if the name of a banker is added, payment will be made only through that banker. No British postal order will be paid even though presented for payment by a banker, unless the name of the payee be inserted in the body of the order.
- 326.**
Record of particulars.
The purchaser should keep a record of the serial No. and date and name of the office of issue of the order, to facilitate enquiry if the order should be lost.
- 327.**
Miscarriage or loss of orders.
In case of the miscarriage or loss of a British postal order, unless proof can be given to the satisfaction of the British Post Office that the name of the payee was inserted in the order before the holder parted with it, and unless the number of the order can be furnished, the British Post Office cannot undertake to trace the order with a view to accounting for the miscarriage or loss thereof.
- 328.**
Altered, mutilated, or incomplete orders.
If any erasure or alteration be made, or if the order is not stamped or signed by the postmaster of the issuing office, or if the order is cut, defaced, or mutilated, payment may be refused and when payment is refused on any of these grounds, no refund of the value of the order can be granted in India.
- 329.**
Early presentation.
The purchaser of a British postal order is recommended not to delay its transmission to the payee. Similarly no time should be lost by the payee of a British postal order in presenting the order for payment.
- 330.**
Penalty for late presentation.
(1) If a British postal order be not paid within three months from the last day of the month of issue, a commission equal to the original poundage will be charged, which must be paid in Indian postage stamps affixed to the back of the order.
(2) British postal orders presented for payment more than six months after the last day of the month of issue cannot be paid until a reference has been made to the chief office in London.
- 331.**
Repayment to purchaser.
In accordance with the procedure and subject to the conditions applicable to the payment of British postal orders, the purchaser of any such order which has not been crossed for payment through a bank, can obtain re-payment of its value (but not of the poundage) on presenting the order and the counterfoil together with an application for the refund at the issuing office.

332. After a British postal order has once been paid, to whomsoever
 Responsibility of it is paid, the Post Office will not be liable for any further

BUSINESS HOURS.

3. Post Office Savings Banks will be open for the transaction of business between the hours of noon and 4 P.M. every day, with the exception of Sundays, Christmas Day, New Year's Day, Good Friday, and the King's Birthday. These hours may, under the authority of the Postmaster-General, be altered to suit local circumstances.

POSTAL OFFICIALS BOUND TO SECRECY.

4. The officers of the Postal Department engaged in the receipt or payment of deposits are not allowed to disclose the name of any depositor, or the amount deposited or withdrawn by him, except to the Postmaster-General or other officers of the Department engaged in carrying out the provisions of these rules.

PERSONS WHO MAY DEPOSIT MONEY.

5. Any person may deposit money in a Post Office Savings Bank (a) on his own behalf, or (b) on behalf of any minor relative, or (c) on behalf of any minor of whom he is the guardian.

Exception.—A Government official may not open an account on behalf of a minor of whom he is the official guardian.

Explanation.—Minors are allowed to deposit money in their own names, and women, whether married or single, are allowed to deposit money in their own names, but subject, in the case of married women, to the limitation laid down in rule 6 (iii).

LIMITATIONS AS TO OPENING ACCOUNTS AND DEPOSITS.

6. (i) Any person may open an account in his own name, but may not have more than one such account open.

(ii) In addition to the account which a person may open in his own name, he may open any number of separate accounts on behalf of any minors who are related to him or of whom he is the guardian, provided that he shall not open more than one account on behalf of each such minor.

(iii) The fact that an account has been opened on behalf of a minor shall not prevent such minor from opening an account in his own name; nor shall the fact that a married man has an account in his own name prevent his wife from opening a separate account in her own name, provided the money to be deposited by her is her own property or earning.

7. In each account money may be deposited either at call or subject to six months' notice of withdrawal.

8. Deposits in trust are not allowed, and cannot be recognised.

9. Money cannot be deposited in the name of two or more persons jointly, provided that nothing in this rule shall prevent the deposit of money in the name of a known firm.

10. The smallest sum of money that can be deposited at any time is four annas; and no sum can be deposited that includes a fraction of an anna.

11. The total amount which may be deposited in any one official year—from the 1st April to the 31st of March inclusive—may not exceed Rs.1,200, of which not more than Rs.200 may remain at call, or subject to six months' notice of withdrawal, or partly at call and partly subject to six months' notice of withdrawal. The excess above Rs.200, together with any further sum at the depositor's credit, which he may wish to invest (being a sum in whole rupees and not less than Rs.10 in all), will be invested for him in Government securities under rule 46.

Example.—A depositor has deposited Rs.200 from April 1st to November 10th, and on November 20th brings Rs.5 as. 8 to the post office to be deposited. The Rs.5 as. 8 will be accepted as a deposit provided that the depositor at the same time signs a form of application requesting that out of the Rs.205 as. 8 any specified sum in whole rupees, not being less than Rs.10 (e.g., Rs.10 or Rs.11) may be invested for him. In this way the depositor may continue to make deposits up to Rs.1,200 in all during the year.

NOTE 1.—The annual limit of Rs200 for deposits remaining at call or subject to six months' notice of withdrawal, will be reckoned irrespective of withdrawals, that is, withdrawals will not be deducted in applying the limit. But amounts (1) deposited for purposes of immediate investment, or (2) transferred from the deposits at call to deposits requiring six months' notice of withdrawal or *vice versa*, will be deducted in applying the limit.

NOTE 2.—When an account is transferred from one Post Office Savings Bank to another, only such portion of it as was deposited in the current official year shall be included in calculating the limit for Rs200.

12. The total amount which a depositor may have at any time, whether at call, or subject to six months' notice of withdrawal, or invested, exclusive of interest for the current year, is Rs5,000 in the case of an adult and Rs4,000 in the case of an account opened on behalf of a minor by his relative or guardian, provided that, out of these total amounts of Rs5,000 and Rs4,000 not more than Rs2,000, in the case of an adult and Rs1,000 in the case of a minor may remain at call or subject to six months' notice of withdrawal or partly at call and partly subject to six months' notice of withdrawal, and that the balance in excess of these sums (i.e., in excess of Rs2,000 or Rs1,000 as the case may be) is invested on behalf of the depositor under rule 46. Provided also that only sums in whole rupees and not less than Rs10 can be invested at any time.

Example.—A depositor has Rs1,950 at his credit in the Savings Bank and brings Rs500 as Rs5 to be deposited. The Rs500 as Rs5 will be accepted as a deposit provided that the depositor at the same time signs a form of application requesting that out of the Rs2,000 as Rs5 any specified sum in whole rupees not being less than Rs10 may be invested for him. In this way the depositor may continue to make deposits up to Rs1,200 each year until his deposits both at call and subject to six months' notice of withdrawal and his investments amount together to Rs5,000.

NOTE.—The maximum balance of Rs3,000 (or Rs1,000 if the account was opened on behalf of a minor) which may remain at call or subject to six months' notice of withdrawal may be increased by the addition from year to year of interest calculated on the maximum limit of Rs2,000, or Rs1,000, as the case may be, and also by interest on investments, credited under rule 46.

POWERS TO WITHDRAW MONEY AND LIMITATIONS AS TO WITHDRAWALS.

13. A depositor may withdraw money from his account only once a week. By the term "week" is meant the period from Monday to Saturday, both days inclusive. A depositor may, therefore, withdraw money from his account on Saturday and again on the following Monday.

14. A minor may only withdraw money deposited by him in his own name. Money deposited on behalf of a minor may only be withdrawn during his minority by his guardian.

15. Women, whether married or single, may withdraw money deposited by them in their own names; and married women may also withdraw money deposited by them as single women, in their own names, their marriage notwithstanding. The fact that a female minor, on whose behalf money has been deposited, is married, or becomes married after the account has been opened on her own behalf, shall not prevent her from withdrawing the money so deposited on attaining majority.

16. A depositor may not withdraw a smaller sum than four annas, and he may not withdraw any sum which includes a fraction of an anna unless it be to close his account, in which case he may withdraw the whole balance at his credit.

HOW TO OPEN AN ACCOUNT.

17. Any person wishing to open an account should apply to the nearest post office that is a Savings Bank. Application need not necessarily be made in person; but the applicant must state his name, his occupation or profession, and his place of residence. If he be a Native, he must also state his father's name and caste.

18. The intending depositor must sign a declaration, in the following form, that he has read and accepted the Post Office Savings Bank Rules. If he be unable to write, he must attend personally, and, in the presence of a witness, affix his mark or seal to the declaration, to be attested by the signature of the witness. If he should apply in person, a copy of these rules will be given to him to read, or they will be read and explained to him, should he be unable to read. If he should not apply in person, a copy of these rules with the form of declaration will be sent to him, and he must present the declaration duly signed, with the first deposit.

Form of declaration to be signed by depositor on making first deposit.

"I hereby declare that the Post Office Savings Bank Rules have been read { by me }
and that I accept them as binding upon me. { to me },"

"I further declare that I have no account in my own name at any Post Office Savings Bank,"*

19. Women may open accounts in their own names through their agents or, if they are married women, through their husbands or agents. The agent or husband will be required to produce a letter of authority in the prescribed form from the depositor and to sign the declaration that the depositor understands and accepts the rules. No postal official may under this rule be the agent of any woman, except his own wife, in respect of an account held in the post office in which he is employed.

20. When the declaration is presented, duly signed, with the amount of the first deposit, or when it has been signed by a depositor attending in person to make a deposit, the amount of the deposit will be entered in a pass-book which will be supplied to the depositor, and the entry will be initialed by the postmaster and stamped with the office stamp. If the depositor wishes that the deposit, or any portion of it, should be held subject to six months' notice of withdrawal, he must sign a certificate to this effect in the prescribed form which can be obtained from the post office, failing which the entire amount will be entered in his pass-book as a deposit at call. The depositor will be required to sign a receipt for the pass-book and to give a specimen of his signature in a book which will be kept in the post office. If the depositor does not attend in person, he must send a specimen of his signature on a slip of paper to the post office.

NOTE.—A depositor may, if he desires, give a general authority that all deposits in his account should be held subject to six months' notice of withdrawal, by adding the following words to the certificate referred to above:—

"I also require that, until further notice, all deposits that may be made in my account should be held subject to six months' notice of withdrawal."

Until the authority thus given has been withdrawn by an application made in writing by the depositor, all deposits in the account will be held subject to six months' notice of withdrawal and a separate certificate will not be required in each case.

21. If the account be opened at a sub or branch post office, the pass-book for the depositor will have to be obtained from the head office. A preliminary receipt for the amount of the first deposit will, therefore, be given to the depositor, who will be informed of the date on which he should call to receive the pass-book. When the pass-book is handed over to the depositor, he will be required to return this preliminary receipt and to sign a receipt for the pass-book, in addition to leaving a specimen of his signature on record in the post office. The amount of the original deposit will be entered in the pass-book by the head office, and the depositor will therefore have a guarantee that the sum has been received in that office. He should be careful to see that the entry in the pass-book corresponds with the amount entered in the preliminary receipt before giving up the latter.

PASS-BOOK AND ITS IMPORTANCE.

22. The pass-book will show, in the vernacular of the district or in English, as the depositor may wish, the number of his account, with the name of the office from which the book is issued, his own name, occupation or profession, and address. No deposit can be made and no money can be withdrawn from an account without its production, and the post office will not be responsible for any sum not acknowledged in the pass-book. Depositors should carefully examine their books before leaving the office, and ascertain that the entries are correct. They should also be careful to keep their pass-books in their own possession, as the post office does not accept responsibility for any loss caused to a depositor, if, through

* *NOTE.*—The latter sentence is to be scored through in the case of an account opened on behalf of a minor, in which case the person opening the account must make the following further declaration:—

"I declare that I have no account on behalf of the minor at any Post Office Savings Bank."
"I declare that the minor was born on (date by Christian era or nearly as soon as can be ascertained)."

his negligence, any person shall obtain possession of the book and fraudulently obtain the payment of any sum belonging to the depositor.

NOTE.—In the case of an account opened at a sub or branch post office, the pass-book will be sent to the head office as soon as possible after the 15th June, when the pass-book is presented for entry of interest under rule 31. The depositor will obtain a receipt in exchange for his pass-book, and he must give up this receipt when his pass-book is returned to him.

LOSS OF PASS-BOOK.

23. No charge will be made for the pass-book at first supplied to a depositor, or for any book issued to him in continuation of the original book which will be retained by the post office. But if a pass-book be lost or spoiled (except under circumstances over which the depositor has no control), or if any account be re-opened with the permission of the Comptroller, Post Office (under rule 35), before the expiration of three months from the date of closure, the depositor will have to pay one rupee for a fresh book.

MODE OF DEPOSITING MONEY AFTER AN ACCOUNT HAS BEEN OPENED.

24. (1) A depositor may deposit money at the post office at which his account stands as often as he wishes, so long as the prescribed yearly and maximum limits are not exceeded. All that he is required to do is to take or send the amount to be deposited with his pass-book, and (if necessary) the certificate referred to in rule 20, to the post office. The amount of his deposit will be entered in the pass-book, and the balance struck as shown below. The entry will then be initialed by the postmaster and stamped with the dated stamp of the office, and the pass-book will be returned to the depositor or his messenger:—

Date.	Dated stamp of the post office.	Amount of each deposit or withdrawal (to be entered in words).	At call.			Requiring 6 months' notice of withdrawal.			Balance at credit of the depositor.	Initials of the postmaster.

(2) A depositor whose account stands at a head office may deposit money at any of the sub-offices under that head office which are Savings Banks, and a depositor whose account stands at a sub-office may deposit money at the head office of the sub-office or at any of the sub-offices of that head office which are Savings Banks. Similarly, a depositor at a branch office may deposit money at the office to which it is subordinate and, if such office is a sub-office, he may also deposit money at the head office of such sub-office. With these exceptions a depositor may deposit money only at the post office at which his account stands.

NOTE 1.—No deposit may be made to an account which has been ordered to be closed.

NOTE 2.—No deposit may be made to an account opened on behalf of a minor after he has attained the age of 18 years.

NOTE 3.—If a depositor wishes that the whole, or any portion, of the balance of his account at call should be held subject to six months' notice of withdrawal, he should furnish the postmaster with a certificate to this effect in the prescribed form referred to in rule 20. The certificate should be accompanied by the depositor's pass-book, and the necessary transfer will then be made.

25. If the amount be deposited at a sub or branch post office, the depositor will receive in addition to the receipt in his pass-book, an acknowledgment from the head office, which will generally be the office at the head-quarters station of the district. This acknowledg-

ment will be delivered to him in ordinary course through the Post Office. If it should not reach the depositor in proper time, or if, when it reaches him, it should show any signs of erasure, or should not agree with the entry in the pass-book, the depositor should immediately apply to the postmaster of the head office, the name of which is in the pass-book, and renew his application again and again until he receives a satisfactory reply.

MODE OF WITHDRAWING MONEY.

26. (1) When a depositor wishes to withdraw money from that portion of his account which is subject to six months' notice of withdrawal, he must give notice to this effect to the postmaster, in the prescribed form, which can be obtained from the post office. He will then receive an intimation from the postmaster as to the date on which the amount will be payable, which will be six months from the date on which the notice was received at the post office. Should no actual withdrawal be made on that date, the amount in respect of which the notice was given will be transferred to the deposits held at call.

(2) When a depositor wishes to withdraw money which is at call, or in respect of which the notice of withdrawal has expired, he must present his pass-book personally or by agent at the post office at which his account stands, with a printed form of application for withdrawal, which can be obtained at the post office, signed by himself, and showing the balance at his credit and the amount which he wishes to withdraw. If the pass-book and application for withdrawal are presented by an agent, the name and signature of the agent should be entered in the application for withdrawal before it leaves the depositor's custody, and in any case the entries must be made before the application is presented at the post office. If the depositor is unable to write, he must attend personally and affix his mark or seal to the application. Should he be absolutely unable to attend personally, he must have his mark or seal affixed to the application and attested by some respectable witness, and the postmaster will make payment to the person presenting this application with the pass-book, after satisfying himself, by such enquiry as he may think proper, of the inability of the depositor to attend and of the genuine character of the application. The mark or seal of a depositor or messenger who cannot write must, at the time he receives payment of a withdrawal, be attested by the signature of a respectable witness (other than the paying officer) who is personally acquainted with the depositor or messenger (as the case may be) and also known to the postmaster or some member of the post office establishment.

NOTE.—If a depositor desires to withdraw the whole of the balance shown to his credit in his pass-book, he will be required to close his account.

27. Should any person other than the father, or if the father is dead, the mother, wish to withdraw money from an account opened on behalf of a minor and claim to do so as guardian of such minor, he will be required to fill in, on a form prescribed by the Director-General, answers to the following questions and such other questions as may be considered necessary, and will only be allowed to withdraw money on the order of the Postmaster-General in accordance with rule 41:—

- (a) What is your relationship to the minor?
- (b) Is the father or mother of the minor dead, or are both parents dead? What near relatives of the minor are alive?
- (c) Have you been appointed guardian of the minor by will or deed or under any enactment in force in British India? (If the reply to this question is in the affirmative, the applicant should produce the documents on which he relies to support his claim.)
- (d) Are you an adult relative of the minor, and does he reside with you or is he maintained by you?

NOTE.—In the case of withdrawals made from accounts opened on behalf of minors, the father or other guardian of the minor must sign the following certificate on the application for withdrawal:—

"Certified that the amount sought to be withdrawn is required for the use of the minor."

28. The amount to be withdrawn will be entered in the pass-book and a fresh balance struck, as in the case of a deposit, under the initials of the postmaster and the dated stamp of the office. The amount will then be paid to the depositor or to the person presenting the

pass-book and application, and his receipt taken, in all cases without a receipt stamp, on the warrant of payment.

29. If the amount be withdrawn at a sub-post office, payment cannot be made until a warrant of payment is received from the head office, except in the case of certain selected sub-offices which are authorised to grant warrants of payment. If the amount be withdrawn at a branch office, payment cannot be made until a warrant of payment is received from the head office or from the sub-office to which the branch office is subordinate, when that sub-office is authorised to grant warrants of payment. The depositor, therefore, or other person presenting the pass-book and application will, except when the account is at one of the selected sub-offices, be informed of the date on which he should come to the post office to receive payment, and will retain his pass-book. On presentation of the pass-book on the date mentioned or any subsequent date within one week after the arrival of the warrant of payment, the amount will be paid to the depositor or other person presenting the pass-book and his receipt will be taken, in all cases without a receipt stamp, upon the warrant. The necessary entries will then be made in the pass-book, under the initials of the sub or branch postmaster, and attested by the stamp of the office.

NOTE.—In the case of an application to withdraw from (a) a minor's account, (b) a security deposit account, (c) any of the conjoint accounts specified in rule 44, payment cannot, in any circumstances, be made until a warrant of payment is received from the head office.

INTEREST.

30. Interest will be allowed, until further orders, at the rate of 3 per cent. per annum on all deposits at call, and at the rate of $3\frac{1}{2}$ per cent. per annum on all deposits requiring six months' notice of withdrawal, subject to the condition stated in this rule. This interest will be allowed for each calendar month on the lowest balance at credit of an account between the close of the fourth day and the end of the month: provided that interest shall be allowed only on sums of complete rupees, and that it shall be calculated according to the tables* appended to these rules, in which all fractions of a pie are discarded: provided also that interest shall not be allowed on any sum in excess of Rs. 2,000 (or of Rs. 1,000, if the account was opened on behalf of a minor) whether the balance of the account is at call, or subject to six months' notice of withdrawal, or partly at call and partly subject to six months' notice of withdrawal.

NOTE 1.—When an order has been issued to close an account, interest ceases to accrue from the first day of the month in which the order is issued (see end of rule 34).

NOTE 2.—Interest on the account of a deceased depositor ceases to accrue from the first day of the month in which notice is issued to the person or persons recognised by the Postmaster-General as entitled to receive the balance of the account. No interest will be allowed on money deposited after his death in the account of a deceased depositor.

31. The interest calculated as above for each month will be added each year to the balance of each account. Depositors should present their pass-books as soon as possible after the 15th June, in order that the necessary entries may be made in them. If the pass-book be not presented for this purpose, the entry will be made on the next occasion when a deposit is made or when money is withdrawn.

NOTE 1.—Pass-books of depositors in sub and branch post offices will be sent to the head office for the entry of interest under this rule.

NOTE 2.—No balance will be struck in the pass-book after the 31st March until interest has been added for the past year.

TRANSFER OF ACCOUNTS.

32. A depositor may have his account transferred, free of charge, to any post office that is a Savings Bank, provided that the account shall have been in existence for three months previous to the transfer. If he should wish to transfer his account, he must present his pass-book personally, or send it to the post office, and must in either case make a written

* Owing to the facts (1) that the entries in the first column of these tables are arranged in units of rupees up to ten rupees only, and thereafter, in complete multiples of ten rupees, and (2) that fractions of a pie in the interest columns have been discarded, there will be a defect of one pie, in some cases, in calculating the interest on sums in excess of ten rupees which are not complete multiples of ten rupees. For example, according to table I the interest allowed on Rs. 19 for one month is 8 pies, whereas the actual interest, excluding the fraction of a pie, is 9 pies.

application for transfer. The pass-book will be returned to the depositor, who should present it as soon as possible at the post office to which his account has been transferred, with a fresh specimen of his signature.

NOTE 1.—Accounts cannot be transferred from one head post office to another between the 16th and 31st March, both days inclusive.

NOTE 2.—Accounts ordered to be closed cannot be transferred.

NOTE 3.—The pass-book of a depositor in a sub or branch post office will first be sent to the head office to have the orders authorising the transfer entered in it.

CLOSING AN ACCOUNT.

33. (1) Accounts in which the entire balance at the credit of the depositor is at call may be closed at any time, but accounts in which the whole, or a portion, of the balance is subject to six months' notice of withdrawal, cannot be closed until the expiry of the period of notice which should be given in accordance with rule 26 (1), except in the cases provided for in rule 34.

(2) When a depositor wishes to close his account, he must present his pass-book with a form of application for withdrawal of the amount shown at his credit in the pass-book. The amount of interest due on his account up to the end of the calendar month preceding the date of presentation will be entered in the pass-book, and a final balance struck. The amount will then be paid to the depositor, and his receipt taken on the warrant of payment. The pass-book will be retained in the post office. If the application to close an account be presented at a sub or branch office, the same procedure will be followed as in the case of an ordinary withdrawal, except that the pass-book will be retained, and that the application and pass-book will, when interest is due, be in all cases sent to the head office for the warrant of payment, even when the sub-office is itself authorised to grant warrants of payments for ordinary withdrawals.

NOTE.—The rule (*see* rule 13) which prevents a depositor from withdrawing money from his account more than once a week does not apply to the closing of an account, that is to say, an account may be closed within the week in which a withdrawal has been made.

34. If an order to close an account be issued by the Postmaster-General or the Comptroller, Post Office, under these rules, notice in writing will be sent to the depositor requiring him to present his pass-book and receive payment of the balance at his credit as soon as convenient. After the date of such notice, no deposit will be accepted on the account, and no interest will be allowed upon the balance after the end of the calendar month preceding such date.

34A. An account opened on behalf of a minor must, if still open, be closed by the person on whose behalf it was opened, on his attaining the age of 18 years. When the late minor is not in India and delay would cause substantial hardship, the Postmaster-General may allow the late guardian to close the account (on behalf of the late minor) on his indemnifying the Post Office against loss from any future claim. If a minor after attaining the age of 18 years still remains a minor by law or order of a court of justice, his guardian must close the account on the minor completing 18 years of age. Interest on an account opened on behalf of a minor ceases to accrue from the first day of the month in which the minor attains the age of 18 years.

RE-OPENING AN ACCOUNT.

35. A depositor who has once closed an account cannot open another account until after the expiration of three months from the date of closure without the permission of the Comptroller, Post Office; and a depositor whose account has been closed by order cannot open a fresh account in any case without the permission of the authority which ordered it to be closed.

DEAD ACCOUNTS.

36. Accounts in respect of which no transactions have taken place for the periods specified below will be treated as "dead" and no subsequent deposit or withdrawal will be

allowed in the case of such accounts without the previous orders of the Comptroller, Post Office :

When the balance of the account	And when no sum has been deposited or withdrawn and no interest added for
does not exceed R 10	8 complete years.
" " " 100	6 " "
exceeds " 100	12 " "

NOTE 1.—By "transaction" in this rule is meant not only a deposit or withdrawal but also the presentation of the pass-book for the entry of interest

NOTE 2.—A dead account does not lapse to Government, but may be re-opened at any time on the application of the depositor, and the interest that has accumulated will be added to the principal when the account is revived.

PROCEDURE TO BE FOLLOWED IN CASES OF SUCCESSION AND GUARDIANSHIP.

37. If a depositor should die, leaving in a Post Office Savings Bank a balance, whether in cash or in Government securities, or both, not exceeding one thousand rupees, and if probate of his will, or letters of administration of his estate, or a certificate granted under Act VII of 1889, be not produced to the Postmaster-General within three months of the death of the said depositor, the Postmaster-General may pay the said sum of money to any person appearing to him to be entitled to receive it or to administer the estate of the deceased.

NOTE.—Payment under this rule may be made from accounts the whole, or a portion, of the balance of which is subject to six months' notice of withdrawal, without requiring that notice to be given.

38. Balances, whether in cash or Government securities, or both, in excess of R1,000 may only be paid on production of probate, letters of administration, or a certificate under Act VII of 1889, unless otherwise ordered by the Director-General of the Post Office, who has discretionary power to dispense with such evidence in cases where he is of opinion that to require it would cause hardship, and that to dispense with it would involve no appreciable risk. If the balance in excess of R1,000 be that of a cash deposit account opened on behalf of a deceased minor—the balance of which, excluding interest, cannot under these rules exceed R1,000—the discretionary power may be exercised even if the condition of hardship be not established.

NOTE.—The Note below rule 37 applies also to this rule.

39. If any depositor becomes insane or otherwise incapable of managing his affairs, and if such insanity or incapacity be proved to the satisfaction of the Postmaster-General, then the Postmaster-General may, from time to time, make payment out of the deposits to any proper person. Where a committee or manager has been duly appointed to administer the depositor's estate, nothing in this rule authorises payments to any person other than such committee or manager.

40. The deposits of non-commissioned officers and soldiers of the British Army who die intestate, desert, or become insane or otherwise incapable of managing their affairs, will be made over, on application, to the President of the Committee of Adjustment.

41. When any person other than the father, or, if the father is dead, the mother claims to withdraw money from an account opened on behalf of a minor as being the guardian of such minor, the Postmaster-General may authorise the applicant to withdraw money from the account for the minor's use, in accordance with the following rules :—

- Where the applicant claims to be guardian under the law, on production of proof of the claim to the satisfaction of the Postmaster-General.
- Where the applicant claims as guardian duly appointed by will or deed, on production of the documents supporting the claim.
- Where the amount of the account does not exceed R250 and the applicant does not claim to be guardian under clause (a) or clause (b), upon his giving evidence to the satisfaction of the Postmaster-General that he (the applicant) is the guardian of the minor.

- (d) Where the amount of the account exceeds R250 and the applicant does not claim to be guardian under clause (a) or clause (b), upon the applicant producing a certificate of administration granted under Act VIII of 1890.
- (e) In any case of doubt the applicant (not being the father or mother of the minor) may be required to produce a certificate of administration, under Act VIII of 1890, before payment is made to him.

NOTE.—An authority given by the Postmaster General under (e) will not hold good for a subsequent withdrawal if the balance of the account then exceeds R250.

PUBLIC ACCOUNTS.

42. The following special conditions govern the opening of "Public Accounts" and their transactions:—

- (a) Accounts may be opened by secretaries, treasurers, or managers of the funds of any dispensary, church or other religious institution, school, orphanage, asylum or library, or of any other funds contributed, for purposes other than the private or personal advantage or amusement of the contributors. Race, racquet, billiard, mess and similar funds, the objects of which are of a private or personal nature, cannot be allowed accounts.

Illustration.—The funds of regimental and public bands, which are maintained for purposes other than private advantage or amusement, are admissible.

Explanation (1).—A library fund is admissible, even though the library is open only to subscribers.

" (2) If an Institution has two or more distinct funds which cannot, under their constitution and in accordance with the conditions imposed by the donors, be amalgamated, an account is admissible for each such fund.

" (3) The prohibition of current accounts when applied to a public account extends only to the use of the account for full details of the income and expenditure of the fund and does not prevent the periodical credit of subscriptions or other receipts, or the periodical withdrawal of money for expenditure; e.g., a building fund raised for the erection of a church or charitable institution is admissible.

- (b) Secretaries, treasurers, or managers of societies registered under the Co-operative Credit Societies Act, 1904 (X of 1904), may be allowed accounts.
- (c) Secretaries and managers of benevolent funds (that is, funds formed by mutual subscription as an insurance against domestic misfortune) may be allowed accounts.
- (d) Officers of Government or of public institutions, such as railway and steamer companies, and the like, who collect subscriptions, voluntary or departmental, from their subordinates for departmental purposes, may be allowed accounts.

Explanation.—For the purpose of this rule, the term "Officers of Government" includes any officer of the Government of a Native State the Posts of which have been amalgamated with the Imperial Post.

- (e) Public accounts of the kind specified above must be designated by names indicating the objects to which the money is devoted, as *A—pore Dispensary Fund*, *Workmen's Sick Fund*, etc., and information must be given in writing regarding the object and source of income of the fund.
- (f) Each new public account must be authorised by the Postmaster-General before it is opened. The Postmaster-General is empowered to direct that a public account be closed should its object at any time be such that the account could not, under the rules, be opened as a public account.
- (g) In every case in which the holder of a public account, other than a public account held by an officer of Government in his official capacity, is changed, a fresh declaration (*see* rule 18) must be filled up.
- (h) The limitations laid down in rule 6 are not meant to prevent any person from opening more than one *ex-officio* or public account.
- (i) The prohibition against deposits in the name of two or more persons jointly (*see* rule 9) does not apply to public accounts.
- (j) The annual limit of R200 and the maximum limit of R2,000 for deposits (*see* rules 11 and 12), as well as the maximum limit of R2,000 for calculation of interest (*see* rule 30), do not apply to public accounts. But no public

account may have at any time more than R10,000 at its credit, exclusive of interest for the current year, and no interest will be credited on any sum in excess of R10,000.

- (k) The amount of withdrawals within twelve consecutive months from the deposits at call at the credit of a public account is limited to R2,000, unless the person who holds the account gives notice to the post office at which the account stands of his intention to make additional withdrawals. The notice must specify the amount to be withdrawn and be given one month in advance by means of an ordinary letter addressed to the postmaster which should specify the date on which it is intended to make the withdrawal, and if it is intended to withdraw the amount in two or more instalments, specific information must be given in the notice as to the number of instalments and the amount and date of withdrawal of each instalment. In the case of deposits subject to six months' notice of withdrawal, six months' notice must be given under the provisions of rule 26 (1) before any withdrawal can be made.
- (l) In the form of declaration (*see* rule 18), which every intending depositor is required to sign, the words "I further declare that I have no account in my own name at any Post Office Savings Bank" should be scored through in the case of a public account.

43. No account may be allowed for money—

- (1) which is the property of Government, or
- (2) which has been received for credit of Government, or
- (3) which has been drawn from the Treasury for expenditure on account of Government, or
- (4) which is raised by taxation, either local or municipal, or
- (5) which is collected or received or held in trust by any public officer or court in accordance with any law, provided that the money is the property of Government.

NOTE 1.—Nothing in this rule prevents the opening of a public account for money which is not the property of Government by the Managers of funds held in trust for the relief of the poor, for the provision of education or medical relief, or for the advancement of any other object of general public utility, irrespective of whether such Managers are public officers or not.

NOTE 2.—Nothing in this rule prevents the opening of an account for a judicial deposit in accordance with a special order passed by a court of law in a particular case directing the investment of the money in the Post Office Savings Bank. Such an account, when admitted, is subject in every respect to the rules and limitations which govern ordinary private accounts.

REGIMENTAL, POLICE, AND OTHER CONJOINT ACCOUNTS.

44. The following special conditions govern the opening of the conjoint accounts specified below and their transactions:—

- (a) The Commanding Officer of a Native Regiment may open a single account with the Post Office Savings Bank on account of the men of his regiment, making his own arrangements about the separate accounts of the individuals, and about the distribution to them of the interest credited upon the conjoint account. In other respects the account shall, except when the contrary is stated, be subject to the general rules for other accounts. The Commanding Officer must, when opening the account, sign a certificate, that, to the best of his belief, the money is the property of the men of the regiment.
- (b) District Superintendents of Police, and Officers in command or charge of any Police Force, may open similar accounts on account of the men of the Police Force under their command or charge.
- (c) Chairman of District Boards and Municipalities are also allowed to have similar accounts on account of servants of such Boards and Municipalities, in accordance with rules which may be sanctioned from time to time by Local Governments.

NOTE.—This rule shall not be held to prevent any native soldier, or any member of the Police Force or any servant of a District Board or Municipality opening an account of his own in his individual capacity.

- (d) The annual limit of R200 and the maximum limit of R2,000 for deposits (*see* rules 11 and 12), as well as the maximum limit of R2,000 for calculation of interest (*see* rule 30), do not apply to accounts opened under this rule.
- (e) Except with the special sanction of the Director-General, the amount of withdrawals within twelve consecutive months from the deposits at call at the credit of an account opened under this rule is limited to R2,000, unless the person who holds the account gives notice to the post office at which the account stands of his intention to make additional withdrawals. The notice must specify the amount to be withdrawn and be given one month in advance, by means of an ordinary letter addressed to the postmaster which should specify the date on which it is intended to make the withdrawal, and if it is intended to withdraw the amount in two or more instalments, specific information must be given in the notice as to the number of instalments and the amount and date of withdrawal of each instalment. In the case of deposits subject to six months' notice of withdrawal, six months' notice must be given under the provisions of rule 26 (1) before any withdrawal can be made.
- (f) In the form of declaration (*see* rule 18) which every intending depositor is required to sign, the words "I further declare that I have no account in my own name at any Post Office Savings Bank" should be scored through in the case of accounts opened under this rule.

SECURITY DEPOSIT ACCOUNTS.

45. The following special conditions govern the opening of security deposit accounts and their transactions:—

- (a) Government servants, servants of railway companies, of local authorities and of courts of wards who are required by their employers to deposit security, contractors who are required by Government or local authorities to deposit security, and persons who are authorised under section 202 of the Sea Customs Act, VIII of 1878, to act as agents for the transaction of business in any custom house on behalf of the public, and are required under that section to deposit security, may be allowed separate accounts for the security deposit only.

Explanation.—For the purpose of this rule, the term "Government servants" includes any servant of the Government of a Native State the Posts of which have been amalgamated with the Imperial Post.

NOTE.—Local authority means any body corporate, municipal committee, or other persons legally entitled to the control or management of any local or municipal fund or legally entitled to impose any cess, rate, duty or tax upon any persons within any local area.

- (b) A person undertaking more than one work or contract at the same time may be allowed a separate account in respect of each.
- (c) The maximum limit for each separate account is R500, and the amount may be deposited in a single sum or by instalments, and either at call or subject to six months' notice of withdrawal.
- (d) A person may open a security deposit account either in his own behalf or on behalf of another person. More than one account, however, may not be opened as security for the same person in respect of the same work or contract.
- (e) A security deposit account may be opened in the joint names of the persons undertaking the same work or contract.
- (f) The depositor will be required to sign a letter (in a form prescribed by the Director-General) addressed to the postmaster, undertaking not to make any claim on the Savings Bank for the principal of the sum deposited, except with the express written sanction of the person referred to in the letter to whom the security is pledged; not to object to the payment by the Bank of the whole or part of the principal to such person on his claiming it, and not to make any claim for interest from the date on which interest has ceased to accrue owing to the payment of the principal to such person or from the date on which such person has sanctioned the repayment of the deposit.

- (g) The officer to whom the security is pledged as above may, with the consent of the person pledging the security, open an account for such security in his own name, e.g., "Executive Engineer, A—pore, on account of security of A. B." In this case the deposit will be received from the officer to whom the security is pledged and the pass-book will be issued to him.
- (h) Interest on security deposits will accrue and be paid in the usual manner, subject to the conditions specified in the letter mentioned in clause (f) of this rule.
- (i) The prohibition against the transfer of an account until it has been in existence for three months (*see* rule 32) does not apply to security deposit accounts.
- (j) In the form of declaration (*see* rule 18), which every intending depositor is required to sign, the words "I further declare that I have no account in my own name at any Post Office Savings Bank" should be scored through in the case of a security deposit account.

INVESTMENTS.

PURCHASE OF GOVERNMENT SECURITIES.

46. (1) Any person whether previously a depositor in the Post Office Savings Bank or not may invest through the Post Office in Government securities, in one of the $8\frac{1}{2}$ per cent. loans, specifying in his application either the sum to be invested or the nominal value of the securities to be purchased: provided that the sum to be invested or the nominal value of securities to be purchased shall be in whole rupees, and not less than R10: provided also that the total amount invested in any one official year from the 1st of April to the 31st of March shall not exceed R1,000 and that the total amount invested through the Post Office, after deducting any sum sold through the Post Office, shall not exceed R5,000 in the case of an adult or R4,000 in the case of a minor.

(2) If the nominal value of securities purchased is less than R100, an Investment Certificate will be issued. If the nominal value of the securities is R100, the investor may have either an Investment Certificate or a whole piece of Government paper for the amount, and if the nominal value of the securities is above R100, he may have either (i) an Investment Certificate for the entire amount, or (ii) whole pieces of Government paper of R100 or any multiple of R100, and an Investment Certificate for the remainder, provided that the remainder is not less than R10.

NOTE.—In the case of all applications for the purchase of Government securities, either the whole or a portion, of the balance standing at the credit of the depositor's Savings Bank account may be made available, or a special deposit made, for the purpose of providing the amount required.

(3) When whole pieces of Government paper are required, the investor has the option of requesting, in his application, that the paper should remain in the custody of the Comptroller, Post Office, or be delivered to him. When paper is to be delivered to the investor, it will be enfaced for payment of interest at the district treasury and be forwarded to the post office for delivery to the investor. In the case of Government securities represented by an Investment Certificate, the securities will remain in the custody of the Comptroller, Post Office, and no paper can be delivered to the investor or enfaced for payment of interest at the treasury.

(4) Applications for Investment Certificates and Government Promissory Notes must be made on separate forms of application prescribed by the Director-General of the Post Office. If the applicant is already a depositor in the Post Office Savings Bank, he should present his pass-book with his application; if he is not already a depositor, a pass-book will be prepared and delivered to him.

(5) When an application for an Investment Certificate is presented at a head or a sub post office, an Investment Certificate, signed by the head or sub postmaster as the case may be, will be handed to the investor *across the counter of the post office*. When the application is presented at a branch post office, an Investment Certificate will be obtained for the investor from the head office or the sub-office to which the branch office is subordinate. The Comptroller, Post Office, will fix the rate at which Government securities represented by Investment Certificates can be purchased. This rate will be communicated to head and sub postmasters and will remain in force until it is changed by the Comptroller.

(6) Two or more Investment Certificates may, at any time, be exchanged for a single certificate of their aggregate value. The certificates to be exchanged must be presented at the local post office, entered in the form of application prescribed for the purpose by the Director-General of the Post Office.

(7) Applications for Government promissory notes presented at any post office will be forwarded to the Comptroller, Post Office, at Calcutta, who will take the necessary steps for the purchase. *The investor will be charged with the actual price paid for the Government promissory notes.* When the pass-book is presented at the post office, the transactions connected with the investment will be noted therein.

NOTE 1.—The annual limit of Rs.1,000 and the maximum limit of Rs.5,000 for investments through the Post Office do not apply to investments in connection with public accounts, with regimental, police, and other conjoint accounts, or with security deposit accounts.

NOTE 2.—No portion of the balance of an account which is subject to six months' notice of withdrawal may be withdrawn for the purpose of investment in Government securities until the expiry of the notice prescribed by rule 26(1).

SALE OF GOVERNMENT SECURITIES.

47. (1) Any depositor may apply for sale through the Post Office of the whole, or of any portion, of any Government securities which may have been purchased for him through the Post Office, whether held by himself or held for him by the Comptroller, Post Office; provided that, if only a portion of the Government securities is specified for sale, the nominal value of this portion must not be (1) less than Rs.10 or (2) such a sum as would leave a balance of securities of the nominal value of less than Rs.10.

(2) Applications for the sale of (i) investment certificates, and (ii) Government promissory notes, must be made on separate forms of application prescribed by the Director-General of the Post Office. In the former case, the application must be accompanied by the investment certificates, and the securities will be sold at the same rate as that fixed by the Comptroller, Post Office, for the purchase of securities represented by investment certificates. In the latter case, such of the Government promissory notes to be sold as are not held by the Comptroller, Post Office, must be presented with the application endorsed in favour of the Comptroller, and these, together with any Government promissory notes in the custody of that officer which are specified for sale, will be sold at the current market rate.

(3) The results of sale will be intimated to the depositor by the Comptroller, Post Office, through the postmaster concerned with the least possible delay after the receipt of the application. The proceeds of sale, together with any interest that may be due, will be credited to the depositor's Savings Bank account in the first instance. If the annual or total cash limit of his account is thereby exceeded, the excess will not bear interest and must be withdrawn by the depositor.

NOTE.—Securities purchased in the name and on behalf of a minor cannot be sold during the minority except by the minor's legally constituted guardian, and the definition of guardian in rule 1 of these rules does not apply to the sale of such securities.

SAFE CUSTODY OF GOVERNMENT PROMISSORY NOTES.

48. (1) A depositor may tender at a Post Office Savings Bank for safe custody by the Comptroller, Post Office, Government promissory notes which have been purchased for him through the post office. The tender must be made on the form prescribed by the Director-General, and the notes tendered must be endorsed to the Comptroller, Post Office.

(2) A depositor may also, at any time, apply through the local post office for the delivery to him of any Government promissory notes which have been purchased for him through the Post Office. The application must be made in the form prescribed by the Director-General of the Post Office.

INTEREST ON GOVERNMENT SECURITIES.

49. So long as Government securities purchased through the Post Office remain in the custody of the Comptroller, Post Office, under rules 46 (3) and 48 (1), interest when due* will be drawn and advised to the local post office Savings Bank by the Comptroller, Post Office, for credit to the depositor's account. If the annual or total cash limit of the account is exceeded, the excess will not bear interest.

*NOTE.—In the case of Government securities represented by investment certificates, interest will, for the present, be due on the 1st May and 1st November of each year.

50. No fee, commission, or brokerage of any kind is charged for the purchase, sale, safe custody or delivery out of custody of Government securities bought through the Post Office or for the realisation and remittance of interest on such securities. So long as Government securities purchased through the Post Office remain in the custody of the Comptroller, Post Office, under rules 46 (3) and 48 (1), the interest thereon is exempt from income-tax.

POWER OF GOVERNMENT TO ALTER RULES.

51. The Governor-General in Council reserves the right to alter or add to these rules at any time.

INLAND OFFICIAL POSTAL ARTICLES.

338. Official postal articles will be transmitted by post under the following conditions:—

- (a) The conditions as to rates of postage, size, shape, manner of packing, and contents hereinbefore prescribed for the different classes of un-official postal articles and the rules under which such articles may be registered, insured, or sent value-payable are also applicable to official postal articles of the same classes.
- (b) The weight of an official postal article, whether a letter, packet, or parcel, must not exceed 600 tolas.
- (c) Official postal articles, whether the postage is prepaid or not, must bear the superscription "On His Majesty's Service," and this must be supported by the signature and official designation—to be entered in the lower left-hand corner of the article—of the officer who sends the article, or of the Head Clerk or Superintendent of his office or other responsible officer to whom the duty of despatching is confided.

Explanation 1.—Service postcards bear the inscription "On H. M. S." printed immediately above the impressed stamp. In their case, therefore, no further superscription is required.

Explanation 2.—Postmasters may recognise abbreviated designations provided they are generally known; but no official can claim the recognition of an abbreviation, the rule being that the designation shall be entered in full.

Explanation 3.—Postmasters may recognise fac-simile impressions of signatures made by means of stamps, but not such impressions when lithographed or otherwise produced. Public officers who use such stamps, must make arrangements for their proper custody and use; and where there is any reason to suspect the misuse of any such stamp or the absence of proper precaution against its misuse, postmasters may decline to recognise the stamp impression and require strict adherence to the rule. Printed names will not be recognised in lieu of signatures except in the case of official gazettes in open covers, posted in large numbers by the office of publication.

- (d) Service stamps affixed to an article which does not bear the prescribed superscription supported by the signature and official designation of the sender will not be recognised by the post office in payment of postage.
- (e) The delivery and re-direction of articles superscribed "On His Majesty's Service" are governed by the official designation (when given) of the addressee.

On an unpaid letter, postcard, or packet The prepaid rate.
On an insufficiently paid letter, postcard, or packet The deficiency.

(2) In cases where it is not thought advisable to entrust postage stamps to a subordinate official who has to correspond with, or to send returns to, a superior, he may be allowed by his superior to post to him official articles, other than parcels, without prepaying the postage; and the same course may be adopted in other cases where it is found convenient or proper to make the postage charge fall on the receiving office.

NOTE.—The prepayment of postage on parcels is compulsory.

340.
Persons entitled to send articles at official rates.

- The following persons are entitled to send official postal articles on His Majesty's Service, subject to the conditions noted against each:—
- (a) All Government officials, except those who are on leave or have retired from the service, provided that the articles posted by them are *bona fide* and exclusively on His Majesty's Service.
 - (b) The Registrars of the Universities of Calcutta, Madras, Bombay, Allahabad, and the Punjab, and of the Educational Syndicate, Burma, provided that the articles posted by them relate solely to the public business of the University.
 - (c) The Astronomer in charge of the G. V. Jaggarao Observatory, Vizagapatam, provided that the articles posted by him relate solely to the business of the Observatory.

341.
Local Fund Officials.

Correspondence sent by an officer of a local authority or by any officer of the Government acting in a capacity connected with a local authority, such as the President or Secretary of a Local Fund Committee, is not deemed official correspondence within the meaning of these rules, and may not be superscribed as On His Majesty's Service. But nothing in this clause is held to prevent the transmission On His Majesty's Service of correspondence sent by an officer of the Government, acting as such, although the correspondence may relate to the affairs of a local authority.

Illustration.—The Commissioner of a Division, writing in that capacity to the Secretary of a Local Fund Committee concerning its affairs, may superscribe the letters "On His Majesty's Service".

342.
Procedure if ordinary stamps used for service stamps.

The postage and other charges (if any)—on an official postal article can be properly prepaid only by a proper service stamp or stamps. Where, however, an ordinary postage stamp instead of a service stamp is used on an official postal article, the article will be recognised as an official postal article by the Post Office; but the irregularity will be brought by the officer in charge of the post office at which the article was so posted, to the notice of the officer concerned, and if of frequent occurrence, to that of the Postmaster-General.

Note.—Service stamps, envelopes and postcards are not sold at post offices, but are obtainable by Government officials at Government Treasuries.

343.
Letters, etc., from Government officers to private persons, and vice versa.

(1) Letters, postcards, and packets posted by officers of the Government in their official capacity, addressed to private individuals or associations, will, even when they relate to the private interests and concerns of the individuals or associations addressed, be sent as official postal articles, prepaid by means of service stamps.

(2) Letters, postcards, and packets, sent by private persons to officers of the Government relating to the affairs of the Government if superscribed "Service Unpaid" will be charged, on delivery, with postage at the rates to which they would have been liable if the postage had been prepaid, and not at double rates as in the case of ordinary articles: provided that any article so sent is addressed to the full official designation of the officer for whom it is intended, and that it has been endorsed under the full signature of the sender, according to the specimen form given on the margin.

<i>Service Unpaid.</i>	
To	THE DISTRICT SUPERINTENDENT OF POLICE,
	LUCKNOW.
	<i>Signature of sender.</i>

NOTE.—The prepayment of postage on parcels is compulsory.

Explanation.—Under the provisions of this rule may be sent reports regarding the occurrence of crime from a zemindar to a Police officer, returns required to be sent from employers of labourers to the Protector, and any similar reports or returns authorised to be so sent.

344.
Postage due articles.

The amount of postage marked as due on postal articles delivered under the superscriptions of "Service Unpaid" or "On His Majesty's Service" will be initialed by the postmaster, or other officer, authorised in this behalf by the Postmaster-General. Officers of the Government are bound to receive, and to pay any postage which may be due on articles addressed to them under the superscription "On His Majesty's Service" and bearing the signature in full of the sender.

FOREIGN OFFICIAL POSTAL ARTICLES.

**347.
Official correspondence.**

Official correspondence transmitted by the foreign post, with the exception of correspondence exchanged with Ceylon, is subject to the same rates and governed by the same rules as ordinary private correspondence. Service stamps may be used on official correspondence addressed to the United Kingdom or British possessions only. If service stamps are used for the prepayment of postage, they must be supported by the superscription and signature prescribed by clause 343 (c) relating to inland official postal articles.

**348.
Postage due.**

The amount of postage marked as due on postal articles received by the foreign post for delivery to officers of the Government will be initialed by the postmaster, or other officer, authorised in this behalf by the Postmaster-General, of the office of delivery.

**349.
Prepayment of postage.**

In the case of official letters (not newspapers or other articles) sent by British Packet to or from the public functionaries, departments, etc., in London, Edinburgh, and Dublin having special accounts for foreign letter postage with the London Post Office, the prepayment of postage is not necessary if such letters are superscribed as "On His Majesty's Service," under the full signature and official designation of the sender; but when such letters are presented for registration or insurance, or are presented after the usual closing time, the registration fee and (in the case of insurance) the insurance fee, or the late fee must always be prepaid by means of service stamps affixed to the articles in the ordinary way.

The public functionaries, departments, etc., in London, Edinburgh, and Dublin which have accounts with the London Post Office are mentioned below. Letters for His Majesty the King-Emperor, Her Majesty the Queen, and His Royal Highness the Prince of Wales, as also correspondence for the Privy Purse and other Departments of His Majesty's Household, are treated in the same way as official correspondence for the Government Departments mentioned below:—

N.B.—The official letters received by *British Packet* from the public functionaries or departments in London, Edinburgh, and Dublin above enumerated are marked by the London Post Office with the red "official paid" stamp which is the authority for delivery in India without charge. In some cases, however, articles which have been received enclosed in official letters of the above description are reposted in India under the impression that the frank of the public office in London will carry them to destination free of charge. But this is not the case, the only letters recognised as official being those described above as bearing the London Post Office "official paid" stamp, and those which under the preceding rules are franked by public officers in India.

CORRESPONDENCE FOR CERTAIN HIGH GOVERNMENT OFFICERS WHEN ON THE MOVE.

INLAND ARTICLES.

350.
 "Camp articles" and special bags.

(1) In order to meet the convenience of certain high officers of Government when on tour or when their head-quarters are changed, the Post Office will do its best, subject to the following conditions, to deliver to these officers, wherever they may be at the time, *fully prepaid* unregistered and uninsured inland *camp articles* of the letter mail, *i.e.*, inland registered and unregistered letters, postcards, newspapers, and book and pattern packets (whether official or private) addressed "Camp" *without the addition of the name*

of any post-town. Such articles are enclosed in *special mail bags* for each officer so long as he is absent from his head-quarters: otherwise they are delivered to him in the ordinary way through the post office at his head-quarters along with other articles for him addressed to that post-town. A *registered list* is placed in every special bag and in it are detailed the registered articles, if any, enclosed in the bag. The registered articles should be tallied with the registered list, and the list as well as the receipts accompanying the articles should be signed and returned, with the empty bag, to the postal official delivering the mail.

(2) Camp articles only can be included in special bags and no distinction can be made either between official and private articles or between articles addressed by name and those addressed by designation. Articles addressed to a post-town can be sent only to that post-town; and no article whether addressed "Camp" or to a post-town can be redirected in transit. An article which is addressed neither to a post-town nor "Camp" will be sent to the head-quarters station of the officer concerned.

(3) Parcels, insured articles, value-payable articles, and articles on which any charge is due cannot be delivered in special bags, and should, therefore, be addressed to a post-town: such articles if addressed "Camp" or without the addition of a post-town will be sent to the head-quarters station.

NOTE.—Office files and other official papers may also be transmitted by post to or from the camp of a high officer to whom these rules are applicable. Such files and papers may be sent either as letters or as packets, at the option of the sender, and, if desired, they may be enclosed in a bag (to be provided by the sender) to which an address label should be securely attached. Whether sent as letters or as packets, and whether or not a bag is used, postage, at the ordinary official rates, should be *fully prepaid* on the articles by means of service stamps. The articles will in all cases be forwarded by letter post and those addressed to the camp of the high officer will be included in the special mail bags made up for him.

351.

Tour programmes of high officers entitled to special bags.

(1) To enable arrangements to be made for the delivery of an officer's camp correspondence, it is essential that he should give the Post Office timely and exact information as to his movements. This information should be furnished in the form of a *tour programme* showing the dates, with times, on which the officer will start from and arrive at each place to be visited, the route to be followed, the halts to be made, and how the several journeys will be performed (whether by regular or special train, by steamer or boat, by carriage, etc.).

(2) The following table shows the high officers entitled to the privilege of special bags, with the postal address to be adopted for this purpose as regards each officer, and the name of the postal authority to whom the tour programme should, in each case, be furnished:—

<i>High officer.</i>	<i>Postal address.</i>	<i>Postal authority to be furnished with tour programme.</i>

Postmaster-General, Madras (<i>Madras</i>). Postmaster-General, Burma (<i>Rangoon</i>). Deputy Postmaster-General, Central Provinces (<i>Nagpur</i>). Deputy Postmaster-General, Rajputana (<i>Ajmer</i>).

Hon'ble the Resident in Hyderabad (Deccan).	"Hyderabad Residency Camp"	Ditto ditto.
Hon'ble the Resident in Kashmir.	"Kashmir Residency Camp"	Postmaster-General, Punjab and N.-W.-F. (<i>Lahore</i>).

(8) The tour programme should be furnished *well in advance* of the date on which the tour is to commence and instructions should, at the same time, be issued to correspondents

as to how letters, etc., intended for delivery on tour are to be addressed. It is suggested that with these instructions a specimen form of address thus—

H. E. the Viceroy and

Governor-General of India,

VICEROY'S CAMP

(Name, etc.),

or Mily. Secy. to H. E. the Com-
mander-in-Chief in India,

C.-IN-C.'s CAMP

be added to the published tour programme.

(4) In the event of any alteration being subsequently made in the tour programme—such as a deviation from the intended route, a longer or shorter halt at any place than at first contemplated, a journey by road or otherwise to a place off the intended route—the earliest possible information, with details, should be given to the postal authority to whom the tour programme was originally furnished and also direct to the local Superintendents of Sorting, and, in the case of the tour programmes of Their Excellencies the Viceroy and the Commander-in-Chief, also to the head of the local postal and sorting circles (Postmaster-General or Deputy Postmaster-General and Inspector-General of Sorting) concerned. A list of the heads of postal and sorting circles is given at page 212 of this *Guide* and Superintendents of Sorting are located at the following stations, viz., Ajmer, Allahabad, Bangalore, Bankipore, Bombay, Calcutta (C. Division), Calcutta (E. Division), Jhansi, Lahore, Lucknow, Madras, Multan, Nagpur, Rangoon, Silchar and Trichinopoly.

352.

Articles for persons accompanying high officers on tour.

With the tour programme may also be furnished, at the option of the high officer concerned, a list of the persons comprising his tour party. The Post Office, however, does not recognise the right of such persons to the privilege extended to the high officers in question, nor does it make any special arrangements in respect of their correspondence, though all letters, etc., if sent "care of" a high officer, are dealt with in the same way as correspondence for the latter. So far as the Post Office is concerned, it is immaterial whether the addressee of an article directed "Camp" is or is not with the high officer whose address it bears, as the article will be disposed of in accordance with that address. Similarly, an article for any member of the tour party addressed to a post-town cannot be sent elsewhere except by redirection at that post-town. The only use made by the Post Office of the list referred to above is to regard it, in the absence of other orders, as instructions for the redirection of the correspondence of the persons named in it received at the head-quarters of the high officer concerned.

FOREIGN ARTICLES.

353.

Application generally of inland arrangements to foreign articles.

The arrangements described in the three preceding clauses (350 to 352) apply also generally to the foreign correspondence received in India by the P. & O. weekly mail steamers from Europe arriving at Bombay, except that such correspondence must be addressed according to one or other of the specimen forms given at the end of this Section and may be redirected at Bombay, *but nowhere else*, to any particular post-town as may be desired by the addressee from time to time. Special attention is directed to the Note at the head of the specimen forms, and persons desirous of availing themselves of this measure *should instruct their foreign correspondents* as to the particular address to be used.

354.

Special foreign mail bags.

As in the case of inland camp articles, the arrangements apply only to *fully prepaid* unregistered and uninsured letter mail articles (i.e., registered and unregistered letters, postcards, newspapers, and book and pattern packets) addressed in accordance with the specimen forms referred to in the preceding clause. A separate mail consisting of such articles will be made up at sea by the Aden-Bombay Sea Post Office, and this mail will be sorted at Bombay by the Railway Mail Service into special bags for each of the high officers named in clause 351, an additional bag being closed for the "Supreme Government" (Specimen address No. 2) containing articles for any of the Departments of the Government of India. This bag will be sent (in accordance with instructions issued by the Commerce and Industry Department to the Superintendent of Sorting, Foreign Mails, Bombay) to either Calcutta or Simla where the bag will be opened by the Post Office and the contents delivered to the addressee in the ordinary way. All the other special bags will be disposed of according to the latest tour programme of each high officer con.

cerned, that is, an officer's special foreign mail bag will be forwarded for delivery to him on tour or at his head-quarters station, as the case may be.

355. Foreign parcels, insured articles, and articles on which any charge is due cannot be sent in these special bags. Such articles bearing any of the addresses given in the specimen forms referred to in **clause 353** will be dealt with either by the Bombay post office in communication with the Superintendent of Sorting, Foreign Mails Bombay, or under the orders of that officer.

356. Any person expecting letters, etc., in any one of these special bags, and desiring them to be delivered at any particular post-town, should instruct the Superintendent of Sorting, Foreign Mails, Bombay, to cause his letters, etc., to be taken out and redirected at Bombay according to his instructions. The officer named will be ready to attend to all such instructions, provided that they are not of a complicated character.

Specimen forms of address referred to in clauses 353-355.

NOTE.—The undermentioned forms of address, as will be observed, contain the name of no post-town, and this point should be particularly noted, as the insertion of the name of any post-town in the address will result in the article being sent to that post-town, instead of being included in the special bag:—

SECTION IX—PASSENGER SERVICE.

KALKA-SIMLA LINE.

357.

Booking Offices.

Passengers from Kalka to Simla or any of the intermediate stations of Dharmpur, Kumarhatti or Solon can be booked at the Kalka Railway station mail office, either in advance, or for immediate departure on the arrival of day trains. Expresses can also be engaged at the Dharmpur, Kumarhatti and Solon agencies on giving 24 hours' notice to the booking agents there. Passengers from Simla can be booked, either in advance, or for immediate departure, at the Simla General Post Office. After this office has closed for the day, passengers who wish to travel on the following day may be booked at the Simla tonga terminus office, which will be available for this purpose until the office at the Simla General Post Office re-opens in the morning.

NOTE.—As the number of carriages and seats is limited, the rules in this section are subject to the condition that carriages or seats are available.

358.

Applications.

Applications for *ddks* or seats must be made in the prescribed form of requisition on which are printed the conditions under which *ddks* are supplied by Government. The intending passenger is required to sign the requisition in token that he accepts the conditions. If an application is made in any other form by letter or by telegram, a prescribed form will be sent to the applicant for signature if there is time to do so; otherwise, a form will be presented for signature by the booking clerk at the time and place of starting, and the passenger must sign the requisition before the conveyance will be allowed to start. Forms of requisition are obtainable *gratis* at every Booking Office. Applications for *ddks* addressed to the Superintendent of the line are transferred to the Booking Offices. Fares must be paid in advance at the Booking Office: no passenger can be booked until his fare has been paid and a warrant issued.

NOTE.—Booking Agents have orders not to supply *ddks* until the requisition form is signed.

359.

Description of conveyances.

Tongas, landaus, and invalid carriages are ordinarily used for the journey between Kalka and Simla (58 miles). Phaeton-tongas when available may be engaged by obtaining the permission of the Superintendent.

360.

Express and ordinary conveyances.

Passengers can travel by "express" "mail conveyance" or "ordinary conveyance." At "express" is a reserved passenger conveyance, and persons engaging an express must pay the charge for the entire conveyance, even though all the seats be not occupied. The mail conveyances carry the Calcutta and Bombay mails between Kalka and Simla; these conveyances, in which seats are sometimes available for passengers, run straight through to Simla and are not allowed to halt for passengers to take meals, or for any other purpose, at any place on the road. The "ordinary conveyances" carry local and parcel mails, but seats are usually available for passengers. Tongas, phaeton-tongas, landaus, and invalid carriages, when available, can be engaged as expresses, but a passenger by ordinary conveyance is entitled only to a seat in a tonga. Seats in mail conveyances and ordinary conveyances are granted only when the weight of the mails admits of passengers being conveyed, and passengers are required to pay only for the seats they occupy.

361.

Expresses.

(1) Expresses start, as far as practicable, at the hour desired by the hirers. The Booking Agent will, at the time of booking, inform the traveller at what hour an express can be supplied, and the traveller should decide then at what hour he will start. The hour so fixed must be strictly adhered to, otherwise the traveller will be liable to forfeit his fare. No express will be allowed to leave Kalka for Simla, or *vice versa*, earlier than 3 A. M. or later than 2 P. M. Passengers leaving between 2 and 6 P. M. must break journey on the road at any of the sub-agencies of Dharmpur, Kumarhatti or Solon and pay the fee for breaking journey. Night travelling is dangerous and strictly prohibited and no *ddk* can therefore be booked to leave after 6 P. M.

(2) Expresses may start from, or be driven to, any hotel or Dak Bungalow in Kalka for the purpose of taking up, or setting down, passengers. Expresses leaving Simla must

start from, and expresses arriving in Simla must not proceed beyond, the tonga terminus except with the permission of the Municipal Committee when a station fare of Rs. 5 must be paid to the Tonga Agent.

362. (1) The maximum number of passengers and weight of luggage allowed to be carried in an express are as follows :—
Fares and Luggage by Express.

Class of Conveyance.	Maximum number of passengers allowed.	Maximum weight of luggage allowed.

The child will be carried free if not above 3 years of age, and at the fare for half a seat if over three years of age, i.e., six rupees by a tonga and 8 rupees by a landau.

NOTE 3.—Passengers are not allowed to occupy the places required for the coachman and syce or to load the splash-board of the vehicle. Booking agents have orders to see that this rule is strictly observed.

NOTE 4.—Vehicles if overloaded will not be permitted to start.

(2) Luggage in excess of the maximum allowable cannot be carried in an express. But when sent by any ordinary or mail vehicle it will be charged at the rate of Rs. 2½ for each 20 seers or fraction of that weight. Prepayment of such charges is compulsory.

(3) The rates for an express from Kalka to Simla or from Simla to Kalka are as follows, viz. :—

	Rs.
For a tonga or phaeton-tonga	35
For a landau or invalid carriage	50

For other journeys the rates are as follows in either direction :—

Description of Conveyance.	Between Kalka and Solon, any distance.	Between Solon and Simla, any distance.	Between Dharmpur or Kumarhatti and Simla.
Tonga or phaeton-tonga	Rs. 20	Rs. 30	Rs. 35
Landau or invalid carriage	30	30	40

NOTE.—From the 1st March to the 30th April, and from the 1st October to 30th November, no expresses can be booked to and from stations between Kalka and Simla except on payment of the fare for the whole distance between these two places, viz., Rs. 35 for an express tonga, or phaeton-tonga, and Rs. 50 for an express landau or invalid carriage.

A traveller by express on payment in advance of the prescribed fee may break journey at any point by previous arrangement with the Booking Agent from whom he obtains his warrant. The fee prescribed for a break of journey is Rs. 5 per express for each day or fraction of a day during which the break of journey continues. Should a traveller break journey without previous arrangement, the break will be held to terminate the journey.

NOTE.—A halt for not more than one hour in order to obtain a meal does not constitute a break of journey.

364.
Return tickets.

Return tickets are not issued.

365.
Fares and luggage by ordinary conveyances.

(1) The maximum number of passengers allowed to travel in an ordinary conveyance is three; but the number of passengers allowed is liable to reduction with reference to the weight of the local and parcel mails.

(2) The fare by ordinary conveyance is Rs. 12 for each passenger over any distance, in either direction. Children not above three years of age travel free; children above 3 but not above 12 years of age are charged half the above fare.

(3) The approximate times of departure are at present as follows :—

Leave Kalka for Simla at	8-30 A.M.
Leave Simla for Kalka at	1-30 P.M.

(4) Private cheque presented by the public will not be accepted by the Post Office in payment of tonga fares.

INLAND TELEGRAMS.

380. (1)

Rates.

There are three classes of telegrams—Urgent, Ordinary, and Deferred,—and the following are the rates of charge for State and Private telegrams between any two offices in India (including Burma):

Class.	Unit No. of words.	Unit rate.	Each additional word.	Address.
		Rs. a. p.	Rs. a. p.	
Urgent	16	3 0 0	0 4 0	Charged for.
Ordinary	16	1 0 0	0 3 0	Ditto.
Deferred	10	0 4 0	0 1 0	Ditto.

(2) The address includes the name of the office to which the telegram is to be transmitted, the name, or designation (or both), and the address of the addressee, and at the sender's option, his own name, or designation (or both), and his address. The name of the office of destination (or the office to which the telegram is to be transmitted) is counted as one word, irrespective of the actual number of words and initials which it may contain. For instance, "*Malia Hatina, B. G. J. P.*" will count as one word. Care should be taken that the office to which the telegram is to be transmitted is written as given in the list of Telegraph Offices published in the *Telegraph Guide*, but the letters, names of districts and Provinces printed in italics after the names of offices need not be given. The sender's name or designation may be in an abbreviated form in conformity with usage, or may be replaced by a registered address, or may be omitted altogether.

(3) The name of the office of origin, and the Sender's Special Instructions, such as *Reply prepaid one rupee, Express paid, etc.*, are not charged for.

(4) 'Deferred' telegrams are not transmitted till the wires are clear of *Urgent* and *Ordinary* telegrams; but they are delivered by messengers between 5 h. and 21 h. These hours are subject to modification to suit local requirements. 'Ordinary' telegrams are transmitted in their turn after *Urgent* telegrams, and are delivered by messengers between 5 h. and 21 h. These hours are subject to modification to suit local requirements. 'Urgent' telegrams receive instant transmission, and have precedence over *Ordinary* telegrams, and the right of special delivery at destination.

The addressee's name and address may be written in an abbreviated form. However, in order that a telegram so addressed may be delivered, the addressee must have registered the abbreviated address at the Telegraph Office, to which the telegram is addressed.

(5) A Multiple telegram, *i.e.*, a telegram addressed to several persons in the same locality or in different localities served by the same telegraph office, or to the same person at several addresses in the same locality or in different localities served by the same telegraph office, is charged for as a single telegram; but a copying fee of four annas per 100 words *plus* four annas for the excess is charged for each destination after the first. If delivery is to be effected by different telegraph offices (except local telegraph offices) it is charged for as so many separate telegrams and must be written on separate telegram forms. (*See clause 377.*)

381. (1) The following are the rates charged for Press telegrams:—

Class.	Unit No. of words.	Unit rate.	Each additional six words.	Address.
		Rs. a. p.	Rs. a. p.	
Ordinary	48	1 0 0	0 3 0	F
Deferred	48	0 8 0	0 1 0	Ditto

(2) Though classed for the purposes of the tariff schedule as "Ordinary" and "Deferred", Press messages will receive the privilege of being despatched as if they were classed "Urgent" and "Ordinary," respectively. Multiple Press messages, whether all the addressees are in the same town or not, are charged for at the rate of the full amount for the first addressee, plus a copying fee of four annas per 100 words, or fraction thereof, for each addressee after the first.

TELEGRAMS FOR CEYLON.

382.
Rates.

The following are the rates charged for telegrams to Ceylon. All words in addresses, except the name of the office from which a telegram is sent, are counted when computing the charges:—

		For each word.		
		Rs.	A.	P.
From any Office in India	:	0	8	0
From any Office in Burma	:	0	4	0

TELEGRAMS TO EUROPE.

383.
Rates.

The following are the rates charged for telegrams transmitted to the United Kingdom and Europe generally, except Russia and Turkey. All words in addresses, except the name of the office from which a telegram is sent, are counted when computing the charges:—

		For each word.		
		Rs.	A.	P.
From any Office in India and Burma	:	1	8	0
	:	1	6	0

In foreign private telegrams in any plain language, other than plain English or the vernacular languages of India or Ceylon, the sender must certify at the foot of the telegram form (or at the back if more convenient) that the messages do not contain combinations or alterations of words contrary to the usage of the language; or if the telegrams are worded in code language, that the words are not combinations of two or more words in plain language contrary to the usage of the language. These certificates are not required in the case of foreign State telegrams.

TELEGRAMS FOR ONWARD TRANSMISSION BY POST.

384.
By Inland Post.

In the case of a telegram for a place in India at which there is no Telegraph Office or to be posted to a place out of India to which Indian inland postal rates apply, *e.g.*, Aden and Ceylon, the sender should address the telegram to the Telegraph Office by which it is to be made over to the Post Office, thus—

To	(Office)	Simla,
	Official Instructions	(Post)
To {	(Name)	Mr. A. Smith,
	(Address)	Kotgarh.

The Telegraph Office will understand from the above that the telegram is to be telegraphed to Simla, and there delivered to the post office for transmission to Mr. A. Smith at Kotgarh. No charge is made for postage.

INLAND TELEGRAMS TO BE POSTED AT INDIAN PORTS TO PLACES IN OTHER COUNTRIES.

385.
By Foreign Post.

(1) In the case of a telegram intended for any place abroad, telegraphed to the Indian port of despatch of the mails, the following additional charges must be paid to cover postage and registration:—On a telegram to be posted to the United Kingdom or any British Possession which has joined the Penny Postal Union, one anna if the message is to be posted unregistered, and three annas if it is to be posted registered. To

other countries, three annas, and five annas, respectively. Thus, a telegram prepaid in telegraph stamps with one anna in addition to the Inland telegraph charge, and addressed—

To	(Office)	.	.	.	Bombay,
	<i>Official Instructions</i>	.	.	.	(Post)
To {	(Name)	.	.	.	Messrs. H. S. King & Co.,
	(Address)	.	.	.	9, Pall Mall, London.

will be telegraphed to Bombay and forwarded thence by post to the London address. If three annas in addition to the Inland Telegraph charge be prepaid, the telegram will be sent by post registered, in which case the words "*Post registered*" and not "*Post*" should be inserted in the *Official Instructions*. Any telegram intended for transmission abroad which may be received in the port of despatch too late for registration will be posted unregistered.

(2) In the case of these telegrams a full postal address is necessary to ensure delivery. Registered abbreviated Telegraphic addresses cannot be used.

TELEGRAMS TO BE POSTED AT FOREIGN PORTS BY SEA POST.

335.
By Sea Post.

Foreign telegrams can also be telegraphed to any foreign port to be posted to other places by sea post.

SECTION XII.—PAPER CURRENCY DEPARTMENT.

387.
Constitution.

This Department is constituted under Act III of 1905 of the Government of India for the issue of Government Currency Notes.

388.
Offices of issue and circles of legal tender.

The following is the arrangement of the offices for the issue of notes and the territories within which they are a legal tender. The subordinate offices of issue are under the control of Deputy Commissioners:—

Commissioners.	Head offices of issue.	Circles or geographical limits within which notes are a legal tender.	Subordinate offices of issue.	Circles of issue or geographical limits within which notes are a legal tender.
Head Commissioner—Comptroller-General.	Calcutta.	All the territory under the Lieutenant-Governors of Bengal and of Eastern Bengal and Assam.	Allahabad. Lahore.	The territory under the Lieutenant-Governor of the United Provinces of Agra and Oudh. The territory under the Lieutenant-Governor of the Punjab, and the Chief Commissioner of the N.-W. Frontier Province.
Commissioners—Asstt. General, Madras.	Madras.	All the districts in the Madras Presidency not particularised under Calcutta.	Calcutta.	The districts of Malabar, South Canara, Coimbatore, Nilgiri Hills, and Coorg.
Commissioner—Asstt. General, Bombay.	Bombay.	All the districts of the Presidency of Bombay Proper and the Central Provinces.	Karachi.	The Province of Sind.
Commissioners—Asstt. General, Burma.	Rangoon.	All the territory under the Lieutenant-Governor of Burma.	None.	—

389.
Issue of notes.

Notes of the following denominations, *viz.*, Rs. 5, 10, 20, 50, 100, 500, 1,000, and 10,000 are issued without any limit for current legal tender silver coin of the Government of India or gold coins, whether coined at His Majesty's Royal Mint in England or at any Mint established in pursuance of His Majesty's order as a Branch of His Majesty's Royal Mint, at the rate of fifteen rupees for one sovereign, from every office.

390.
Payment of notes.

Five Rupee notes of all circles except Rangoon are payable at all offices of issue throughout India except Burma; other notes are payable at the office of issue, and notes of subordinate circles are also payable at the office of the Presidency Circle to which those circles are subordinate; but for the accommodation of certain classes of the public, notes of other circles are cashed at any office to the extent that the convenience of each office will permit. In ordinary circumstances every Treasury Officer in British India cashes or exchanges notes, if he can do so without inconvenience; and when this cannot be done conveniently, small sums can generally be exchanged for travellers.

391.
Where legal tender.

Every note is a legal tender in its own circle, except by Government at the Office of Issue; that is to say, whenever a note forms the integral sum or a portion, of any payment whatever either to Government, to Companies or to individuals, it is a legal tender. A note may be tendered in payment of a debt less than the value

of the note, but the payee is not legally bound to accept it and give change.

392.
Notes of any circle received in certain cases.

Notes of any circle can be tendered to any department of Government in payment of dues, and travellers may pay notes of any circle to the railways.

393.
Lost notes.

When any holder of a note loses a whole note of Rs. 50 or upwards if he will inform the Currency Office where the note was issued (i.e., 'Head Office of Issue' or 'Subordinate Office of Issue') of his loss, its number will be entered in a list denominated the "List of Lost Notes," provided that it has not already been cashed. But if the note has been cashed before receipt of report of loss, information as to the name and address of the presenter can be obtained on payment of a search fee of Rs. 1-8 for each note.

394.
Procedure in tracing lost notes.

The payment of a genuine currency note cannot be "stopped," as all entire currency notes are payable to bearer on demand. The Currency Department, however, registers the loss of notes from Rs. 50 and upwards when correct details, viz., serial letter and number, and general number (*see* clause 399) are given, and sufficient cause shown and informs the loser and the local Police when the note is cashed. For further action in the matter the loser should communicate with the Police, as it is not within the province of the Currency Department to trace back lost or stolen notes. No claim for the value of a lost or stolen note, except on presentation of the note itself, can be entertained.

395.
Responsibility regarding lost notes.

The Currency Department, having informed the loser and the local Police that the lost note in question has been encashed by a certain person on a certain date, places the loser in a position to recover, if possible, his lost property, but does nothing more. There is no legal liability upon the Department to pay the value of a note, except upon presentation across the counter of a Currency Office.

396.
Payment of lost notes.

The Currency Department cannot legally refuse to pay a note, even if stolen. When the presenter of it is not known to anyone in the office and cannot satisfy the Currency Officer as to his respectability and as to the correctness of the name and address which he gives, he is paid the value and pointed out to the Police. Stolen or lost notes are, however, seldom presented by the thief, but generally, after having passed through several hands, are presented by a Bank or some other *bond fide* holder. Any person who receives a note in *bond fide* transactions and in good faith is the legal possessor, notwithstanding that the note may have been previously stolen.

397.
Custody of notes.

The number of notes traced to wrongful possession out of those notified as lost is quite insignificant. The public are therefore warned that, practically, the precautions taken with regard to a lost note do not lead to detection of thefts, and the only plan is for the public to take care of their notes as they would of coin.

398.
Notes lost in post.

In order to minimise the chances of the loss of notes in transit through the post, the public should follow the instructions given in clauses 42 and 116.

399.
"No." of a note defined.

Each currency note has a serial letter and No. and a general No. thus: $\sqrt[16]{10106}$ —Serial letter "V," serial No. "16," general No. 10106. No action can be taken with reference to any note until it has been thus fully described, or identified in all these details.

400.
Payment of half or mutilated notes.

(1) A half note represents no value, nor has a person holding only one-half of a note any claim to recover value when the other half has been transferred, either by him or by the last legal holder of the entire note, to the legal possession of another person. When one-half of a note is lost, the other half should be sent to the Currency Office of the circle of issue to which the note belongs, and an application for refund of the value of the note made by the person who last held simultaneously both halves of it. Government are

under no legal liability to refund value on half notes, but payment may be made as a concession, if the Commissioner or Head Commissioner of Paper Currency thinks such a course warranted by the facts of the case.

(2) A mutilated or charred note represents no value. Payment can be made only as a concession, and the decision rests, in the first instance, with the Currency Officer, and then, in cases of doubt or appeal, with the Commissioner or Head Commissioner of Paper Currency.

401.
Notes altered.

When any portion of a note has been erased, inked over, cut out burnt through, or otherwise altered, so as to throw doubt on the identity of the note, or to make it appear as another note, payment on it may altogether be refused, and the note impounded.

402.
Mismatched notes.

A mismatched note represents no value, but the Currency Department is willing to hold such notes on behalf of depositors, and to pay value on them on receipt of either one or both of the corresponding halves as mismatched notes. Further, if a mismatched note remains in deposit for three years and no payment has been made on it in the meantime, value on it is paid on the expiration of the above period.
